Ms. Beth Salak, Director
Division of Competitive Markets and Enforcement
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399-0850

Dear Ms. Salak:

Pursuant to Florida Statutes Section 364.051, "Price regulation," and Section 364.164, "Competitive market enhancement," Verizon Florida Inc. ("Company") submits this filing to adjust certain rates for basic and non-basic services and certain rates for intrastate switched access services. Specifically, the Company is making a single tariff filing that incorporates rate changes associated with rate rebalancing, approved by the Commission on December 24, 2003 in Docket No. 030867-TL, and its annual price regulation filing.

The basic local exchange rate increases related to the rate rebalancing docket are based on units for both basic local exchange and switched access services that have been updated to the 12 months ending June 30, 2006. In order to remain revenue neutral, as required by statute, the rate decreases for switched access services have been adjusted accordingly.

The 2006 price regulation filing permits basic local exchange revenues to be increased by 2.3065%, as determined by the increase in the Gross Domestic Product – Price Index (GDP-PI). The Company's proposal increases basic local revenues by 1.1737%. Rates for non-basic services can be increased by up to 20% per category. All five of the Company's non basic service categories are within the allowable increase. Units used in the price regulation filing have been updated to June 30, 2006.

Currently approved tariffed rates were used as the basis for both the rate rebalancing docket and the annual price regulation filings. Each set of rate increases were then added together to determine the rates to be included in the proposed tariffs.

A2. GENERAL REGULATIONS

A2.3 Establishment and Furnishing of Service (Continued)

.15 Vacation Service (Continued)

a. General (Continued)

- (5) No outward or inward service is provided during the period of Vacation Service. At the request of the subscriber, inward calls to a station at which service is suspended may be referred to the call number of another station in the same or a distant exchange.
- (6) Monthly bills for line service are rendered at the Vacation Service rate during the Vacation Service period and are to be paid in accordance with regular collection practices.
- (7) During the period of Vacation Service, no installations, moves, changes or maintenance will be provided. Changes to billing address will be allowed.
- (8) The customer may request a restoration date in advance of the maximum allowable vacation period, otherwise complete service and billing will be restored on the last day of the maximum allowable vacation period of nine (9) months.

b. Application of Charges

(1) Residence Service

(a) The charge for residence main station service during the period of suspension is as follows:

	<u>Monthly</u>
Residential	\$ 6.50

(2) Business Service

(a) The charge for business service during the period of suspension is as follows:

Business	\$ 16.00	(l)
Business Rotary	20.12	

- (3) During the period the customer is furnished Vacation Service, Miscellaneous Calling Services directly associated with the line service will not be charged.

Any Miscellaneous Services not directly associated with the line service, such as Directory Listing or Operator Service, will continue at the standard tariff rates.

- (4) A Seasonal Service Establishment Charge as specified in Section A4.3.9 of this Tariff shall apply at the time a business or residence customer requests Vacation Service.

No service order charges apply to restore service at the completion of the Vacation Service period.

- (5) The federal End User Access Charge specified in Tariff FCC No. 14 is applicable during Vacation Service.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.1 General

- .1 This Tariff specifies rate schedules applicable for grades and classes of local exchange service ordered.
- .2 Exchange rate schedules are applied according to the total number of main station lines and PBX trunks in the local service area.
- .3 Exchange Service Areas for each exchange are identified on maps filed in Section A200, Local Exchange Service Area Maps and Descriptions, of this Tariff.
- .4 The rates for service and equipment not specifically shown in this section are presented in other sections of this Tariff. (See Note 3)
- .5 Service charges, as covered in Section A4., are applicable to the provision of basic local exchange service.
- .6 Pursuant to passage of the Telecommunications Access Systems Act of 1991 by the Florida Legislature during the 1991 session, a monthly surcharge shall be imposed on all local exchange telecommunications company customers on an individual access line basis, except that such surcharge shall not be imposed upon more than 25 basic telecommunications access lines per account bill rendered. The Commission shall determine the amount of the surcharge; however, in no case shall the amount exceed 25 cents per line per month. The surcharge shall appear on the initial bill to the customer and itemized at least once annually.

.3 Regrouping Procedures

a. Whenever the number of access lines in the local calling area of an exchange increases or decreases to the extent that such exchange would fall into a different rate group, a revised Tariff shall be filed for authority to reclassify the exchange to its appropriate group. The effective date of the proposed rate change shall be the effective date of the next directory for the affected exchange or 60 days after the date of filing the tariff whichever is later.

(1) The rate group in which an exchange falls shall be determined by the peak number of access lines in the exchange's local calling area since the effective date of the preceding directory.

A3.3 Monthly Exchange Rates

.1 General

a. Monthly exchange rates shown in A3.2 are applicable, in each exchange, for grades and classes of basic local exchange service offered.

.2 Message Rate Service - Individual Line

a. Subscribers to business or residence message rate service are regularly billed monthly in advance at the rate quoted in this tariff for the class of service furnished. Messages in excess of the monthly allowance are billed monthly in arrears. Local messages not used in one month are not credited to the subscriber's account for any other month service is rendered.

b. Subscribers are entitled to the number of messages specified in A3.2.2 to all central office lines bearing the designations of exchanges listed in A3.5, Local Calling Area, for the respective exchange.

c. Business Message Rate Service and Residence Message Rate Service are available in all exchanges and in all new rate groups. See Section A3.2.2 for specific rates by rate group.

d. Rules and regulations covering the provision of message rate service are as specified in Section A2.3.2.

.3 Interstate Subscriber Line Charge Waiver and Matching Program (Continued)

b. Rules and Regulations (Continued)

(1) The Specific guidelines for implementation of this waiver are as follows: (Continued)

(d) Lifeline Service can only be associated with the primary residential connection.

(e) Lifeline Toll Restriction Service (IOSC: 40696) is available on a voluntary basis where technically feasible to Florida Lifeline Assistance Plan customers at no charge. Lifeline Toll Restriction Service prevents 0+, 00-, 1+NPA-NXX-XXXX, 1010XXXX, International (01+), Directory Assistance (411, 1+411, 0+411, 555-1212, 1+/0+ 555-1212, 1+/0+NPA-555-1212), 1+900 calls, 1+700, 976 calls and IntraLATA toll while allowing access to local, 611, 911, 0-, 1+800/888 etc., 950-XXXX and 1+950-XXXX calls and EAS calls. Access to Directory Assistance is available to Lifeline customers by dialing 0-. Access to Service Activation Codes "*"/#" (e.g., *66, *69) is also allowed. Upon customer request, some Service Activation Codes may be blocked at no charge, where conditions and facilities permit.

Lifeline customers may receive toll limitation services without charge. Toll limitation services include voluntary toll control and toll blocking. Toll control allows the customer to specify a certain dollar amount of toll usage which is acceptable to the Company that may be incurred on his telephone service. Toll blocking will take effect once the customer's requested toll limitation amount is exceeded.

(f) Lifeline Service may not be disconnected for non-payment of toll charges.

(g) Deposit requirements do not apply to Lifeline Service customers if toll blocking is employed.

(h) A deposit may be required for Lifeline customers if toll control is employed.

(i) The Company may require payment arrangements for outstanding debt associated with local service and associated taxes and fees. Such arrangements are not to exceed a four month period. Customers must subscribe to toll blocking service for any period of time that an unpaid balance for toll charges remains. In cases where Lifeline customers have paid the outstanding debt in full, the toll blocking option may be requested by the customer.

If a Lifeline applicant defaults on a payment agreement such default may constitute grounds for discontinuance of service. A Lifeline customer whose service has been disconnected for nonpayment of prior arrangements on a past due bill, may be required to satisfy total local unpaid outstanding charges prior to reconnection of service.

c. Rates and Charges

(1) A credit amount applies to the Lifeline customer's monthly bill as follows: ¹

	<u>Monthly Credit</u>	
FCC Interstate Offset to End User Subscriber Line Charge (SLC)	See FCC No. 14	
FCC Supplemental Amount	\$ 1.75	
Additional FCC Supplemental Amount	1.75	
Company's Matching Credit	3.50	
Additional Company Credit	3.16	(l)

(2) For those existing customers who qualify for, and wish to change to, the Florida Lifeline Assistance Plan, no service charges shall apply.

(3) With the exception of the initial installation charges as specified for Link-Up service, Section A4.8 of this Tariff, all recurring and nonrecurring charges for any service ordered by the customer shall be billed at the tariffed rates.

(4) When a customer is no longer eligible for Lifeline Service, the Lifeline credit amount specified in (1) preceding, will be discontinued and regular tariffed rates and charges will apply.

¹ The customer shall not receive a credit in excess of the Main Station Line and Subscriber Line Charge totals when the totals are less than the Lifeline total credit.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.4 Exceptions to Basic Local Exchange Service (Continued)

.4 Transitional Lifeline Assistance Program

a. General

(1) Transitional Lifeline Assistance is a state program which provides a 30% reduction of the applicable monthly exchange flat rate for residential basic local service for subscribers who no longer qualify for the Lifeline Assistance Program.

b. Regulations

(2) A Lifeline Assistance subscriber who requests this service will receive the discounted rate for a period of one (1) year from the date the subscriber ceases to be qualified for the Lifeline Assistance Program.

.5 Native American Lifeline

a. Residential customers who reside on federally recognized tribal lands are eligible to receive additional enhanced federal Lifeline support in order to reduce the price for basic local telephone service.

b. An individual living on tribal lands shall qualify for an additional enhanced federal Lifeline credit of up to \$25.00 per month if the individual participates in any state or federal programs identified in the preceding Section 3.4.3 or one of the following assistance programs:

- Bureau of Indian Affairs General Assistance
- Tribally Administered Temporary Assistance for Needy Families
- Head Start (only those meeting its income qualifying standard)
- National School Lunch Program (free meals program only)

c. If a resident of a federally recognized tribal land satisfies the state's Lifeline eligibility criteria as defined in Section 3.4.3, the resident will receive the state support, as well as the additional enhanced federal support. Lifeline customers residing on tribal lands will pay no less than \$1.00 per month for basic local telephone service.

d. The additional enhanced federal credit will be available to Lifeline customers who reside on tribal lands in the following exchanges:

<u>Tribal Land</u>	<u>Exchange</u>	<u>Credit</u>
Seminole Tribe, Tampa Reservation	Tampa	\$4.59 (I)

A3. BASIC LOCAL EXCHANGE SERVICE

A3.10 Directory Assistance Service (Continued)

.1 General (Continued)

d. Business Line Call Completion (BLCC) (Continued)

- (2) The mechanized announcement will instruct the caller that he may have his call automatically completed at no additional charge by depressing a specific digit on the touch-tone key pad. For all completed calls, the BLCC surcharge will be reversed to the business customer receiving the call. The caller shall remain responsible for any other applicable local message charges and/or Directory Assistance charges.
- (3) Business Line Call Completion (BLCC) will only be furnished where facilities and operating conditions permit.
- (4) Business Line Call Completion (BLCC) will not be provided to the following services:
 - Residence Service
 - 800/877/888 Service
 - 976 Service
 - 900 Service
 - Inmate Telephone Service (ITS)
 - Public Telephone Access Service (PATS) for Customer-Provided Equipment (CPE)
 - Feature Group A Service
 - Cellular Carriers
- (5) The Telephone Company assumes no responsibility or liability for any errors in the information furnished. The caller shall indemnify the Telephone Company and hold it free and harmless of and from any and all claims, demands or damages that shall arise from the use of the service.
 - (a) This service is furnished solely for the telephone calling purposes of the caller.
 - (b) Provisions concerning limitations of liability and allowance for interruption of service are as set forth in Section A2 of this Tariff.
- (6) This offering provides call completion on a Local Access and Transport Area (LATA) basis.
- (7) If call completion is paid for under the terms of BLCC, the Directory Connect Plussm charge as specified in Section A3.10.2c. will not apply to the business customer or the caller.

.2 Rates

- a. Where the subscriber direct dials the Local Directory Assistance number 1411, the charge for each call (1) (maximum of two requested telephone numbers per call) is \$1.25.
 - (1) A residential subscriber is allowed three Directory Assistance calls per access line and a business subscriber is allowed one Directory Assistance call per PBX trunk line per billing period at no charge when the local Directory Assistance number 1411 is used. A subscriber to CENTREX Service is allowed one Directory Assistance call per month for each main CENTREX station line at no charge. A subscriber to CentraNet[®] Service is allowed one Directory Assistance call per month for each CentraNet[®] main station line at no charge.

³ Charges as specified in Section A25.

A6. DIRECTORY LISTINGS**A6.3 Residence Listings (Continued)****.3 Dual Name Listings**

- a. Dual name listings may be provided for customers subscribing to residence service who share the same surname and reside at the same address.
- b. Dual name listings may be provided as the primary listing at no recurring charge for the addition of the second name to the listing.
- c. Dual name listings may be provided as an additional listing at the subscriber's option, at the regular additional listing rate.

.4 Business Designations

- a. The designation in a business listing consists of a word or phrase, abbreviated where necessary, that describes the general character of the subscriber's business. Designations will not be used where the name under which the subscriber is doing business indicates the character of the business. The listing of an individual, together with his title and the name of the business with which he is associated or represents, in lieu of a designation of the general character of the business, is not permitted. Likewise, the listing of the name of a firm or corporation, together with the name or name and title of an individual connected therewith, in lieu of a business designation is not permitted.

A6.4 Nonpublished Telephone Numbers**.1 Upon request a subscriber's primary telephone number may be "nonpublished" subject to the following conditions:**

- a. A nonpublished telephone number is omitted from both the telephone alphabetical directory and information records available to the general public. However, when a call is placed from a telephone number associated with a nonpublished listing, the number may be disclosed if the called party has the necessary equipment for receiving and/or disclosing incoming telephone numbers.
- b. Requests for nonpublished numbers will be accepted only when, in the judgment of the Company, such an arrangement will not be detrimental to the service in general.
- c. Incoming calls to nonpublished numbers will be connected only when the calling party places the call by the correct number. The Company will not connect a call to a nonpublished subscriber on behalf of another caller when the caller does not furnish the nonpublished number to the Company. The Company will adhere to this practice notwithstanding any claim of emergency the calling party may present. The acceptance by the Company of the subscriber's request to refrain from publishing his telephone number in the directory does not create any relationship or obligation, directly or indirectly, to any person other than the subscriber.
- d. In the absence of gross negligence or willful misconduct, no liability for damages arising from publishing a nonpublished number in the directory or disclosing said number to any person shall attach to the Company and, where such a number is published in the directory, the Company's liability shall be limited to and satisfied by a refund of any monthly charges which the Company may have made for such nonpublished number. At the subscriber's request, the Company will change the nonpublished telephone number at no charge to the subscriber.
- e. Telephone numbers transmitted via Caller ID are intended solely for the use of the caller ID customer. Resale of this information is prohibited as described in Section A13 of this Tariff.

.2 Rates

- a. A rate of \$4.55 a month applies for each nonpublished telephone number. (l)

A6. DIRECTORY LISTINGS

A6.6 Additional Listing Charges (Continued)

.1 A charge is applicable for each call to directory assistance except as noted following. (Maximum of two requested telephone numbers per call.)

a. Directory Assistance Service

	<u>Rate</u>	
(1) Each Call	\$ 1.25	(1)

.2 Subscribers who have been certified as unable to use a directory because of a visual or physical handicap are allowed 50 calls per billing cycle at no charge.

.3 When a customer elects to have a call automatically completed to the number for which the Directory Assistance Listing was requested (Directory Connect Plussm), a surcharge of 45 cents shall apply per call. The Directory Connect Plussm surcharge is in addition to any applicable Directory Assistance and/or IntraLATA local or toll charges.

.4 Directory Connect Plussm and Business Line Call Completion (BLCC) are not subject to optional calling plan discounts. However, the usage associated with a call completed via Directory Connect Plussm or BLCC will be subject to any applicable discounts.

.5 The Business Line Call Completion (BLCC) charge shall be 45 cents for each call completed. This charge shall be billed to the customer subscribing to BLCC which receives the call. The BLCC caller (person who places the call) shall be responsible for any applicable IntraLATA toll charges.

A18.9 IntraLATA LONG DISTANCE VERIFICATION AND EMERGENCY INTERRUPT SERVICE

A18.9.1 General

Verification and Emergency Interrupt Service is furnished where and to the extent that facilities permit. The customer shall indemnify and save the Company harmless against all claims that may arise from either party to the interrupted call or any person.

.1 Verification

a. The Company furnishes Verification Service for the purpose of aiding subscribers with legitimate call completion problems. Upon request, the operator will verify and provide the line status condition of a subscriber line within the intraLATA calling area but outside the local calling area.

b. A subscriber-originated request for verification of an intraLATA long distance number other than an emergency agency number is a chargeable verification request if a Company operator determines that the line is in use. No charge applies if the line is out of order.

.2 Emergency Interrupt Service

a. The Company furnishes Emergency Interrupt Service when a subscriber who has originated a verification request to a line which has been found in a busy talking state informs the operator that an urgent or emergency situation exists and requests that the operator have the busy line cleared.

b. A subscriber-originated request for Emergency Interrupt to an intraLATA long distance number other than an emergency agency number is a chargeable Emergency Interrupt request.

A103. OBSOLETE BASIC LOCAL EXCHANGE SERVICE

A103.4 Verizon Local Calling Plans (Continued)

.3 Rates

a. Application of Rates

The rates shown herein entitle the customer to local messages to all telephones of the exchanges of the expanded local calling area listed in A103.4.4 following.

b. LCP Category Determination

The determination of which LCP category into which a particular exchange will fall when optional local calling plans are made available is calculated using two basic factors. The first is the current rate group where the exchange is located, which is based on the number of main station lines and PBX trunks in the existing local calling area. There are five of these groups in the tariff as shown in Section A3.2, Rate Schedules. The second factor is the total number of local access lines in the LCP expanded local calling area for a particular exchange at the time of implementation. These expanded calling scopes are divided into three classifications: 200,000 or less lines; 200,001 to 500,000 lines; and 500,001 and greater. There are nine potential LCP rating categories. Exchanges currently in Rate Groups 1 and 2 that receive LCP capability will be assigned to Categories I, II or III. Exchanges in local rate groups 3 and 4 will be assigned to Categories IV, V, or VI; and exchanges in local calling area 5 will be assigned to Categories VII, VIII, or IX. For example, an exchange in current Rate Group 3 that offers the LCP with an expanded LCP local calling area of over 200,001 local access lines, but less than 500,000 local access lines, will fall into LCP rating Category V.

(19) Flexible Packaging

- (a) Flexible packaging offers a monthly discount on specific Verizon calling services, CCLASS, and/or Enhanced Call Forwarding Service features. (T)

Flexible packaging is available to residence individual line customers only.

When the customer orders four (4) or more of the eligible features, the discount applies to all eligible features. The discount percentage is applied to the total of the individual feature rates subscribed to by the customer. All features ordered by the customer must be on the same residence account.

Any feature may be substituted for another, or additional features may be ordered at a later date. The combination of features is not important to the discount, only the number of features.

If the customer removes an eligible feature (or features) so that the total subscribed to for this package is less than four (4), the discount percentage will not apply and the individual feature rates as specified in Sections A13.14.3 and A13.14.4 of this Tariff will apply.

- (b) The following features are eligible for the flexible packaging discount offering:²

- Automatic Busy Redial
- Automatic Call Return
- Call Block
- Call Forwarding-Variable
- Call Waiting/Cancel Call Waiting
- Caller ID-Name and Number
- Caller ID-Number
- Enhanced Call Forwarding Service (as specified in Section A13.41 of this Tariff)
- Distinctive Ring
- Special Call Acceptance
- Special Call Forwarding
- Speed Calling (8-Code)
- Speed Calling (30-Code)
- Three-Way Calling
- VIP Alert

- (c) The applicable monthly discount for flexible packaging is forty percent (40%)

¹ The provision of these Packages will be continued for existing customers only; not available for new requests. Should an existing customer request a change from these Packages, he will automatically revert to those Packages/Features as specified in Section A13 of this tariff. (T)

² Anonymous Call Block and Enhanced Call Forwarding Service Optional Features are not included toward the threshold. The rates, however, will be discounted if the threshold quantity is met. (T)

A2.3 Establishment and Furnishing of Service (Continued)

.15 Vacation Service (Continued)

a. General (Continued)

- (5) No outward or inward service is provided during the period of Vacation Service. At the request of the subscriber, inward calls to a station at which service is suspended may be referred to the call number of another station in the same or a distant exchange.
- (6) Monthly bills for line service are rendered at the Vacation Service rate during the Vacation Service period and are to be paid in accordance with regular collection practices.
- (7) During the period of Vacation Service, no installations, moves, changes or maintenance will be provided. Changes to billing address will be allowed.
- (8) The customer may request a restoration date in advance of the maximum allowable vacation period, otherwise complete service and billing will be restored on the last day of the maximum allowable vacation period of nine (9) months.

b. Application of Charges

(1) Residence Service

(a) The charge for residence main station service during the period of suspension is as follows:

	<u>Monthly</u>
Residential	\$ 6.50

(2) Business Service

(a) The charge for business service during the period of suspension is as follows:

Business	\$ 165.00	(i)
Business Rotary	20.12	

- (3) During the period the customer is furnished Vacation Service, Miscellaneous Calling Services directly associated with the line service will not be charged.

Any Miscellaneous Services not directly associated with the line service, such as Directory Listing or Operator Service, will continue at the standard tariff rates.

- (4) A Seasonal Service Establishment Charge as specified in Section A4.3.9 of this Tariff shall apply at the time a business or residence customer requests Vacation Service.

No service order charges apply to restore service at the completion of the Vacation Service period.

- (5) The federal End User Access Charge specified in Tariff FCC No. 14 is applicable during Vacation Service.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.1 General

- .1 This Tariff specifies rate schedules applicable for grades and classes of local exchange service ordered.
- .2 Exchange rate schedules are applied according to the total number of main station lines and PBX trunks in the local service area.
- .3 Exchange Service Areas for each exchange are identified on maps filed in Section A200, Local Exchange Service Area Maps and Descriptions, of this Tariff.
- .4 The rates for service and equipment not specifically shown in this section are presented in other sections of this Tariff. (See Note 3)
- .5 Service charges, as covered in Section A4., are applicable to the provision of basic local exchange service.
- .6 Pursuant to passage of the Telecommunications Access Systems Act of 1991 by the Florida Legislature during the 1991 session, a monthly surcharge shall be imposed on all local exchange telecommunications company customers on an individual access line basis, except that such surcharge shall not be imposed upon more than 25 basic telecommunications access lines per account bill rendered. The Commission shall determine the amount of the surcharge; however, in no case shall the amount exceed 25 cents per line per month. The surcharge shall appear on the initial bill to the customer and itemized at least once annually.

.3 Regrouping Procedures

a. Whenever the number of access lines in the local calling area of an exchange increases or decreases to the extent that such exchange would fall into a different rate group, a revised Tariff shall be filed for authority to reclassify the exchange to its appropriate group. The effective date of the proposed rate change shall be the effective date of the next directory for the affected exchange or 60 days after the date of filing the tariff whichever is later.

(1) The rate group in which an exchange falls shall be determined by the peak number of access lines in the exchange's local calling area since the effective date of the preceding directory.

A3.3 Monthly Exchange Rates

.1 General

a. Monthly exchange rates shown in A3.2 are applicable, in each exchange, for grades and classes of basic local exchange service offered.

.2 Message Rate Service - Individual Line

a. Subscribers to business or residence message rate service are regularly billed monthly in advance at the rate quoted in this tariff for the class of service furnished. Messages in excess of the monthly allowance are billed monthly in arrears. Local messages not used in one month are not credited to the subscriber's account for any other month service is rendered.

b. Subscribers are entitled to the number of messages specified in A3.2.2 to all central office lines bearing the designations of exchanges listed in A3.5, Local Calling Area, for the respective exchange.

c. Business Message Rate Service and Residence Message Rate Service are available in all exchanges and in all new rate groups. See Section A3.2.2 for specific rates by rate group.

(d) Lifeline Service can only be associated with the primary residential connection.

(e) Lifeline Toll Restriction Service (IOSC: 40696) is available on a voluntary basis where technically feasible to Florida Lifeline Assistance Plan customers at no charge. Lifeline Toll Restriction Service prevents 0+, 00-, 1+NPA-NXX-XXXX, 1010XXXX, International (01+), Directory Assistance (411, 1+411, 0+411, 555-1212, 1+/0+ 555-1212, 1+/0+ NPA-555-1212), 1+900 calls, 1+700, 976 calls and IntraLATA toll while allowing access to local, 611, 911, 0-, 1+800/888 etc., 950-XXXX and 1+950-XXXX calls and EAS calls. Access to Directory Assistance is available to Lifeline customers by dialing 0-. Access to Service Activation Codes "*/#" (e.g., *66, *69) is also allowed. Upon customer request, some Service Activation Codes may be blocked at no charge, where conditions and facilities permit.

Lifeline customers may receive toll limitation services without charge. Toll limitation services include voluntary toll control and toll blocking. Toll control allows the customer to specify a certain dollar amount of toll usage which is acceptable to the Company that may be incurred on his telephone service. Toll blocking will take effect once the customer's requested toll limitation amount is exceeded.

(f) Lifeline Service may not be disconnected for non-payment of toll charges.

(g) Deposit requirements do not apply to Lifeline Service customers if toll blocking is employed.

(h) A deposit may be required for Lifeline customers if toll control is employed.

(i) The Company may require payment arrangements for outstanding debt associated with local service and associated taxes and fees. Such arrangements are not to exceed a four month period. Customers must subscribe to toll blocking service for any period of time that an unpaid balance for toll charges remains. In cases where Lifeline customers have paid the outstanding debt in full, the toll blocking option may be requested by the customer.

If a Lifeline applicant defaults on a payment agreement such default may constitute grounds for discontinuance of service. A Lifeline customer whose service has been disconnected for nonpayment of prior arrangements on a past due bill, may be required to satisfy total local unpaid outstanding charges prior to reconnection of service.

c. Rates and Charges

(1) A credit amount applies to the Lifeline customer's monthly bill as follows: ¹

	<u>Monthly Credit</u>
FCC Interstate Offset to End User Subscriber Line Charge (SLC)	See FCC No. 14
FCC Supplemental Amount	\$ 1.75
Additional FCC Supplemental Amount	1.75
Company's Matching Credit	3.50
Additional Company Credit	3.164-58 (1)

(2) For those existing customers who qualify for, and wish to change to, the Florida Lifeline Assistance Plan, no service charges shall apply.

(3) With the exception of the initial installation charges as specified for Link-Up service, Section A4.8 of this Tariff, all recurring and nonrecurring charges for any service ordered by the customer shall be billed at the tariffed rates.

(4) When a customer is no longer eligible for Lifeline Service, the Lifeline credit amount specified in (1) preceding, will be discontinued and regular tariffed rates and charges will apply.

¹ The customer shall not receive a credit in excess of the Main Station Line and Subscriber Line Charge totals when the totals are less than the Lifeline total credit.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.4 Exceptions to Basic Local Exchange Service (Continued)

.4 Transitional Lifeline Assistance Program

a. General

(1) Transitional Lifeline Assistance is a state program which provides a 30% reduction of the applicable monthly exchange flat rate for residential basic local service for subscribers who no longer qualify for the Lifeline Assistance Program.

b. Regulations

(2) A Lifeline Assistance subscriber who requests this service will receive the discounted rate for a period of one (1) year from the date the subscriber ceases to be qualified for the Lifeline Assistance Program.

.5 Native American Lifeline

a. Residential customers who reside on federally recognized tribal lands are eligible to receive additional enhanced federal Lifeline support in order to reduce the price for basic local telephone service.

b. An individual living on tribal lands shall qualify for an additional enhanced federal Lifeline credit of up to \$25.00 per month if the individual participates in any state or federal programs identified in the preceding Section 3.4.3 or one of the following assistance programs:

- Bureau of Indian Affairs General Assistance
- Tribally Administered Temporary Assistance for Needy Families
- Head Start (only those meeting its income qualifying standard)
- National School Lunch Program (free meals program only)

c. If a resident of a federally recognized tribal land satisfies the state's Lifeline eligibility criteria as defined in Section 3.4.3, the resident will receive the state support, as well as the additional enhanced federal support. Lifeline customers residing on tribal lands will pay no less than \$1.00 per month for basic local telephone service.

d. The additional enhanced federal credit will be available to Lifeline customers who reside on tribal lands in the following exchanges:

<u>Tribal Land</u>	<u>Exchange</u>	<u>Credit</u>
Seminole Tribe, Tampa Reservation	Tampa	\$4. 5932 (1)

A3. BASIC LOCAL EXCHANGE SERVICE

A3.10 Directory Assistance Service (Continued)

.1 General (Continued)

d. Business Line Call Completion (BLCC) (Continued)

- (2) The mechanized announcement will instruct the caller that he may have his call automatically completed at no additional charge by depressing a specific digit on the touch-tone key pad. For all completed calls, the BLCC surcharge will be reversed to the business customer receiving the call. The caller shall remain responsible for any other applicable local message charges and/or Directory Assistance charges.
- (3) Business Line Call Completion (BLCC) will only be furnished where facilities and operating conditions permit.
- (4) Business Line Call Completion (BLCC) will not be provided to the following services:
- Residence Service
 - 800/877/888 Service
 - 976 Service
 - 900 Service
 - Inmate Telephone Service (ITS)
 - Public Telephone Access Service (PATS) for Customer-Provided Equipment (CPE)
 - Feature Group A Service
 - Cellular Carriers
- (5) The Telephone Company assumes no responsibility or liability for any errors in the information furnished. The caller shall indemnify the Telephone Company and hold it free and harmless of and from any and all claims, demands or damages that shall arise from the use of the service.
- (a) This service is furnished solely for the telephone calling purposes of the caller.
- (b) Provisions concerning limitations of liability and allowance for interruption of service are as set forth in Section A2 of this Tariff.
- (6) This offering provides call completion on a Local Access and Transport Area (LATA) basis.
- (7) If call completion is paid for under the terms of BLCC, the Directory Connect Plussm charge as specified in Section A3.10.2c. will not apply to the business customer or the caller.

.2 Rates

- a. Where the subscriber direct dials the Local Directory Assistance number 1411, the charge for each call (maximum of two requested telephone numbers per call) is ~~\$1.25.85 cents~~. (1)
- (1) A residential subscriber is allowed three Directory Assistance calls per access line and a business subscriber is allowed one Directory Assistance call per PBX trunk line per billing period at no charge when the local Directory Assistance number 1411 is used. A subscriber to CENTREX Service is allowed one Directory Assistance call per month for each main CENTREX station line at no charge. A subscriber to CentraNet[®] Service is allowed one Directory Assistance call per month for each CentraNet[®] main station line at no charge.

A6. DIRECTORY LISTINGS

A6.3 Residence Listings (Continued)

.3 Dual Name Listings

- a. Dual name listings may be provided for customers subscribing to residence service who share the same surname and reside at the same address.
- b. Dual name listings may be provided as the primary listing at no recurring charge for the addition of the second name to the listing.
- c. Dual name listings may be provided as an additional listing at the subscriber's option, at the regular additional listing rate.

.4 Business Designations

- a. The designation in a business listing consists of a word or phrase, abbreviated where necessary, that describes the general character of the subscriber's business. Designations will not be used where the name under which the subscriber is doing business indicates the character of the business. The listing of an individual, together with his title and the name of the business with which he is associated or represents, in lieu of a designation of the general character of the business, is not permitted. Likewise, the listing of the name of a firm or corporation, together with the name or name and title of an individual connected therewith, in lieu of a business designation is not permitted.

A6.4 Nonpublished Telephone Numbers

.1 Upon request a subscriber's primary telephone number may be "nonpublished" subject to the following conditions:

- a. A nonpublished telephone number is omitted from both the telephone alphabetical directory and information records available to the general public. However, when a call is placed from a telephone number associated with a nonpublished listing, the number may be disclosed if the called party has the necessary equipment for receiving and/or disclosing incoming telephone numbers.
- b. Requests for nonpublished numbers will be accepted only when, in the judgment of the Company, such an arrangement will not be detrimental to the service in general.
- c. Incoming calls to nonpublished numbers will be connected only when the calling party places the call by the correct number. The Company will not connect a call to a nonpublished subscriber on behalf of another caller when the caller does not furnish the nonpublished number to the Company. The Company will adhere to this practice notwithstanding any claim of emergency the calling party may present. The acceptance by the Company of the subscriber's request to refrain from publishing his telephone number in the directory does not create any relationship or obligation, directly or indirectly, to any person other than the subscriber.
- d. In the absence of gross negligence or willful misconduct, no liability for damages arising from publishing a nonpublished number in the directory or disclosing said number to any person shall attach to the Company and, where such a number is published in the directory, the Company's liability shall be limited to and satisfied by a refund of any monthly charges which the Company may have made for such nonpublished number. At the subscriber's request, the Company will change the nonpublished telephone number at no charge to the subscriber.
- e. Telephone numbers transmitted via Caller ID are intended solely for the use of the caller ID customer. Resale of this information is prohibited as described in Section A13 of this Tariff.

.2 Rates

- a. A rate of \$4.~~55~~00 a month applies for each nonpublished telephone number.

(i)

A6. DIRECTORY LISTINGS

A6.6 Additional Listing Charges (Continued)

.2 Rates

- a. Additional name listings in excess of those permitted without extra charge, directional calling information, and listings for clients of Shared Tenant Service operations and additional line matter, where permitted, are furnished at the following monthly rates:

	<u>Monthly Rate</u>
(1) Residence	\$ 3.002-50 (1)
(2) Business	4.003-15 (1)

A6.7 Miscellaneous Listings

.1 Toll Stations

- a. Listings of Toll Stations connected with a central office, installed at either business or residence location, are furnished under the regulations specified above for business and residence listings respectively.

.2 Reference Listings

- a. Reference listings may be furnished to subscribers who change their names, absorb other businesses, or subdivided their business and have authority to continue the use of the old name, and in other cases when, in the judgment of the Company, they are considered necessary and are not intended for advertising purposes. Such listings are furnished at the regular rate for additional listings.

a. Directory Assistance Service

Rate

(1) Each Call	\$ 1.2585	(1)
---------------	----------------------	-----

.2 Subscribers who have been certified as unable to use a directory because of a visual or physical handicap are allowed 50 calls per billing cycle at no charge.

.3 When a customer elects to have a call automatically completed to the number for which the Directory Assistance Listing was requested (Directory Connect Plussm), a surcharge of 45 cents shall apply per call. The Directory Connect Plussm surcharge is in addition to any applicable Directory Assistance and/or IntraLATA local or toll charges.

.4 Directory Connect Plussm and Business Line Call Completion (BLCC) are not subject to optional calling plan discounts. However, the usage associated with a call completed via Directory Connect Plussm or BLCC will be subject to any applicable discounts.

.5 The Business Line Call Completion (BLCC) charge shall be 45 cents for each call completed. This charge shall be billed to the customer subscribing to BLCC which receives the call. The BLCC caller (person who places the call) shall be responsible for any applicable IntraLATA toll charges.

A18.9 IntraLATA LONG DISTANCE VERIFICATION AND EMERGENCY INTERRUPT SERVICE

A18.9.1 General

Verification and Emergency Interrupt Service is furnished where and to the extent that facilities permit. The customer shall indemnify and save the Company harmless against all claims that may arise from either party to the interrupted call or any person.

.1 Verification

a. The Company furnishes Verification Service for the purpose of aiding subscribers with legitimate call completion problems. Upon request, the operator will verify and provide the line status condition of a subscriber line within the intraLATA calling area but outside the local calling area.

b. A subscriber-originated request for verification of an intraLATA long distance number other than an emergency agency number is a chargeable verification request if a Company operator determines that the line is in use. No charge applies if the line is out of order.

.2 Emergency Interrupt Service

a. The Company furnishes Emergency Interrupt Service when a subscriber who has originated a verification request to a line which has been found in a busy talking state informs the operator that an urgent or emergency situation exists and requests that the operator have the busy line cleared.

b. A subscriber-originated request for Emergency Interrupt to an intraLATA long distance number other than an emergency agency number is a chargeable Emergency Interrupt request.

A103. OBSOLETE BASIC LOCAL EXCHANGE SERVICE

A103.4 Verizon Local Calling Plans (Continued)

.3 Rates

a. Application of Rates

The rates shown herein entitle the customer to local messages to all telephones of the exchanges of the expanded local calling area listed in A103.4.4 following.

b. LCP Category Determination

The determination of which LCP category into which a particular exchange will fall when optional local calling plans are made available is calculated using two basic factors. The first is the current rate group where the exchange is located, which is based on the number of main station lines and PBX trunks in the existing local calling area. There are five of these groups in the tariff as shown in Section A3.2, Rate Schedules. The second factor is the total number of local access lines in the LCP expanded local calling area for a particular exchange at the time of implementation. These expanded calling scopes are divided into three classifications: 200,000 or less lines; 200,001 to 500,000 lines; and 500,001 and greater. There are nine potential LCP rating categories. Exchanges currently in Rate Groups 1 and 2 that receive LCP capability will be assigned to Categories I, II or III. Exchanges in local rate groups 3 and 4 will be assigned to Categories IV, V, or VI; and exchanges in local calling area 5 will be assigned to Categories VII, VIII, or IX. For example, an exchange in current Rate Group 3 that offers the LCP with an expanded LCP local calling area of over 200,001 local access lines, but less than 500,000 local access lines, will fall into LCP rating Category V.

(19) Flexible Packaging

- (a) Flexible packaging offers a monthly discount on specific VerizonGTE calling services, CCLASS, and/or Enhanced Call Forwarding Service features. (1)

Flexible packaging is available to residence individual line customers only.

When the customer orders four (4) or more of the eligible features, the discount applies to all eligible features. The discount percentage is applied to the total of the individual feature rates subscribed to by the customer. All features ordered by the customer must be on the same residence account.

Any feature may be substituted for another, or additional features may be ordered at a later date. The combination of features is not important to the discount, only the number of features.

If the customer removes an eligible feature (or features) so that the total subscribed to for this package is less than four (4), the discount percentage will not apply and the individual feature rates as specified in Sections A13.14.3 and A13.14.4 of this Tariff will apply.

- (b) The following features are eligible for the flexible packaging discount offering:¹

- Automatic Busy Redial
- Automatic Call Return
- Call Block
- Call Forwarding-Variable
- Call Waiting/Cancel Call Waiting
- Caller ID-Name and Number

7. DEDICATED ACCESS SERVICES

7.8 Miscellaneous Dedicated Access Services

7.8.1 Clear Channel Capability (USOC - CCO)

(A) Description of Service

An arrangement that allows the customer to transport 1.536 Mbps of information through a DS1 with no constraint on the quantity or sequence of one (mark) and zero (space) bits utilizing the Bipolar with Eight Zero Substitution (B8ZS) method of providing bit sequence independence. This arrangement is capable of transporting DS1 signals which utilize Superframe or Extended Superframe Format (ESF) as defined by the American National Standards Institute (ANSI) T1.107-1988 standard. The installation interval for Clear Channel Capability may exceed standard intervals where equipment in the central office is not readily available. The charges apply on a per Local Channel basis.

This arrangement requires the customer signal at the channel interface to conform to the B8ZS method of providing bit sequence independence.

The DS1 Special Access Line provided under this tariff will not be billed when used with Integrated Services Digital Network (ISDN) Primary Rate Interface (PRI) that uses alternate higher capacity digital facilities for the loop transport. This includes, i.e., providing service under the Tariff FCC No. 14, Section 20 – Optical Networking when the optical node is at the same location, DS3s, or comparable local tariffs and special assemblies. A DS1 Special Access Line provided to the serving wire center at which the customer obtains ISDN PRI Service will be transmitted with B8ZS Clear Channel Capability per Technical Reference Publication GR-342, Issue 1.

7. DEDICATED ACCESS SERVICES

7.8 Miscellaneous Dedicated Access Services

7.8.1 Clear Channel Capability (USOC - CCO)

(A) Description of Service

An arrangement that allows the customer to transport 1.536 Mbps of information through a DS1 with no constraint on the quantity or sequence of one (mark) and zero (space) bits utilizing the Bipolar with Eight Zero Substitution (B8ZS) method of providing bit sequence independence. This arrangement is capable of transporting DS1 signals which utilize Superframe or Extended Superframe Format (ESF) as defined by the American National Standards Institute (ANSI) T1.107-1988 standard. The installation interval for Clear Channel Capability may exceed standard intervals where equipment in the central office is not readily available. The charges apply on a per Local Channel basis.

This arrangement requires the customer signal at the channel interface to conform to the B8ZS method of providing bit sequence independence.

The DS1 Special Access Line provided under this tariff will not be billed when used with Integrated Services Digital Network (ISDN) Primary Rate Interface (PRI) that uses alternate higher capacity digital facilities for the loop transport. This includes, i.e., providing service under the Tariff FCC No. 14, Section 20 – Optical Networking when the optical node is at the same location, DS3s, or comparable local tariffs and special assemblies. A DS1 Special Access Line provided to the serving wire center at which the customer obtains ISDN PRI Service will be transmitted with B8ZS Clear Channel Capability per Technical Reference Publication GR-342, Issue 1.
