Re: Energy Conservation Cost Recovery Clause
FPSC Docket No. 20230002-EG

Dear Mr. Teitzman:

Attached for filing in the above docket on behalf of Tampa Electric Company is the Supplemental Petition of Tampa Electric Company, originally filed on August 4, 2023.

In the August 4, 2023 Petition, the company indicated that, at that time, the company had not completed the analysis to determine the other clause factors that are utilized to calculate and establish Tampa Electric's Price Responsive Load Management program ("RSVP-1") rates for the January through December 2024 period. The company indicated in its September 4th Petition that it would file the proposed RSVP-1 rates based upon the company's 2024 projected clause amounts for the ECCR, Fuel and Purchase Power Cost Recovery, Capacity Cost Recovery and Environmental Cost Recovery Clauses after those factors were calculated. The company has now completed all the other clause factors utilized to calculate and establish the RSVP-1 rates for the January through December 2024 period and is included the proposed RSVP-1 rates in this Supplemental Petition.

Thank you for your assistance in connection with this matter.

Sincerely,

A handwritten signature in blue ink that reads "Malcolm N. Means".
