

Independent Auditors' Report

Board of Directors and Stockholders
Chesapeake Utilities Corporation

We have audited the accompanying financial statements of Chesapeake Utilities Corporation – Florida Division, which comprise the balance sheets - regulatory basis as of December 31, 2020 and 2019, and the related statements of income - regulatory basis for each of the two years in the period ended December 31, 2020 and the statement of retained earnings - regulatory basis for the year ended December 31, 2020, and the related notes to the financial statements, included on pages 6 through 11 of the accompanying Annual Report of Natural Gas Utilities, as filed with the Florida Public Service Commission.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Florida Public Service Commission, which is substantially equivalent to the accounting requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities, and proprietary capital of Chesapeake Utilities Corporation – Florida Division as of December 31, 2020 and 2019, and its income and expenses for the years then ended in accordance with the financial reporting provisions of the Florida Public Service Commission, which are substantially equivalent to the accounting requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases described in Note 1.

Regulatory Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. As described in Note 1 to the financial statements, the financial statements are prepared by Chesapeake Utilities Corporation – Florida Division on the basis of the financial reporting provisions of the Florida Public Service Commission, which are substantially equivalent to the accounting requirements of the Federal Energy Regulatory Commission as set forth in its applicable Uniform System of Accounts and published accounting releases, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Restriction on Use

Our report is intended solely for the information and use of the board of directors and management of Chesapeake Utilities Corporation and Chesapeake Utilities Corporation – Florida Division and for filing with the Florida Public Service Commission and is not intended to be and should not be used by anyone other than these specified parties.

**ANNUAL REPORT OF
NATURAL GAS UTILITIES**

FLORIDA DIVISION OF CHESAPEAKE UTILITIES CORPORATION
(EXACT NAME OF RESPONDENT)

208 Wildlight Ave
Yulee, FL 32097
(ADDRESS OF RESPONDENT)

TO THE

FLORIDA PUBLIC SERVICE COMMISSION

FOR THE

YEAR ENDED DECEMBER 31, 2020

Officer or other person to whom correspondence should be addressed concerning this report:

Name	Michael Cassel	Title Assistant Vice President, Regulatory & Governmental Affairs
------	----------------	---

Address	208 Wildlight Avenue, Yulee, FL 32097
---------	---------------------------------------

Telephone No.	(561) 252-0250
---------------	----------------

PSC/ECR 020-G (12/03)

INSTRUCTIONS FOR FILING THE ANNUAL REPORT OF NATURAL GAS UTILITIES

GENERAL INSTRUCTIONS

- I. Prepare this report in conformity with the Uniform System of Accounts (18 CFR 201) (U.S. of A.). Interpret all accounting words and phrases in accordance with the U.S. of A.
- II. Enter in whole numbers (dollars or Mcf) only, except where otherwise noted. (Enter cents for averages and figures per unit where cents are important.) The truncating of cents is allowed except on the four basic financial statements where rounding to dollars is required. The amounts shown on all supporting pages must agree with the amounts entered on the statements that they support. When applying thresholds to determine significance for reporting purposes, use for balance sheet accounts the balances at the end of the current reporting year, and use for statement of income accounts the current year's amounts.
- III. Complete each question fully and accurately, even if it has been answered in a previous annual report. Enter the word "None" where it truly and completely states the fact.
- IV. For any page that is not applicable to the respondent, enter the words "Not Applicable" on the particular page.
- V. Provide a supplemental statement further explaining accounts or pages as necessary. Attach the supplemental statement to the page being supplemented on 8 1/2 by 11 inch paper. Provide the appropriate identification information on the supplemental page, including the title of the page and the page number. Do not change the page numbers.
- VI. Do not make references to reports of previous years or to other reports in lieu of required entries, except as specifically authorized.
- VII. Wherever schedule pages refer to figures from a previous year, the figures reported must be based upon those shown by the annual report of the previous year, or an appropriate explanation given as to why different figures were used.
- VIII. Report all gas volumes on a pressure base of 14.73 psia and a temperature base of 60° F.

DEFINITIONS

- I. Btu per cubic foot - The total heating value expressed in Btu, produced by the combustion, at constant pressure, of the amount of the gas which would occupy a volume of 1 cubic foot at a temperature of 60° F if saturated with water vapor and under a pressure equivalent to that of 30 inches of mercury at 32° F, and under standard gravitational force (980.665 cm per sec. ²) with air of the same temperature and pressure as the gas, when the products of combustion are cooled to the initial temperature of gas and air when the water formed by combustion is condensed to the liquid state. (Sometimes called gross heating value or total heating value.)
- II. Respondent - The person, corporation, licensee, agency, authority, or other legal entity or instrumentality in whose behalf the report is made.

ATTESTATION

I certify that I am the responsible accounting officer of

CHESAPEAKE UTILITIES CORPORATION

that I have examined the following report, that to the best of my knowledge, information, and belief, all statements of fact contained in the said report are true and the said report is a correct statement of the business and affairs of the above-named respondent in respect to each and every matter set forth therein during the period from January 1, 2020 to December 31, 2020, inclusive.

I also certify that all affiliated transfer prices and affiliated cost allocations were determined consistent with the methods reported to this Commission on the appropriate forms included in this report.

I am aware that Section 837.06, Florida Statutes, provides:

Whoever knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his or her official duty shall be guilty of a misdemeanor of the second degree, punishable as provided in S. 775.082 and S. 775.083.

Name of Respondent CHESAPEAKE UTILITIES CORPORATION - FLORIDA DIVISION	For the Year Ended December 31, 2020
---	---

CONTROL OVER RESPONDENT

1. If any corporation, business trust, or similar organization or combination of such organizations jointly held control over the respondent at end of year, state name of controlling corporation or organization, manner in which control was held, and extent of control. If control was in a holding company organization, show the chain of ownership or control to the main parent company or organization. If control was held by a trustee(s), state name of trustee(s).

2. If the above required information is available from the SEC 10K Report Form filing, a specific reference to the report form (i.e. year and company title) may be listed provided the fiscal years for both the 10-K report and this report are compatible.

The Florida division of Chesapeake Utilities Corporation (d.b.a. Central Florida Gas) is an operating division of Chesapeake Utilities Corporation ("Chesapeake"). The most recent Annual Report or Form 10-K filed with the SEC by Chesapeake contains the organizational structure.

CORPORATIONS CONTROLLED BY RESPONDENT

1. Report below the names of all corporations, business trusts, and similar organizations, controlled directly or indirectly by respondent at any time during the year. If control ceased prior to end of year, give particulars (details) in a footnote.

2. If control was by other means than a direct holding of voting rights, state in a footnote the manner in which control was held, naming any intermediaries involved.

3. If control was held jointly with one or more other interests, state the fact in a footnote and name the other interests.

4. If the above required information is available from the SEC 10-K Report Form filing, a specific reference to the report form (i.e. year and company title) may be listed in column (a) provided the fiscal years for both the 10-K report and this report are compatible.

DEFINITIONS

1. See the Uniform System of Accounts for a definition of control.

2. Direct control is that which is exercised without interposition of an intermediary.

3. Indirect control is that which is exercised by the interposition of an intermediary which exercises direct control.

4. Joint control is that in which neither interest can effectively control or direct action without the consent of the other, as where the voting control is equally divided between two holders, or each party holds a veto power over the other. Joint control may exist by mutual agreement or understanding between two or more parties who together have control within the meaning of the definition of control in the Uniform System of Accounts, regardless of the relative voting rights of each party.

Name of Company Controlled (a)	Kind of Business (b)	Percent Voting Stock Owned (c)	Footnote Ref. (d)
THE FLORIDA DIVISION OF CHESAPEAKE UTILITIES CORPORATION DOES NOT CONTROL ANY OTHER ORGANIZATIONS, BUSINESS TRUSTS, OR CORPORATIONS. HOWEVER, OUR PARENT COMPANY, CHESAPEAKE UTILITIES CORPORATION, DOES DIRECTLY OR INDIRECTLY CONTROL OTHER SUBSIDIARIES. THESE ORGANIZATIONS ARE LISTED IN CHESAPEAKE'S FORM 10-K			

OFFICERS

1. Report below the name, title and salary for each executive officer whose salary is \$50,000 or more. An "executive officer" of a respondent includes its president, secretary, treasurer, and vice president in charge of a principal business unit, division or function (such as sales, administration or finance), and any other person who performs similar policymaking functions.
 2. If a change was made during the year in the incumbent of any position, show name and total remuneration of the previous incumbent, and date the change in incumbency was made.

Title (a)	Name of Officer (b)	Salary for Year (c)
Director, Chairman (FPU), President & CEO (CUC)	Jeffry M. Householder	\$ 51,600
Executive Vice President/Secretary/General Counsel/Chief Policy Risk Officer	James Moriarty	\$ 27,341
Executive Vice President/Chief Financial Officer/Assistant Secretary	Beth W. Cooper	\$ 22,190
President (FPU), Senior Vice President, Pipeline Transmission and Regulated Gas and Electric Distribution (CUC)	Jeffrey S. Sylvester	\$ 24,900
Vice President/Controller	Joseph D. Steinmetz	\$ 14,816
Vice President/Chief Accounting Officer	Michael D. Galtman	\$ 16,820
Chief Information Officer	Vikrant A. Gadgil	\$ 19,124
Vice President/Treasurer	Thomas E. Mahn	\$ 13,913
Vice President	Cheryl Martin	\$ 18,463
Vice President	Shane Breakie	\$ -
Chief Human Resources Officer	Lou J. Anatrella	\$ 20,115
Assistant Vice President	Devon S. Rudloff	\$ 13,346
Assistant Vice President	Michael D. Cassel	\$ 44,879
Assistant Vice President	Barry D. Kennedy (1)	\$ 46,616
Assistant Vice President	Drane A. Shelley	\$ -
Assistant Vice President	Stacie L. Roberts	\$ 12,474
Assistant Vice President	William D. Hancock	\$ 21,605
Assistant Vice President	Jason L. Bennett (2)	\$ 8,078

Note: The fees above represent only that portion allocated to the Florida Division of Chesapeake Utilities Corporation.

(1) Retired Effective December 2020, working as consultant for the Company in 2021

(2) Effective November 2020 Assistant Vice President Operations Services (CUC & FPU)

DIRECTORS

1. Report below the information called for concerning each director of the respondent who held office at any time during the year. Include in column (a) abbreviated titles of the directors who are officers of the respondent.
 2. Designate members of the Executive Committee by an asterisk and the Chairman of the Executive Committee by a double asterisk.

Name (and Title) of Director (a)	Principal Business Address (b)	No. of Directors Meetings During Yr. (c)	Fees During Year (d)
Eugene H. Bayard, Director	909 Silver Lake Blvd., Dover Delaware 19904	8	\$ -

Jeffry M. Householder, Director	909 Silver Lake Blvd., Dover Delaware 19904	8	\$ -

SECURITY HOLDERS AND VOTING POWERS

1. Give the names and addresses of the 10 security holders of the respondents who, at the date of the latest closing of the stock book or compilation of the list of stockholders of the respondent, prior to the end of the year, had the highest voting powers in the respondent, and state the number of votes which each would have had the right to cast on that date if a meeting were in order. If any such holder held in trust, give in a footnote the known particulars of the trust (whether voting trust, etc.) duration of the trust, and principal holders of beneficiary interests in the trust. If the stock book was not closed or a list of stockholders was not compiled within one year prior to the end of the year, or if since the previous compilation of a list of stockholders, some other class of security has become vested with voting rights, then show such 10 security holders as of the close of the year. Arrange the names of the security holders in the order of voting power, commencing with the highest. Show in column (a) the titles of officers and directors included in such list of 10 security holders.

2. If any security other than stock carries voting rights, explain in a supplemental statement of circumstances whereby such security became

vested with voting rights and give others important particulars (details) concerning the voting rights of such security. State whether voting rights are actual or contingent if contingent, describe the contingency.

3. If any class or issue of security has any special privileges in the election of directors, trustees or managers, or in the determination of corporate action by any method, explain briefly in a footnote.

4. Furnish particulars (details) concerning any options, warrants, or rights outstanding at the end of the year for others to purchase securities of the respondent or any securities or other assets owned by the respondent, including prices, expiration dates, and other material information relating to exercise of the options, warrants, or rights. Specify the amount of such securities or assets so entitled to be purchased by any officer, director, associated company, or any of the ten largest security holders.

Name (Title) and Address of Security Holder (a)	VOTING SECURITIES

TOTAL votes of security holders listed below				
The Florida division of Chesapeake , as a division, has no outstanding shares of common stock. Shareholder information for Chesapeake may be obtained through: Beth Cooper Executive Vice President/Chief Financial Officer/Assistant Secretary 909 Silver Lake Boulevard Dover, Delaware 19904				

IMPORTANT CHANGES DURING THE YEAR

Give particulars (details) concerning the matters indicated below. Make the statements explicit and precise, and number them in accordance with the inquiries. Each inquiry should be answered. Enter "none" "not applicable," or "NA" where applicable. If information which answers an inquiry is given elsewhere in the report, make a reference to the schedule in which it appears.

1. Acquisition of ownership in other companies by reorganization, merger, or consolidation with other companies: Give name of companies involved, particulars concerning the transactions.

2. Purchase or sale of an operating unit or system: Give brief description of the property, and of the transactions relating thereto, and reference to Commission authorization, if any was required.

3. Important extension or reduction of transmission or distribution system: State territory added or relinquished and date operations began or ceased also the approximate number of customers added or lost and approximate annual revenues of each class of service.

4. State briefly the status of any materially important legal proceedings pending at the end of the year, and the results of any such proceedings culminated during the year.

5. State briefly the status of any materially important transactions of the respondent not disclosed elsewhere in this report in which an officer, director, security holder, voting trustee, associated company or known associate of any of these persons was a party or in which any such person had a material interest.

Chesapeake Utilities Corporation – Florida Division
Notes to the Financial Statements
Year Ended December 31, 2020

1. Organization and Basis of Presentation

The Florida Division (“we,” “our” or “CFG”) of Chesapeake Utilities Corporation (“Chesapeake Utilities”) is engaged in the distribution of natural gas. We provide only unbundled delivery service. We serve approximately 20,000 residential, commercial and industrial customers in Polk, Osceola, Citrus, DeSoto, Hillsborough, Holmes, Jackson, Gadsden, Gilchrist, Union, Washington and Suwannee counties in Florida. Our rates and services are subject to regulation by the Florida Public Service Commission (“FPSC”).

Our financial statements are prepared in conformity with the accounting requirements of the FPSC, which are substantially equivalent to the accounting requirements of the Federal Energy Regulatory Commission (“FERC”) as set forth in the applicable Uniform System of Accounts and published accounting releases, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (“US GAAP”). The accounting requirements of the FPSC and the FERC applied by us in these financial statements are consistent with US GAAP, except for:

- lack of reclassification of certain negative balances on the balance sheets;
- the presentation of deferred income tax assets and liabilities separately rather than as a single amount;
- the presentation of cost of removal as a component of accumulated depreciation rather than as a regulatory liability;
- lack of detail property, plant and equipment component costs disclosure;
- lack of detail regulatory assets and liability disclosure;
- the omission of the statements of cash flows;
- the omission of the statement of retained earnings for prior year for a comparative presentation;
- the presentation of pass-through revenue taxes, such as gross receipts taxes, franchise taxes and sales taxes, as revenues and operating expenses rather than on a net basis;
- presentation of the components of net benefit costs in operating expenses whereas for U.S. GAAP only the service component is presented in operating expenses; and
- the presentation of operating leases’ right-of-use asset and lease liability in the FERC balance sheet accounts for capital lease assets and liabilities.

Our financial statements include the accounts of the Florida Division of Chesapeake Utilities. We do not have any ownership interest in investments accounted for using the equity method or any variable interests in a variable interest entity. We have assessed and reported on subsequent events through April 29, 2021, the date these financial statements are available to be issued.

On March 13, 2020, the US Centers for Disease Control and Prevention (“CDC”) declared a national emergency due to the rapidly growing outbreak of coronavirus (“COVID-19”). In response to this declaration and the rapid spread of COVID-19 within the United States, federal, state and local governments throughout the country imposed varying degrees of restrictions on social and commercial activity to promote social distancing in an effort to slow the spread of the illness. These restrictions have continued to significantly impact economic conditions in the United States. We are considered an “essential business,” which allows us to continue our operational activities and construction projects while the social distancing restrictions remain in place. In response to the COVID-19 pandemic and related restrictions, we implemented our pandemic response plan, which includes having all employees who can work remotely do so in order to promote social distancing and providing personal protective equipment to field employees to reduce the spread of COVID-19.

Impacts from the restrictions imposed in our service territories and the implementation of our pandemic response plan, included reduced consumption of energy largely in the commercial and industrial sectors, higher bad debt expenses and incremental expenses associated with COVID-19, including personal protective equipment and premium pay for field personnel. The additional operating expenses we incurred support the ongoing delivery of our essential services during these unprecedented times. In the fourth quarter of 2020, we established regulatory assets, as currently authorized by the FPSC, associated with the incremental expenses we incurred as a result of the pandemic. We are continuing to provide timely updates, monitor developments affecting our employees, customers and suppliers, and take the necessary precautions to operate safely and comply with the CDC, Occupational Safety and Health Administration, state and local requirements. Refer to Note 9, *Rates and Other Regulatory Activities*, for further information on the regulated assets established as a result of the incremental expenses associated with COVID-19.

Chesapeake Utilities Corporation – Florida Division
Notes to the Financial Statements
Year Ended December 31, 2020

2. Summary of Significant Accounting Policies

Use of Estimates

Our financial statements are prepared based on the accounting requirements of the FPSC and the FERC, which require management to make estimates in measuring assets and liabilities and related revenues and expenses. These estimates involve judgments with respect to, among other things, various future economic factors that are difficult to predict and are beyond our control; therefore, actual results could differ from those estimates. As additional information becomes available, or actual amounts are determined, recorded estimates are revised. Consequently, operating results can be affected by revisions to prior accounting estimates.

Utility Plant

Utility plant is stated at the lower of original cost less accumulated depreciation or fair value, if impaired. Costs include direct labor, materials and third-party construction contractor costs, allowance for funds used during construction (“AFUDC”) and certain indirect costs related to equipment and employees engaged in construction. The costs of repairs and minor replacements are charged to expense as incurred, and the costs of major renewals and betterments are capitalized. Upon retirement or disposition of utility property, the gain or loss, net of salvage value, is charged to accumulated depreciation.

Customer contributions or advances in aid of construction reduce property, plant and equipment, unless the amounts are refundable to customers. Contributions or advances may be refundable to customers after a number of years based on the amount of revenues generated from the customers or the duration of the service provided to the customers. Refundable contributions or advances are recorded initially as liabilities. The amounts that are determined to be non-refundable reduce property, plant and equipment at the time of such determination. As of December 31, 2020 and 2019 there were \$0.1 million of non-refunded contributions or advances reducing property, plant and equipment.

AFUDC represents the estimated cost of funds, from both debt and equity sources, used to finance the construction of major projects. AFUDC is capitalized in rate base for rate making purposes when the completed projects are placed in service. We did not capitalize AFUDC on utility plant for the years ended December 31, 2020 and 2019, respectively.

Asset Impairment Evaluations

We periodically evaluate whether events or circumstances have occurred which indicate that other long-lived assets may not be fully recoverable. The determination of whether an impairment has occurred is based on an estimate of undiscounted future cash flows attributable to the asset, compared to the carrying value of the asset. When such events or circumstances are present, we record an impairment loss equal to the excess of the assets' carrying value over its fair value if any. We did not record an impairment loss during 2020 or 2019.

Depreciation

We compute depreciation expense by applying composite, annual rates, as approved by the FPSC. Depreciation and amortization expenses are provided at an annual average rate of 2.5 percent for both 2020 and 2019.

In accordance with the accounting requirements of the FERC, we include the accretion of the cost of removal for future retirements of utility assets as depreciation expense. For both of the years ended December 31, 2020 and 2019, \$0.4 million of such accretion was included in depreciation expense. We also report certain depreciation expense, mainly related to vehicle, computer software and hardware, in operation expenses rather than depreciation expense to comply with the accounting requirements of the FERC. For each of the years ended December 31, 2020 and 2019, less than \$0.1 million, of such depreciation was reported as operation expenses.

Regulated Operations

We account for our operations in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 980, *Regulated Operations*. This Topic includes accounting principles for companies whose rates are determined by independent third-party regulators. When setting rates, regulators often make decisions, the economics of which require companies to defer costs or revenues in different periods than may be appropriate for unregulated enterprises. When this situation occurs, a regulated company defers the associated costs as regulatory assets on the balance sheet and records them as expense on the income statement as it collects revenues. Further, regulators can also impose liabilities upon a regulated company for amounts previously collected from customers, and for recovery of costs that are expected to be incurred in the future, as regulatory liabilities. If we were required to terminate the application of these regulatory provisions to our operations, all such deferred amounts would be recognized in the statement of income at that time, which could have a material impact on

Chesapeake Utilities Corporation – Florida Division
Notes to the Financial Statements
Year Ended December 31, 2020

our financial position, results of operations and cash flows.

We monitor our regulatory and competitive environment to determine whether the recovery of our regulatory assets continues to be probable. If we were to determine that recovery of these assets is no longer probable, we would write off the assets against earnings. We believe that provisions of ASC Topic 980, *Regulated Operations*, continue to apply to our operations and that the recovery of our regulatory assets is probable.

Revenue Recognition

Our operating revenues are based on rates approved by the FPSC. We read meters and bill customers on monthly cycles that do not coincide with the accounting periods used for financial reporting purposes. We accrue unbilled revenues for natural gas that has been delivered, but not yet billed, at the end of an accounting period to the extent that they do not coincide.

We do not have any purchased fuel cost adjustments included in our revenues because we provide unbundled delivery service to our customers, whereby our customers are permitted to purchase their gas requirements directly from competitive natural gas marketers.

Operation and Maintenance Expenses

Operation and maintenance expenses are costs associated with the operation and maintenance of our business. Major cost components include operation and maintenance salaries and benefits, materials and supplies, usage of vehicles, tools and equipment, payments to contractors, utility plant maintenance, customer service, professional fees and other outside services, insurance expense, minor amounts of depreciation and other administrative expenses.

Cash and Cash Equivalents

Our cash is held in Chesapeake Utilities' name. Chesapeake Utilities' policy is to invest cash in excess of operating requirements in overnight income producing accounts. Investments with an original maturity of three months or less when purchased are considered cash equivalents.

Accounts Receivable and Accumulated Provision for Uncollectible Accounts

Accounts receivable consist primarily of amounts due for distribution sales of natural gas to customers. An allowance for doubtful accounts is recorded against amounts due to reduce the receivables balance to the amount we reasonably expect to collect based upon our collections experiences and our assessment of customers' inability or reluctance to pay. If circumstances change, our estimates of recoverable accounts receivable may also change. Circumstances which could affect such estimates include, but are not limited to, customer credit issues and general economic conditions. Accounts are written off when they are deemed to be uncollectible.

Inventories

We use the average cost method to value materials and supplies inventory. If market prices drop below cost, inventory balances that are subject to price risk are adjusted to net realizable value.

Pension and Other Postretirement Plans

Pension and other postretirement plan costs and liabilities are determined on an actuarial basis and are affected by numerous assumptions and estimates, including the fair value of plan assets, estimates of the expected returns on plan assets, assumed discount rates, the level of contributions made to the plans, and current demographic and actuarial mortality data. Chesapeake Utilities' management annually reviews the estimates and assumptions underlying our pension and other postretirement plan costs and liabilities with the assistance of third-party actuarial firms.

The assumed discount rates and the expected returns on plan assets are the assumptions that generally have the most significant impact on Chesapeake Utilities' pension costs and liabilities. The assumed discount rates, the assumed health care cost trend rates and the assumed rates of retirement generally have the most significant impact on Chesapeake Utilities' postretirement plan costs and liabilities. A 0.25 percent change in the discount rate could change the Chesapeake Utilities' annual pension and postretirement costs by an immaterial amount. A 0.25 percent change in the rate of return could change Chesapeake Utilities' annual pension cost by an immaterial amount, and would not have an impact on the postretirement and supplemental executive retirement plans because these plans are not funded.

Chesapeake Utilities Corporation – Florida Division
Notes to the Financial Statements
Year Ended December 31, 2020

Income Taxes and Investment Tax Credit Adjustments

Deferred tax assets and liabilities are recorded for the income tax effect of temporary differences between the financial statement basis and tax basis of assets and liabilities and are measured using the enacted tax rates in effect in the years in which the differences are expected to reverse. The portions of our deferred tax liabilities, which have not been reflected in current service rates, represent income taxes recoverable through future rates. Deferred tax assets are recorded net of any valuation allowance when it is more likely than not that such tax benefits will be realized. Investment tax credits on utility property have been deferred and are allocated to income ratably over the lives of the subject property.

We account for uncertainty in income taxes in the financial statements only if it is more likely than not that an uncertain tax position is sustainable based on technical merits. Recognizable tax positions are then measured to determine the amount of benefit recognized in the financial statements. We recognize penalties and interest related to unrecognized tax benefits as a component of other income.

Financial Instruments

Financial assets and liabilities with carrying values approximating fair value include accounts receivable, accounts payable and other accrued liabilities.

FASB Statements and Other Authoritative Pronouncements

Recently Adopted Accounting Standards

Financial Instruments - Credit Losses (ASC 326) - In June 2016, the FASB issued Accounting Standards Update (“ASU”) ASU 2016-13, *Measurement of Credit Losses on Financial Instruments*, which changes how entities account for credit losses for most financial assets and certain other instruments, and subsequent guidance which served to clarify or amend the original standard. ASU 2016-13 and the related amendments require entities to estimate lifetime expected credit losses for trade receivables and to provide additional disclosure related to credit losses. We adopted ASU 2016-13 on January 1, 2020.

Our estimate for expected credit losses has been developed by analyzing our portfolio of financial assets that present potential credit exposure risk. These assets consist solely of our trade receivables from customers and contract assets. The estimate is based on five years of historical collections experience, a review of current economic and operating conditions in our service territories, and an examination of economic indicators which provide a reasonable and supportable basis of potential future activity. Those indicators include metrics which we believe provide insight into the future collectability of our trade receivables such as unemployment rates and economic growth statistics in our service territories.

When determining estimated credit losses, we analyzed the balance of our trade receivables based on business. We have the ability to recover our costs through the rate making process, which can include consideration for amounts historically written off to be included in rate base. Therefore, we possess a mechanism to recover credit losses which we believe reduces our exposure to credit risk.

Our estimate of expected credit losses reflects our anticipated losses associated with our trade receivables as a result of non-payment from our customers beginning the day the trade receivable is established. We believe the risk of loss associated with trade receivables classified as current presents the least amount of credit exposure risk and therefore, we assign a lower estimate to our current trade receivables. As our trade receivables age outside of their expected due date, our estimate increases. Our allowance for credit losses relative to the balance of our trade receivables has historically been immaterial as a result of on time payment activity from our customers.

During the first quarter of 2020, COVID-19 began to rapidly spread within the United States. Federal, state and local governments throughout the country imposed restrictions to promote social distancing to slow the spread of the virus, which has also had the effect of limiting commercial activity. These measures have resulted in significant job losses and a slowing of economic activity across the United States and in the areas that we serve. We have considered the impact of COVID-19 on our receivables for the twelve months ended December 31, 2020, monitored developments that impact our customers’ ability to pay and have revised our estimates of expected credit losses to reflect these impacts.

Chesapeake Utilities Corporation – Florida Division
Notes to the Financial Statements
Year Ended December 31, 2020

Fair Value Measurement (ASC 820) - In August 2018, the FASB issued ASU 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which removes, modifies and adds certain disclosure requirements on fair value measurements in ASC 820. We adopted ASU 2018-13 beginning January 1, 2020 and, since the changes only impacted disclosures, its adoption did not have a material impact on our results of operations or financial position.

3. Transaction with Affiliates

We utilize Chesapeake Utilities’ short-term borrowing facilities and long-term debt to finance our capital requirements. The excess cash generated above our operating cash requirement is held in Chesapeake Utilities’ name. We are allocated a portion of interest expense on Chesapeake Utilities’ short-term borrowing facilities and long-term debt and interest income generated from our excess cash held in Chesapeake Utilities’ name. Chesapeake Utilities allocated a net interest expense of \$1.5 million and \$1.6 million for the years ended December 31, 2020 and 2019, respectively.

At December 31, 2020 and 2019, we had a net advance from Chesapeake Utilities and its affiliates of \$34.6 million and \$33.9 million, respectively. These amounts are reflected accounts payable to associated companies in the accompanying balance sheet.

Chesapeake Utilities provides us with administrative and support services. These services include certain managerial, accounting, information technology, payroll, human resources and treasury. For the years ended December 31, 2020 and 2019, Chesapeake Utilities and subsidiaries charged us \$3.4 million and \$3.1 million, respectively, for these services. Chesapeake Utilities also provides us with shared services which include safety and customer care services. For both years ended December 31, 2020 and 2019, Chesapeake Utilities and subsidiaries charged us \$1.4 million for these services.

Florida Public Utilities Company (“FPU”), a subsidiary of Chesapeake Utilities in Florida, provides us certain managerial, operations, maintenance and customer service functions. For the years ended December 31, 2020 and 2019, FPU charged us \$7.3 million and \$8.0 million, respectively, for these services.

4. Income Taxes

We are included in the Chesapeake Utilities consolidated federal income tax return, along with all of Chesapeake Utilities’ other divisions and subsidiaries. We also file state income tax returns in Florida as part of Chesapeake Utilities. Income taxes are allocated to us based on our taxable income and tax credits as if we were a separate taxpayer. At December 31, 2020, Chesapeake Utilities’ federal income tax returns for 2015 through 2019 are under examination, and no report has been issued at this time. State income tax returns for Chesapeake Utilities for tax years after 2015 are subject to examination.

As of December 31, 2020 and 2019, we did not have net operating losses (“NOL”) for state income tax purposes. Chesapeake Utilities expects to have federal NOL totaling \$6.3 million and \$12.2 million in 2019 and 2018 respectively upon the settlement of the Internal Revenue Service examination described above. Under the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), discussed below, Chesapeake Utilities elected to carry the losses back to 2015 and 2013.

Chesapeake Utilities Corporation – Florida Division
Notes to the Financial Statements
Year Ended December 31, 2020

Tax Law Changes

In March 2020, the CARES Act was signed into law and included several significant changes to the Internal Revenue Code. The CARES Act includes certain tax relief provisions including the ability to carryback five years net operating losses arising in a tax year beginning in 2018, 2019, or 2020. This provision allows a taxpayer to recover taxes previously paid at a 35 percent federal income tax rate during tax years prior to 2018. In addition, the CARES Act removed the taxable income limitation to allow a tax NOL to fully offset taxable income for tax years beginning before January 1, 2021. Chesapeake Utilities' income tax expense for the year ended December 31, 2020 included a tax benefit of \$1.8 million attributable to the tax NOL carryback provided under the CARES Act for losses generated in 2018 and 2019 and then applied back to our 2013 and 2015 tax years in which we paid federal income taxes at a 35 percent tax rate.

On December 22, 2017, President Trump signed into law the Tax Cuts and Jobs Act of 2017 ("TCJA"). Substantially all of the provisions of the TCJA are effective for taxable years beginning on or after January 1, 2018. The provisions significantly impacting us include the reduction of the corporate federal income tax rate from 35 percent to 21 percent. Our federal income tax expense for periods beginning on January 1, 2018 are based on the new federal corporate income tax rate. ASC 740, *Income Taxes*, requires recognition of the effects of changes in tax laws in the period in which the law is enacted. ASC 740 requires deferred tax assets and liabilities to be measured at the enacted tax rate expected to apply when temporary differences are to be realized or settled. During 2018, we completed the assessment of the impact of accounting for certain effects of the TCJA. See Note 9, *Rates and Other Regulatory Activities*, for discussion on effects of TCJA on rate payers.

The components of federal and state income tax expense are:

For the Year Ended December 31,	2020	2019
<i>(in thousands)</i>		
Current	\$ 965	\$ 913
Deferred	476	503
	\$ 1,441	\$ 1,416

Deferred tax expense results primarily from the use of accelerated depreciation for tax purposes and deferred fuel costs. Total income tax expense results primarily from applying the federal income tax statutory rate to book income before tax.

For the Year Ended December 31,	2020	2019
Federal income tax expense, 21% in 2020 and 2019	\$ 1,220	\$ 1,189
State income taxes	243	227
Other	(22)	-
	\$ 1,441	\$ 1,416

Deferred tax assets and liabilities at December 31, 2020 were \$1.0 million and \$12.1 million, respectively. Deferred tax assets and liabilities at December 31, 2019 were \$0.9 million and \$11.5 million, respectively. Deferred tax assets are primarily the result of timing differences associated with storm reserves and state decoupling as well as the impact of rate changes due to the TCJA. Deferred tax liabilities are primarily the result of depreciation-related timing differences.

5. Customer Concentration

We operate entirely in the natural gas distribution business. Our operations include the transportation of natural gas in intra-state commerce. We did not have any customer that accounted for 10 percent or more of our revenue for the years ended December 31, 2020 and 2019.

6. Leases

We have operating lease arrangements for facilities that enable us to better conduct business operations in our service territory, provide adequate workspace for all our employees and to store equipment and materials used in repairs and maintenance for our

Chesapeake Utilities Corporation – Florida Division
Notes to the Financial Statements
Year Ended December 31, 2020

businesses. We recover amounts paid for a lease agreement for pipeline assets owned by a commercial customer for use in providing service to that party through the operational balancing account mechanism of the FPSC’s ongoing purchased gas cost recovery proceedings.

Beginning January 1, 2019, we adopted the new lease standard under ASU No. 2016-02, *Leases*, by recognizing and measuring leases existing at or entered into after January 1, 2019. Upon adoption of the new lease standard, and with the permission from the FERC as provided in Docket No. AI19-1-000, Right of Use (“ROU”) assets and liabilities in connection with operating leases were recorded in the FERC balance sheet accounts that have already been established for capital lease assets and liabilities (Accounts 101.1, 227 and 243). Amounts recorded for the lease assets and the related obligations are reduced by equal and offsetting amount over the lease term. There is no change in the recording of expenses related to lease arrangements which will continue to be recorded in accordance with the FERC’s regulations and only amounts paid under a lease agreement will be recorded in the income statement.

As of December 31, 2020 and 2019, our ROU assets and lease liabilities for operating leases were included within the following FERC accounts:

in thousands

Account	Description		2020		2019
101.1	ROU Asset	\$	598	\$	742
243	ROU Liability - Current	\$	(144)	\$	(145)
227	ROU Liability - Non-Current	\$	(465)	\$	(474)

Rent expense related to these lease agreements was \$0.1 million and \$0.2 million for the years ended December 31, 2020 and 2019, respectively, and will continue to be included within the cost-of-service rates. We have adhered to the FERC requirements as provided in Docket No. AI19-1-000 and are maintaining unique subaccounts to separately identify and track the capitalized operating lease amounts and have in place effective internal controls to ensure there is no impact to the existing ratemaking treatment or practices for leases.

The following table presents the future undiscounted maturities of operating leases allocated to us at December 31, 2020 and for each of the next five years and thereafter:

(in thousands)

	<u>Operating Leases</u>
2021	\$ 161
2022	162
2023	162
2024	11
2025	8
Thereafter	—
Total lease payments	<u>504</u>
Interest	<u>105</u>
Present value of lease liabilities	<u>\$ 609</u>

7. Employee Benefit Plans

Our eligible employees participate in various benefit plans sponsored by Chesapeake Utilities. Chesapeake Utilities allocates to us a portion of the benefit costs associated with these plans. Our share of the costs is based on a portion of the benefits related to providing services to us. For each of the years ended December 31, 2020 and 2019, we recorded the benefit costs of \$0.3 million related to these plans.

Chesapeake Utilities sponsors a defined benefit pension plan (“Chesapeake Utilities Pension Plan”), an unfunded pension supplemental executive retirement plan (“Chesapeake Utilities SERP”), and an unfunded postretirement health care and life insurance plan (“Chesapeake Utilities Postretirement Plan”). Chesapeake Utilities also sponsors other pension and postretirement plans for eligible employees of a specific subsidiary, in which our eligible employees cannot participate.

Chesapeake Utilities Corporation – Florida Division
Notes to the Financial Statements
Year Ended December 31, 2020

Chesapeake Utilities measures the assets and obligations of the defined benefit pension plans and other postretirement benefits plans to determine the plans' funded status as of the end of the year as an asset or a liability on Chesapeake Utilities' consolidated balance sheets. A portion of this asset or liability related to us is reflected on our balance sheet. At December 31, 2020 and 2019, \$0.8 million and \$0.7 million, respectively, of the pension and postretirement benefit liabilities were assigned to us.

Defined Benefit Pension Plans

The Chesapeake Utilities Pension Plan was closed to new participants effective January 1, 1999, and was frozen with respect to additional years of service and additional compensation effective January 1, 2005. Benefits under the Chesapeake Utilities Pension Plan were based on each participant's years of service and highest average compensation, prior to the freezing of the plan. In 2019, Chesapeake Utilities executed a de-risking strategy for the Chesapeake Pension Plan. As a result, during the fourth quarter of 2019, Chesapeake purchased annuities for those retirees currently receiving monthly payments and offered lump-sum payments to terminated vested employees. Accordingly, we were allocated \$0.2 million of the pension settlement expense associated with the de-risking strategy.

The Chesapeake Utilities SERP was frozen with respect to additional years of service and additional compensation as of December 31, 2004. Benefits under the Chesapeake Utilities SERP were based on each participant's years of service and highest average compensation, prior to the freezing of the plan.

The following schedule sets forth the funded status of the Chesapeake Utilities Pension Plan and Chesapeake SERP at December 31, 2020 and 2019:

Expected return on assets	(157)	(487)	—	—
Amortization of actuarial loss	243	391	20	85
Settlement expense	203	1,982	—	58
Net periodic pension cost	<u>\$465</u>	<u>\$2,261</u>	<u>\$83</u>	<u>\$217</u>
Assumptions:				
Discount rate	3.00%	3.00%	3.00%	4.00%
Expected return on plan assets	3.50%	6.00%	—%	—%

⁽¹⁾ As a result of annuity purchases and lump sum payments associated with the de-risking of the Chesapeake Pension Plan, the discount rate for Chesapeake Pension Plan was remeasured which triggered settlement accounting expense in the fourth quarter of 2019. We were allocated and recorded \$0.2 million of the settlement expense in our consolidated statement of income.

Chesapeake Utilities' funding policy provides that payments to the trustee of each plan shall be equal to at least the minimum funding requirements of the Employee Retirement Income Security Act of 1974. The following schedule summarizes the assets of the Chesapeake Utilities Pension Plan, by investment type, at December 31, 2020 and 2019:

Asset Category	As of December 31,	
	<u>2020</u>	<u>2019</u>
Debt securities	96%	92%
Other	4%	8%
Total	<u>100%</u>	<u>100%</u>

The investment policy for the Chesapeake Utilities Pension Plan is designed to provide the capital assets necessary to meet its financial obligations of the plan. The investment goals and objectives for the Chesapeake Utilities Pension Plan are to achieve investment returns that, together with contributions, will provide funds adequate to pay promised benefits to present and future beneficiaries, earn a long-term investment return in excess of the growth of the retirement liabilities, minimize pension expense and cumulative contributions resulting from liability measurement and asset performance, and maintain a diversified portfolio to reduce the risk of large losses.

At December 31, 2020 and 2019, the assets of the Chesapeake Utilities Pension Plan were comprised of the following investments:

Chesapeake Utilities Corporation – Florida Division
Notes to the Financial Statements
Year Ended December 31, 2020

Asset Category <i>(in thousands)</i>	Fair Value Measurement Hierarchy							
	December 31, 2020				December 31, 2019			
	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total
Mutual Funds - Debt securities								
Fixed income ⁽¹⁾	\$ 3,636	\$ -	\$ -	\$ 3,636	\$ 3,283	\$ -	\$ -	\$ 3,283

Guaranteed deposit ⁽²⁾	-	-	173	173	-	-	388	388
	-	-	173	173	-	-	388	388
Total Pension Plan Assets	\$ 3,636	\$ -	\$ 173	\$ 3,809	\$ 3,283	\$ -	\$ 388	\$ 3,671
Investments Measured at net asset value ⁽³⁾				800				959
Total Pension Plan Assets				\$ 4,609				\$ 4,630

(1) Includes funds that invest in investment grade and fixed income securities.

(2) Includes investment in a group annuity product issued by an insurance company.

(3) Certain investments that were measured at net asset value per share have not been classified in the fair value hierarchy. These amounts are presented to reconcile to total pension plan assets.

At December 31, 2020 and 2019, all of the investments were classified under the same fair value measurement hierarchy (Level 1 through Level 3). Level 1 investments are recorded at fair value based on unadjusted quoted prices in active markets for identical investments. The Level 3 investments are recorded at fair value based on the contract value of annuity products underlining guaranteed deposit accounts, which was calculated using discounted cash flow models. The contract value of these products represented deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees

The following table sets forth the summary of the changes in the fair value of Level 3 investments for the Chesapeake Utilities Pension Plan for years ended December 31, 2020 and 2019:

Chesapeake Utilities records as a component of other comprehensive income/loss the changes in funded status that occurred during the year that are not recognized as part of net periodic benefit costs. The following table presents the amounts not yet reflected in net periodic benefit cost and included in Chesapeake Utilities' accumulated other comprehensive income/loss related to the above plans as of December 31, 2020:

<i>(in thousands)</i>	Chesapeake Pension Plan	Chesapeake SERP	Chesapeake Postretirement Plan	Total
Prior service credit	\$ -	\$ -	\$ (370)	\$ (370)
Net loss	2,033	699	546	3,278

Chesapeake Utilities Corporation – Florida Division
Notes to the Financial Statements
Year Ended December 31, 2020

Total	\$ 2,033	\$ 699	\$ 176	\$ 2,908
-------	----------	--------	--------	----------

Assumptions

The assumptions used for the discount rate to calculate the benefit obligations of all the plans were based on the interest rates of high-quality bonds in 2020, considering the expected lives of the plans. In determining the average expected return on plan assets for each applicable plan, various factors, such as historical long-term return experience, investment policy and current and expected allocation, were considered. Since the Chesapeake Utilities Pension Plan is frozen with respect to additional years of service and compensation, the rate of assumed compensation increases is not applicable. The health care inflation rate for 2020 used to calculate the benefit obligation is 5.0 percent for medical and 6.0 percent for prescription drugs for the Chesapeake Utilities Postretirement Plan.

Estimated Future Benefit Payments

Chesapeake Utilities expects to contribute \$0.3 million, \$0.2 million and less than \$0.1 million to the Chesapeake Utilities Pension Plan, Chesapeake Utilities SERP and Chesapeake Utilities Postretirement Plan, respectively, during 2021. The schedule below shows the estimated future benefit payments for each of the Chesapeake Utilities plans previously described:

<i>(in thousands)</i>	Chesapeake Pension Plan⁽¹⁾	Chesapeake SERP⁽²⁾	Chesapeake Postretirement Plan⁽²⁾
2021	\$ 384	\$ 151	\$ 68
2022	\$ 99	\$ 150	\$ 66
2023	\$ 981	\$ 148	\$ 61
2024	\$ 106	\$ 146	\$ 58
2025	\$ 1,007	\$ 158	\$ 55
Years 2026 through 2030	\$ 1,193	\$ 735	\$ 222

(1) The pension plan is funded; therefore, benefit payments are expected to be paid out of the plan assets.

(2) Benefit payments are expected to be paid out of our general funds.

Retirement Savings Plan

Chesapeake Utilities' 401(k) Retirement Savings Plan is offered to all eligible employees who have completed three months of service. Chesapeake Utilities matches 100 percent of eligible participants' pre-tax contributions to the Chesapeake Utilities Retirement Savings Plan up to a maximum of six percent of the eligible compensation. The employer matching contribution is made in cash and is invested based on a participant's investment directions. In addition, Chesapeake Utilities may make a discretionary supplemental contribution to participants in the plan, without regard to whether or not they make pre-tax contributions. Any supplemental employer contribution is generally made in Chesapeake Utilities common stock. With respect to the employer match and supplemental employer contribution, employees are 100 percent vested after two years of service or upon reaching 55 years of age while still employed by Chesapeake Utilities. New employees who do not make an election to contribute and do not opt out of the Chesapeake Utilities Retirement Savings Plan will be automatically enrolled at a deferral rate of three percent, and the automatic deferral rate will increase by one percent per year up to a maximum of ten percent. All contributions and matched funds can be invested among the mutual funds available for investment.

Non-Qualified Deferred Compensation Plan

Chesapeake Utilities' executive officers and board of directors are eligible to participate in the Chesapeake Utilities Corporation Non-Qualified Deferred Compensation Plan.

Directors can elect to defer any portion of their cash or stock compensation and executive officers can defer up to 80 percent of their base compensation, cash bonuses or any amount of their stock bonuses (net of required withholdings). Chesapeake Utilities' officers may receive a matching contribution on their cash compensation deferrals up to six percent of their compensation, provided it does not duplicate a match they receive in the Chesapeake Utilities Retirement Savings Plan. Stock bonuses are not eligible for matching contributions. Participants are able to elect the payment of benefits to begin on a specified future date or upon separation from service. Additionally, participants can elect to receive the payment upon the later of a fixed date or separation from service. The payments can be made in one lump sum or annual installments for up to 15 years.

Chesapeake Utilities Corporation – Florida Division
Notes to the Financial Statements
Year Ended December 31, 2020

All obligations arising under the Non-Qualified Deferred Compensation Plan are payable from Chesapeake Utilities' general assets, although Chesapeake Utilities has established a Rabbi Trust to informally fund the plan. Deferrals of cash compensation may be invested by the participants in various mutual funds (the same options that are available in the qualified plan). The participants are credited with gains or losses on those investments. Deferred stock compensation may not be diversified. The participants are credited with dividends on Chesapeake Utilities' common stock in the same amount that is received by all other stockholders. Such dividends are assumed to be reinvested into our common stock. Assets held in the Rabbi Trust had a fair value of \$10.8 million and \$9.2 million at December 31, 2020 and 2019, respectively. The assets of the Rabbi Trust are at all times subject to the claims of Chesapeake Utilities' general creditors.

Deferrals of executive base compensation and cash bonuses and directors' cash retainers are paid in cash. All deferrals of executive performance shares, which represent deferred stock units, and directors' stock retainers are paid in shares of Chesapeake Utilities' common stock, except that cash is paid in lieu of fractional shares. The value of Chesapeake Utilities' stock held in the Rabbi Trust is classified within the stockholders' equity section of Chesapeake Utilities' consolidated balance sheet and has been accounted for in a manner similar to treasury stock. The amounts recorded under Chesapeake Utilities' Deferred Compensation Plan totaled \$5.7 million and \$4.5 million at December 31, 2020 and 2019, respectively.

8. Share-Based Compensation

Chesapeake Utilities executives have been granted share-based awards through Chesapeake Utilities' Stock Incentive Compensation Plan ("SICP"). The share-based awards are recorded as compensation costs over the respective service period for which services are received in exchange for an award of equity or equity-based compensation. The compensation cost is based primarily on the fair value of the shares awarded, using the estimated fair value of each share on the date it was granted and the number of shares to be issued at the end of the service period.

These awards are based on multi-year performance plans, which are earned based upon the successful achievement of long-term goals, growth and financial results, which comprised both market-based and performance-based conditions or targets. The fair value of each share of stock tied to a performance-based condition or target is equal to the market price of Chesapeake Utilities common stock on the date of the grant. For the market-based conditions, Monte Carlo valuation is used estimate the fair value of each share of market-based award granted. For both years ended December 31, 2020 and 2019, we were allocated \$0.3 million, in total compensation expense for the awards granted under the SICP.

9. Rates and Other Regulatory Activities

Effect of the TCJA on customers: In February 2018, the FPSC opened dockets to consider the impacts associated with the TCJA. In May 2018, we filed petitions and supporting testimony regarding the disposition of the related impacts of the TCJA. Hearings on this matter took place in November 2018, The FPSC approved Staff's recommendations on February 5, 2019. Final orders were issued on February 25, 2019 subject to a 30-day appeal period.

The order stated that the net accumulated deferred income tax liability would be amortized and retained by us pursuant to the prescribed schedule. As of December 31, 2020 the deferred tax liability balance was \$8.1 million. Tax savings arising from the TCJA rate reduction from 35 percent to 21 percent would be retained by us. Tax savings associated with the Gas Reliability Infrastructure Program ("GRIP") for 2018 were refunded in 2020 through the annual GRIP cost recovery mechanism. Future customer GRIP surcharges will be adjusted to reflect tax savings associated with TCJA.

Chesapeake Utilities Corporation – Florida Division
Notes to the Financial Statements
Year Ended December 31, 2020

COVID-19 Impact: We are monitoring the global outbreak of COVID-19 and taking steps to mitigate the potential risks posed by its spread. We provide an “essential service” to our customers, which means that it is paramount that we keep our employees who operate our business safe and informed. We have taken and are continuously monitoring and updating precautions and protocols to ensure the safety of our employees and customers. As an “essential business” we are allowed to continue operational activity and construction projects with appropriate safety precautions, personal protective equipment and social distancing restrictions in place. We have taken steps to assure our customers that disconnections for non-payment will be temporarily suspended. We are also working with our suppliers to understand the potential impacts to our supply chain; if material negative impacts are identified, we will work to mitigate them. This is a rapidly evolving situation, and could lead to extended disruption of economic activity in our markets. We will continue to monitor developments affecting our employees, customers, suppliers and shareholders, and will take additional precautions as warranted to comply with the CDC, state and local requirements and recommendations to protect our employees, customers and the communities we serve.

As a result of these measures, we are incurring costs associated with crisis management and the pandemic response including restrictions put in place by the Florida PSC on utility disconnects for non-payment, technology costs incurred to expand work from home capabilities, additional sanitation and cleaning costs and costs of acquiring personal protective equipment as well as other expenses.

In October 2020, the Florida PSC approved a joint petition of Chesapeake Utilities natural gas and electric distribution utilities in Florida to establish regulatory asset to record incremental expenses incurred due to COVID-19. This regulatory asset will allow us to seek recovery of these costs in our next base rate proceeding. On November 16, 2020, the Office of Public Counsel filed a protest to the order approving the establishment of this regulatory asset, contending that the order should be reversed or modified and to request a hearing on the protest. At this time, no hearing date has been established.

In the fourth quarter of 2020, we established regulatory assets based on the net incremental expense resulting from the pandemic as currently authorized by the FPSC.

10. Environmental Commitments and Contingencies

We are subject to federal, state and local laws and regulations governing environmental quality and pollution control. These laws and regulations require us to remove or remediate at current and former operating sites the effect on the environment of the disposal or release of specified substances.

We had recorded less than \$0.1 million in environmental liabilities as of December 31, 2020 and 2019 related to a manufactured gas plant (“MGP”) site in Winter Haven, Florida, representing our estimate of future costs associated with this site. Remediation on this site is ongoing and costs to clean up are not expected to exceed \$0.4 million, which includes costs of implementing institutional controls.

Environmental liabilities for our MGP site are recorded on an undiscounted basis based on the estimate of future costs provided by independent consultants.

We continue to expect that all costs related to environmental remediation and related activities will be recoverable from customers through rates.

11. Other Commitments and Contingencies

We have entered into contractual commitments for firm transportation service with pipelines. The contracts have various expiration dates. The total purchase obligations for the natural gas transportation capacity are \$2.0 million for 2021, \$0.9 million for 2022-2023, with an aggregate total of \$2.9 million.

We have a firm transportation service contract with Gulfstream Natural Gas Systems LLC (“Gulfstream”). Pursuant to a capacity release program approved by the FPSC, all of the capacity under this agreement has been released to various third parties. Under the terms of this capacity release agreement, Chesapeake Utilities is contingently liable to Gulfstream should any party, that acquired the capacity through release, fail to pay the capacity charge.

We are involved in certain legal actions and claims arising in the normal course of business. We are also involved in certain legal and administrative proceedings before various governmental agencies concerning rates. In the opinion of management, the

Chesapeake Utilities Corporation – Florida Division
Notes to the Financial Statements
Year Ended December 31, 2020

ultimate disposition of these proceedings will not have a material effect on our financial position, results of operation or cash flows.

12. Revenue Recognition

Customer Revenue

We recognize revenue when our performance obligations under contracts with customers have been satisfied, which generally occurs when we have transported natural gas to customers. We bill customers for the delivery of natural gas and our performance obligation is satisfied over time as natural gas is delivered to the customer. We recognize revenues based on monthly meter readings, which are based on the quantity of natural gas used and rates approved by the FPSC. We accrue unbilled revenues for natural gas that have been delivered, but not yet billed, at the end of an accounting period, to the extent that billing and delivery do not coincide. We exclude sales taxes and other similar taxes from the transaction price. Typically, our customers pay for the goods and/or services we provide in the month following the satisfaction of our performance obligation.

Contract Balances

The timing of revenue recognition, customer billings and cash collections results in trade receivables, unbilled receivables (contract assets), and customer advances (contract liabilities) in our consolidated balance sheets. As of December 31, 2020 and 2019, the balance of our trade receivables, net of provision for uncollectable accounts, was \$3.8 million and \$3.2 million, respectively. As of December 31, 2020 and 2019, there were no material contract assets or liabilities recorded on the Comparative Balance Sheet.

Remaining performance obligations

We have long-term fixed fee contracts with customers in which revenues are recognized as performance obligations are satisfied over the contract term. Revenue for the remaining performance obligations at December 31, 2020 are expected to be recognized as follows:

	<u>2021</u>	<u>2022</u>	<u>2023</u>	<u>2024</u>	<u>2025</u>	<u>2026 and thereafter</u>
<i>(in thousands)</i>						
Remaining performance obligations	\$2,981	\$2,985	\$2,883	\$2,674	\$2,259	\$23,603

Practical expedients

For agreements that contain variable consideration, we use the invoice practical expedient method. We determined that the amounts invoiced to customers correspond directly with the value to our customers and our performance to date.

**SUMMARY OF UTILITY PLANT AND ACCUMULATED PROVISIONS
FOR DEPRECIATION, AMORTIZATION AND DEPLETION**

Line No.	Item (a)	Total (b)	Gas (c)

Name of Respondent CHESAPEAKE UTILITIES CORPORATION - FLORIDA DIVISION	For the Year Ended December 31, 2020
---	---

CONSTRUCTION WORK IN PROGRESS-GAS (Account 107)

1. Report below descriptions and balances at end of year of projects in process of construction (107).
 2. Show items relating to "research, development, and demonstration" projects last, under a caption Research, Development, and Demonstration (see Account 107 of the Uniform System of Accounts).
 3. Minor projects (less than \$500,000) may be grouped.

Line No.	Description of Project (a)	Construction Work in Progress-Gas (Account 107) (b)	Estimated Additional Cost of Project (c)
1	GRIP Expenditures	\$ 1,208,598	\$ 420,784
2	Mains - New	\$ 1,093,532	\$ 172,462
3	M&R Station	\$ 44,839	\$ -
4	Mains Replacement	\$ 303,332	\$ 51,458

CONSTRUCTION OVERHEADS-GAS

1. List in column (a) the kinds of overheads according to the titles used by the respondent. Charges for outside professional services for engineering fees and management or supervision fees capitalized should be shown as separate items.
 2. A respondent should not report "none" to this page if no overhead apportionments are made, but rather should explain the accounting procedures employed
 and the amounts of engineering, supervision, and administrative costs, etc. which are directly charged to construction.
 3. Enter on this page engineering, supervision, administrative,, and allowance for funds used during construction, etc. which are first assigned to a blanket work order and then prorated to construction jobs.

Line No.	Description of Overhead	Total Amount Charged for the Year (b)	Total Cost of Construction to Which Overheads Were Charged (Exclusive of Overhead Charges) (c)
1	Engineering	\$ 31,777	\$ -
2	Supervision	\$ 162,644	\$ -
3	Administrative	\$ 230,317	\$ -

**SECURITIES ISSUED AND
 SECURITIES REFUNDED OR RETIRED DURING THE YEAR**

1. Furnish a supplemental statement giving a brief description of security financing and refinancing transactions during the year and the accounting for the securities, discounts, premiums, expenses, and related gains or losses.
 2. Furnish particulars (details) showing fully the accounting for the total principal amount, par value, or stated value of each class and series of security issued, retired, or refunded and the accounting for premiums, discounts, expenses, and gains or losses relating to the securities. Set forth the facts of the accounting clearly with regard to redemption premiums, unamortized discounts, expenses, and gains or losses relating to securities retired or refunded.

and gains or losses relating to securities retired or refunded.
 3. Included in the identification of each class and series of security, as appropriate, the interest or dividend rate, nominal date of issuance, maturity date, aggregate principal amount, par value or stated value, and number of shares.
 4. Where the accounting for amounts relating to securities refunded or retired is other than that specified in General Instruction 17 of the Uniform System of Accounts, give references to the Commission authorization for the different accounting and state the accounting method.

N/A

UNAMORTIZED LOSS AND GAIN ON REACQUIRED DEBT (Accounts 189, 257)

1. Report under separate subheadings for Unamortized Loss and Unamortized Gain on Reacquired Debt, particulars (details) of gain and loss, including maturity date, on reacquisition applicable to each class and series of long-term debt. If gain or loss resulted from a refunding transaction, include also the maturity date of the new issue.
 2. In column (c) show the principal amount of bonds or other long-term debt reacquired.
 3. In column (d) show the net gain or net loss realized on each debt reacquisition as computed in accordance with

General Instruction 17 of the Uniform Systems of Accounts
 4. Show loss amounts by enclosing the figures in parentheses.
 5. Explain in a footnote any debits and credits other than amortization debited to Account 428.1, Amortization of Loss on Reacquired Debt, or credited to Account 429.1, Amortization of Gain on Reacquired Debit-Credit.

LONG-TERM DEBT (Accounts 221, 222, 223, and 224)

1. Report by balance sheet Account the particulars (details) concerning long-term debt included in Accounts 221, Bonds, 222, Reacquired Bonds, 223, Advances from Associated Companies, and 224, Other Long-Term Debt. If information to meet the stock exchange reporting requirement outlined in column (a) is available from the SEC 10-K Report Form Filing, a specific reference to the report form (i.e., year and company title) may be reported in column (a) provided the fiscal years for both the 10-K report and this report are compatible.

2. For advances from Associated Companies, report separately advances on notes and advances on open accounts. Designate demand notes as such. Include in column (a) names of associated companies from which advances were received.

3. If the respondent has any long-term securities which have been nominally issued and are nominally outstanding at end of year, describe such securities in a footnote.

4. If interest expense was incurred during the year on any obligations retired or reacquired before end of year, include such interest in column (f). Explain in a footnote any difference between the total of column (f) and the total of Account 427, Interest on Long-Term Debt and Account 430, Interest on Debt to Associated Companies.

UNAMORTIZED DEBT EXPENSE, PREMIUM AND DISCOUNT ON LONG-TERM DEBT (Accounts 181, 225, 226)

1. Report under separate subheadings for Unamortized Debt Expense, Unamortized Premium on Long-Term Debt and Unamortized Discount on Long-Term Debt, particulars (details) of expense, premium or discount applicable to each class and series of long-term debt.

2. Show premium amounts by enclosing the figures in parentheses.

3. In column (b) show the principal amount of bonds or other long-term debt originally issued.

4. In column (c) show the expense, premium or discount with respect to the amount of bonds or other long-term debt originally issued.

5. Furnish in a footnote particulars (details) regarding the treatment of unamortized debt expense, premium or discount associated with issues redeemed during the year.

6. Identify separately indisposed amounts applicable to issues which were redeemed in prior years.

7. Explain any debits and credits other than amortization debited to Account 428, Amortization of Debt Discount and Expense, or credited to Account 429, Amortization of Premium on Debt - Credit.

**RECONCILIATION OF REPORTED NET INCOME WITH TAXABLE INCOME
 FOR FEDERAL INCOME TAXES**

1. Report the reconciliation of reported net income for the year with taxable income used in computing Federal income tax accruals and show computation of such tax accruals. Include in the reconciliation, as far as practicable, the same detail as furnished on Schedule M-1 of the tax return for the year. Submit a reconciliation even though there is no taxable income for the year. Indicate clearly the nature of each reconciling amount.

2. If the utility is a member of a group which files a consolidated Federal tax return, reconcile reported net income with taxable net income as if a separate return were to be filed, indicating, however, intercompany amounts to be eliminated in such a consolidated return. State names of group members, tax assigned to each group member, and basis of allocation, allocation, assignment, or sharing of the consolidated tax among the group members.

GAS OPERATING REVENUES (Account 400)

1. Report below natural gas operating revenues for each prescribed account in total.
2. Report number of customers, columns (f) and (g), on the basis of meters, except that where separate meter readings are added for billing purposes, one customer should be counted for each group of meters added. The average number of customers means the average of twelve figures at the close of each month.
3. Report quantities of natural gas sold in therms (14.73 psia at 60 F).
4. Report gas service revenues and therms sold by rate schedule.
5. If increases or decreases from previous year (columns (c),(e), and (g)), are not derived from previously reported figures, explain any inconsistencies in a footnote.

9	805.1 - Purchased Gas Cost Adjustments			
10	TOTAL (Total of lines 1 through 9)		\$ 6,125,433	

Notes to Gas Purchases

805 (Other Gas Purchases) Swing Service Cost allocated from affiliates.

GAS USED IN UTILITY OPERATIONS - CREDIT (Accounts 812)

1. Report below particulars (details) of credits during the year to Accounts 810, 811 and 812 which offset charges to operating expenses or other accounts for the cost of gas from the respondent's own supply. 2. Natural gas means either natural gas unmixed, or any mixture of natural and manufactured gas. 3. If the reported Therms for any use is an estimated quantity, state such fact in a footnote.	4. If any natural gas was used by the respondent for which a change was not made to the appropriate operating expense or other account, list separately in column (c) the Therms of gas used, omitting entries in columns (d) and (e). 5. Report pressure base of measurement of gas volumes at 14.73 psia at 60 degrees F.

DISTRIBUTION OF SALARIES AND WAGES

Report below the distribution of total salaries and wages for the year. Segregate amounts originally charged to clearing accounts to Utility Departments, Construction, Plant Removals, and Other Accounts, and enter such amounts in the appropriate lines and columns provided. In determining this segregation of salaries and wages originally charged to clearing accounts, a method of approximation giving substantially correct results may be used.

10	Total Gross Operating Revenues	\$ 30,500,042	\$ -	\$ 30,500,042	\$ -	\$ 30,500,042

Notes:

CORPORATE STRUCTURE

Provide an updated organizational chart showing all affiliated companies, partnerships, etc.

Effective Date: December 31, 2020

SUMMARY OF AFFILIATED TRANSFERS AND COST ALLOCATIONS

Grouped by affiliate, list each contract, agreement, or other business transaction exceeding a cumulative amount of \$300 in any one year, entered into between the Respondent and an affiliated business or financial organization, firm, or partnership identifying parties, amounts, dates, and product, asset, or service involved.

- (a) Enter name of affiliate.
- (b) Give description of type of service, or name the product involved.
- (c) Enter contract or agreement effective dates.
- (d) Enter the letter "p" if the service or product is purchased by the Respondent: "s" if the service or product is sold by the Respondent.
- (e) Enter utility account number in which charges are recorded.
- (f) Enter total amount paid, received, or accrued during the year for each type of service or product listed in column (c). Do not net amounts when services are both received and provided.

Name of Affiliate (a)	Type of Service and/or Name of Product (b)	Relevant Contract or Agreement and Effective Date (c)	Total Charge for Year		
			"p" or "s" (d)	Account Number (e)	Dollar Amount (f)
Chesapeake Utilities Corporation	Parent Company: Corporate Services		p	Various	\$ 1,725,132
	Corporate Overheads		p	Various	\$ 1,711,988
	Shared Services		p	Various	\$ 1,402,974
Peninsula Pipeline	Affiliate Natural Gas Firm Transportation Service	May 17, 2019	s	Various	\$ 679,056
Florida Public Utilities	Operations and Maintenance A&G		p	Various	\$ 7,329,957

NEW OR AMENDED CONTRACTS WITH AFFILIATED COMPANIES

Provide a synopsis of each new or amended contract, agreement, or arrangement with affiliated companies for the purchase, lease, or sale of land, goods, or services (excluding tariffed items). The synopsis shall include, at a minimum, the terms, price, quantity, amount, and duration of the contracts.

Name of Affiliate	Synopsis of Contract

INDIVIDUAL AFFILIATED TRANSACTIONS IN EXCESS OF \$25,000

Provide information regarding individual affiliated transactions in excess of \$25,000. Recurring monthly affiliated transactions which exceed \$25,000 per month should be reported annually in the aggregate. However, each land or property sales transaction even though similar sales recur, should be reported as a "non-recurring" item for the period in which it occurs.

Name of Affiliate	Description of Transaction	Dollar Amount
Peninsula Pipeline Company, Inc.	Firm Transportation Service Agreement between CFG and Peninsula Pipeline Company (PPC) dated May 17th, 2019. The agreement is for 20 years and then an indefinite amount of 10 year extensions unless either party terminates within 180 days prior to the current term. The monthly payment is \$56,588 for a maximum of 40,000 dths per day.	\$ 679,056

ASSETS OR RIGHTS PURCHASED FROM OR SOLD TO AFFILIATES

Provide a summary of affiliated transactions involving asset transfers or the right to use assets.

Name of Affiliate	Description of Asset or Right	Cost/Orig. Cost	Accumulated Depreciation	Net Book Value	Fair Market Value	Purchase Price	Title Passed Yes/No
Purchases from Affiliates:							
Pesco	Transfer Cisco phone system	\$ 23,138.43	\$ (7,084.22)	\$ 16,054.21		\$ 16,054.21	
Total						\$ 16,054.21	
Sales to Affiliates:							
N/A						Sales Price	
Total						\$ -	

EMPLOYEE TRANSFERS

List employees earning more than \$50,000 annually transferred to/from the utility to/from an affiliate company.

Company Transferred From	Company Transferred To	Old Job Assignment	New Job Assignment	Transfer Permanent or Temporary and Duration
