We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Note 1 Summary of Significant Accounting Policies, *continued*

Cash

For the purposes of cash flows, the Company considers all highly liquid debt instrument purchases with a maturity of ninety days or less to be cash equivalents. The carrying amount of these instruments approximates fair value because of their short maturity.

Use of Estimates

Management of the Company has made estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with generally accepted accounting principles. Actual results could differ from those estimates.

Asset Retirement Obligations

SFAS and PSC rule requires utilities to determine if they have any assets meeting the criteria to recognize asset retirement obligations.

A review of the SJNG assets including easements and right of way agreements does not indicate any legal obligation to remove, or a time frame or expiration of agreement requiring removal of plant or equipment.

Any future requirement to remove gas distribution systems cannot be determined as to the point in time that this would be required, nor can a cost of removal be reasonably determined, nor that substantial removal would be required.

Therefore SJNG is not recognizing any asset retirement obligations under SFAS 143 for the years ending 2007 and 2006.

Natural gas sales to large commercial customers have declined over the past seven years due to changes in the local industrial economy. Sales to small and large commercial accounts are approximately 24% of total gas revenue for 2007 and 23% for 2006. The majority of natural gas sales are to the residential market.

Because of the closure and bankruptcy of Florida Coast Paper Company, LLC, and in accordance with the terms of the agreement dated September 8, 1997, the prepaid gas account is no longer accessible by Florida Coast Paper Company, LLC. The resulting balance of the prepaid gas account reverts to income to St. Joe Natural Gas Company, Inc. Under Florida Public Service Commission order PSC-01-1274-PAA-GU, the deferred income amount will be included in income equitably over the next 31 years. In accordance with SFAS71, income will be recognized for financial statement presentation the same as for regulatory purposes. The income amount recognized for 2007 and 2006 was \$50,922 annually.

Note 6 Provision for Income Taxes, *continued*

The tax effects of temporary differences that account for significant portions of the deferred tax assets and the deferred tax liabilities at December 31, 2007 and 2006 are presented below.

	2007	2006
Deferred tax assets:		
Deferred income, partially due to differences in recognition allowed by Public Service Commission regulation and income tax reporting purposes under Internal Revenue code section 481(a)	\$ 537,761	\$ 470,203
Deferred tax liabilities:		
Property and equipment, principally due to differences in depreciation for income tax reporting purposes	(589,586)	(533,252)
Net deferred tax asset (liability)	\$ (51,825)	\$ (63,049)

There is no valuation for deferred tax assets. The Company expects that the results of future operations will generate sufficient taxable income to allow for the utilization of deferred tax assets.

Note 7 Retirement Plan

The Company adopted a defined contribution plan based on contributions of up to 15% of salaries and bonuses effective January 1, 1988. All employees 21 years of age and older and have completed six months of service are eligible to participate in the plan. The Company elected to make a contribution to the plan for 2007 and 2006.

Note 8 Purchased Gas Costs Adjustments

The Florida Public Service Commission (FPSC) requires that the sale of gas be revenue neutral. The Company is allowed to recover the costs of purchased gas through customer billings. Rates are set annually based on the projected cost of gas. The over or under recovery of gas costs must be recorded, and rates adjusted accordingly in the subsequent year. The over and under recovery does not generate deferred tax assets or liabilities. The purchased gas cost adjustments are reported the same for financial and income tax reporting purposes. As of December 31, 2007 and 2006 the Company had purchased gas cost credit adjustment amounts of \$143,089 and \$225,186 respectively.

Note 9 Related Party Transactions

As disclosed in Note 4, a director of the Company held a promissory note in the amount of \$150,000 secured by 660 shares of the company's stock that was paid off during 2007. The note had an interest rate of 8.0% compounded annually. The Florida Public Service Commission, under Proposed Agency Action proceedings limited the allowed interest rate on this loan to 8.0% compounded annually for rate making purposes.

The line of credit in use also disclosed in Note 4 is owed to the same director of the Company, but the loan is being serviced under a Loan Servicing Agreement dated November 1, 2007 by Bayside Savings Bank.

Note 10 Florida Public Service Commission Regulatory Action

In a 2001 rate case the Florida Public Service Commission determined that for rate base purposes, the equity of the Company is limited to 60% regardless of the actual equity amount in the company. The FPSC also approved an 11.5% rate of return on the imputed equity amount. There was no action with the FPSC regarding a rate case during 2007 and 2006.

Note 11 Dividends

The Company did not declare dividends for the years ending December 31, 2007 and 2006.

Note 12 Prior Period Adjustment

An adjustment was made to retained earnings for the year ended December 31, 2007 relating to an excise tax credit. This adjustment increased retained earnings by \$11,720, reduced deferred income taxes by \$11,224, and reduced prepaid income taxes by \$496.

Note 13 Subsequent Events

St. Joe Natural Gas Company, Inc. filed a request to increase gas and service rates with the Florida Public Service Commission. The rate case was assigned docket number 070592-GU. The case is still under review by the Florida Public Service Commission. While the Company expects a positive impact on future earnings from the rate case filings, the effective date and amounts of rate adjustments (if any) have not been determined.
