This filing proposes to eliminate duplicate regulations and reformats the remaining regulations for simpler presentation. The tariff previously reflected multiple options available with some services, with the rates for each of those options having been standardized under prior filings, which eliminated distinctions between the options. This filing removes rates and regulations for those duplicative options, with no impact to customers or the services to which they are subscribed. This filing also deletes certain 1000 Plan grandfathered options for which there are no remaining subscribers.

Commission consideration and timely approval of these pages are respectfully requested. If you have questions or need additional information regarding this filing, please call Tamela Kelly at 850-599-1029.

Sincerely,

Mary L. Matthews
