FÖNCARD Service is available to business and residential Customers who subscribe to Message Telecommunications Services (MTS). All Subscribers will receive a FÖNCARD for use when away from the established primary service location. FÖNCARD access can be from tone-generating or rotary-dial telephone instruments and is available for origination as described in Section 2. FÖNCARD Service Subscribers access the Company's network by dialing "1-800-877-8000", plus "0," the called telephone number and FÖNCARD number.

A per call connection fee plus Per Minute usage rates apply when a FÖNCARD is used by FÖNCARD Customers for calls originating and terminating within the State of Florida.

If a Company Operator assists in call placement, applicable Operator Service Call Placement Charge and Per Minute usage rates will apply in lieu of the FÖNCARD surcharge and Per Minute usage rates.

The FÖNCARD rates for business Customers are listed with the specific services with which FÖNCARD Service is provided. For residential Customers, the following per call connection fee and per minute usage rates will apply for all residential services with which FÖNCARD Service is provided unless specific FÖNCARD rates are specified elsewhere in this Tariff for a particular service.

In addition, the same usage rates and surcharge apply when:

- A. The Company enters into an agreement with a reseller to serve as their alternate long-distance carrier in those regions where the reseller cannot provide service, or

**7. MISCELLANEOUS SERVICES (Continued)****7.3 Directory Assistance (DA)****7.3.1. General**

The Company provides the service of connecting Customers to a nationwide Directory Assistance operator for a per-call charge for intrastate information requests. Customers can receive up to two numbers per request. In order to obtain two numbers, the Customer must request two numbers once the Customer reaches the live operator. The fee applies whether or not the Directory Assistance operator furnishes the requested telephone number(s), e.g., the requested telephone number is unlisted, non-published or no record can be found. Requests for information other than telephone numbers will be charged for as requests for telephone numbers.

A credit allowance for Directory Assistance will be provided upon request if a Customer experiences poor transmission quality, is cut-off, receives an incorrect telephone number, or misdials the intended Directory Assistance number.

National Directory Assistance Service gives a Customer the option of completing a call to the called station telephone number received from the Directory Assistance operator without hanging up and originating a new call. National Directory Assistance Service is offered when a Customer requests intrastate Directory Assistance. A call completion charge applies in addition to the Directory Assistance per-call charge if the Customer accepts the offer. When two numbers are requested from Directory Assistance only the second call can be completed. The call completion fee will not apply if the call cannot be completed.

When a Company Operator assists with a Directory Assistance call the appropriate operator handling charges will apply in addition to the Directory Assistance charge.

Calls placed to Directory Assistance utilizing a FÖNCARD will incur both the FÖNCARD connection fee as well as the applicable Directory Assistance per-call charge.

Requests will be limited to two (2) per call.

A credit allowance for Directory Assistance will be provided upon request if the Subscriber experiences poor transmission quality, is cut off, receives an incorrect telephone number or misdials the intended Directory Assistance number.

Subscribers may originate and terminate SPRINT Service as described in Section 2 of this Tariff. In the event the Company determines that provision of SPRINT Dial-Up Service via a seven digit access number and authorization code imposes a significant risk of fraudulent use of its service, the Company, at its discretion, may choose not to process new orders for Dial-Up Service and/or may, after written notice, cancel existing subscribers' authorization codes. In such cases, the Company will continue to offer customers its "800" access F $\bar{O}$  NCARD Service. SPRINT DIAL "1" Service or the "1010XXX" access number will also be offered where equal access (FGD) is available. Subscribers who use SPRINT Dial-Up Service in conjunction with automatic dialing equipment may be exempted from this requirement when the Company determines that the likelihood of fraudulent use of the service using such equipment is not significant.

SPRINT Service is provided as the intrastate add-on service to interstate SPRINT Service and, accordingly, the SPRINT Service monthly recurring charge is located in the Company's interstate Residential Schedule No. 1 located at [www.embarq.com/tariffs](http://www.embarq.com/tariffs). Charges for SPRINT Service are based on the distance and duration of the call, and the rate period when the call is placed. If FGD Access and/or SPRINT Universal "800" Access is used, the distance will be measured from the rate center of the calling number as represented by the ANI to the rate center of the called number. If FGB Access (SPRINT Dial-Up via "950" number) is used, the distance will be measured from the rate center of the "tandem location" or network site to which the FGB circuit is connected. Per-minute usage rates for SPRINT Service are set forth below. Rate periods are set forth in Section 4.16 of this tariff.

SPRINT Service is an add-on to the Company's interstate offering and, accordingly, the SPRINT Service monthly recurring charge is located in the Company's interstate Residential Schedule located at [www.embarq.com/tariffs](http://www.embarq.com/tariffs).

(3) TDD Discount Program

The Most customers who subscribe to the TDD Discount Program will receive a discount off their TDD to TDD direct dial usage.
