Sweatt-Whidden 230 kV transmission line in
Okeechobee, DeSoto, Highlands, and Glades

DOCKET NO. 20220045-EI
ORDER NO. PSC-2022-0170-CFO-EI
ISSUED: May 2, 2022

ORDER GRANTING FLORIDA POWER AND LIGHT COMPANY'S REQUEST FOR
CONFIDENTIAL CLASSIFICATION OF DOCUMENT NO. 02215-2022

On April 1, 2022, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power and Light Company (FPL) filed a Request for Confidential Classification (Request) for specific information contained in exhibits and attachments included with FPL's Petition for Determination of Need for Sweatt-Whidden 230 kV Transmission Line in Okeechobee, DeSoto, Highlands, and Glades Counties and prefiled testimony of FPL witness Francisco Prieto. These have been assigned Document No. 02215-2022. This request was filed in Docket No. 20220045.

Request for Confidential Classification

FPL contends that the information contained in Exhibit A constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL asserts that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL further avers that the highlighted rates and terms in Document No. 02215-2022 represent contractual information that is proprietary and confidential business information, and its disclosure would cause harm to FPL and its customers. FPL provides a justification matrix in Exhibit C. FPL argues that such information is entitled to confidential classification pursuant to Section 366.093(3)(c).

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (c) Security measures, systems, or procedures.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in FPL's Request appears to contain information concerning proprietary and confidential business information, and its disclosure would cause harm to FPL and its customers. Thus, the information identified in Document No. 02215-2022 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Mike La Rosa, as Prehearing Officer, that Florida Power and Light Company's Request for Confidential Classification of Document No. 02215-2022 is granted. It is further

ORDERED that the information in Document No. 02215-2022, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Florida Power and Light Company or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Mike La Rosa, as Prehearing Officer, this 2nd day of May, 2022.
