EU's Responses to Staff's Seventh Set of
Interrogatories, Nos. 30-32

RESPONSES TO STAFF'S SEVENTH INTERROGATORIES

30. Please refer to page 36 of Exhibit JHC-1 (Collection System Recommendation). In this exhibit, it is recommended that a low pressure sewer (LPS) collection system be used rather than a vacuum sewer system. Will Environmental Utility follow this recommendation and implement the LPS collection system? If not, why not?

Response. Yes.

For the following questions please refer to Environmental Utility's response to OPC's first set of interrogatories, No. 1.

31. In this response Environmental Utility refers to 860 "mandatory existing customer connections."

a. Please explain if all 860 customers are required to connect to the sewer system in year one.

i. If yes, please identify the law, rule, statute, ordinance, or any other document(s) that specifically mandates customers convert from septic to central sewer.

RESPONSE: Yes. Section 3-8-41 of the Charlotte County Code, which is being produced in response to Staff's Fourth Request for Production of Documents and can be found on-line at:

https://library.municode.com/fl/charlotte_county/codes/code_of_ordinances?nodeId=PTIILADEGRMA_CH3-8WASE_ARTIISTWAWAUT_DIV4MACOAVWASESY

ii. If no, please explain the basis for Environmental Utility's belief that 860 customers will connect in year one.

32. Will Charlotte County continue issuing permits for septic systems within the proposed service area after central sewer is made available?

RESPONSE. No
