Enclosed are the following tariff sheets:

Index Section	Seventh Revised Sheet 31
	Fourth Revised Sheet 46
Section A13	First Revised Sheets 51, 52, 53 and 54

The purpose of this filing is to add the 511 Service to the Quincy Telephone Company service offerings. 511 Service is a three-digit local dialing arrangement available in specified areas for the delivery of travel information services via voice grade facilities.

The Federal Communications Commission (FCC) Order No. 00-256 has established that a uniform use of N11 codes was in the public interest and ordered telephone companies to implement them in response to the authority delegated to the state's Public Utilities Commissions.

The proposed effective date is July 7, 2005.

If you have any questions, please call me at (608) 664-4186.

Sincerely,

A handwritten signature in cursive script that reads "Lorraine Murphy".
