

October 17, 2005

Ms. Beth Salak, Director
Florida Public Service Commission
Division of Competitive Markets and Enforcement
2540 Shumard Oak Boulevard
Tallahassee, FL 32399-0850

RE: Quincy Telephone Company: Change to IntraLATA Presubscription and Simultaneous InterLATA/IntraLATA PIC Change Charges

Dear Ms. Salak:

Enclosed are the following tariff sheets:

Table of Contents	Third Revised Contents Sheet 1
Index	Seventh Revised Sheet 25
	Fourth Revised Index Sheet 46
Section A2	Seventh Revised Sheet 36
Section A8	First Revised Content Sheet No. 1
	Second Revised Sheets No. 1, 2 and 3

The purpose of this filing is to add the IntraLATA Presubscription Service language, change the rate and add a rate for the Simultaneous IntraLATA/InterLATA PIC Changes. The F.C.C. has ordered that companies reduce their interstate rates to \$1.25 for the individual interLATA PIC change and half of that rate (\$0.62) for a simultaneous IntraLATA/InterLATA PIC change.

Quincy Telephone Company is making this filing to mimic these interstate changes on the intrastate side for intraLATA PIC changes, effective November 1, 2005.

The redline tariff pages are also included with this filing.

The proposed effective date is November 1, 2005.

If you have any questions, please call me at (608) 664-4186.

Sincerely,

A handwritten signature in black ink that reads "Lorraine Murphy". The signature is written in a cursive, flowing style.

Lorraine Murphy

GENERAL REGULATIONS

I. SALE OR BASE RATE TERMINAL EQUIPMENT BY THE TELEPHONE COMPANY

1. The sale price shall be above net book value as long as market conditions permit. The Company will consider selling terminal equipment at net book value, less cost of removal, if such equipment is not otherwise marketable. Under no circumstances will terminal equipment be sold for less than its salvage value.
2. All other terms and conditions of sale will be on a negotiated basis and reduced to a written agreement on a case-by-case basis for systems. In no event, however, will agreement contradict the provisions of this tariff.

J. ACCESS SERVICE

Quincy Telephone Company d/b/a TDS TELECOM/Quincy Telephone, hereinafter called the concurring company, except as specifically stated herein, assents to, adopts, and concurs in the Access Service Tariff, filed with the Public Service Commission of Florida by the Southern Bell Telephone and Telegraph Company, hereinafter called the issuing company, as such tariff now exists, or as it may be revised, added to, or supplemented by superseding sheets or issues, for Access Service furnished by the issuing company and the concurring company (including such services as are also participated in by one or more other companies), and hereby makes itself a party thereto and obligates itself to observe each and every provision thereof.

The following exceptions apply to the above concurrence:

1. Access Services Tariff, Section E13.3.3, Equal Access Subscription (T)
 - a. This section does not apply to Intrastate Services. (T)

INTRALATA PRESUBSCRIPTION

INTRALATA PRESUBSCRIPTION

A. General

IntraLATA Presubscription is a procedure whereby a customer designates to the Telephone Company the carrier which the customer wishes to be the carrier of choice for intraLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. IntraLATA Presubscription does not prevent a customer, who has presubscribed to an intraLATA toll carrier, from using carrier access codes or additional dialing to direct calls to an alternative intraLATA toll carrier on a per call basis.

All intraLATA toll message calls are subject to IntraLATA Presubscription. An intraLATA toll message call is a completed call on the public switched network between the originating location and a terminating location within a given LATA, but outside the local service area of the originating location.

All 0- calls, calls to 1-HNPA-555-1212 or 555-1212, 411, 611, 911, Public Announcement Service calls (976-XXXX), and all local calls, including Extended Area Service (EAS) and Expanded Local Calling calls, are excluded from IntraLATA Presubscription. Calls using the 500, 700, 800 series, or 900 service access codes shall be routed in accordance with the North American Numbering Plan.

B. IntraLATA Presubscription Options

Option A: Customer may select any carrier choosing to provide intraLATA toll service as the presubscribed carrier for intraLATA toll calls subject to Presubscription.

Option B: Customer may select no presubscribed carrier for intraLATA toll calls subject to Presubscription which will require the customer to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

INTRALATA PRESUBSCRIPTION

INTRALATA PRESUBSCRIPTION (Continued)

(N)

C. Rules and Regulations

Customers of record as of the effective date of this tariff will retain their current dialing arrangements until they request that their dialing arrangements be changed.

Customers of record or new customers may select either Options A or B for intraLATA Presubscription.

Customers may change their Option and/or their presubscribed IntraLATA toll carrier at any time subject to charges specified in Paragraph D.2. below.

D. IntraLATA Presubscription Charges

1. Applications of Charges

Customers will be allowed to make an initial PIC free of charge during the first **one hundred and twenty (120) days** following the implementation date. After the initial PIC or the lapse of the first **one hundred and twenty (120) days** period, charges will be levied for each subsequent change of IntraLATA PIC.

New local service customers will be asked to select a carrier(s) for their intraLATA toll and interLATA calls subject to Presubscription at the time they place an order with the Telephone Company for local exchange service. If the new customer is unable to make a selection, at that time, the new customer will be read a random listing of all available intraLATA toll carriers to aid their selection. If the new customer is still unable to make a selection at that time, the Telephone Company will inform the new customer that he/she will be given ninety (90) days in which to inform the Telephone Company of an intraLATA toll Presubscription carrier choice at no charge. The new customer will also be informed that the Telephone Company will assess a charge for any selections made after the ninety (90) day window and that until such a selection is made, the customer will be required to dial a carrier access code to route all intraLATA toll calls.

After a customer's initial selection for a presubscribed intraLATA toll carrier, for any change thereafter, an IntraLATA Presubscription Change Charge, as set forth in Paragraph D.2 will apply. The applicable Presubscription charge for each interLATA PIC Change submitted is set forth in the National Exchange Carrier Association Tariff FCC No. 5, Section 13.4.

INTRALATA PRESUBSCRIPTION

1. **INTRALATA PRESUBSCRIPTION**

A. General

IntraLATA Presubscription is a procedure whereby a customer designates to the Telephone Company the carrier which the customer wishes to be the carrier of choice for intraLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. IntraLATA presubscription does not prevent a customer, who has presubscribed to an intraLATA toll carrier, from using carrier access codes or additional dialing to direct calls to an alternative intraLATA toll carrier on a per call basis.

All intraLATA toll message calls are subject to IntraLATA Presubscription. An intraLATA toll message call is a completed call on the public switched network between the originating location and a terminating location within a given LATA, but outside the local service area of the originating location.

All 0- calls, calls to 1-HNPA-555-1212 or 555-1212, 411, 611, 911, Public Announcement Service calls (976-XXXX), and all local calls, including Extended Area Service (EAS) and Expanded Local Calling calls, are excluded from IntraLATA Presubscription. Calls using the 500, 700, 800 series, or 900 service access codes shall be routed in accordance with the North American Numbering Plan.

B. IntraLATA Presubscription Options

Option A: Customer may select any carrier choosing to provide intraLATA toll service as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option B: Customer may select no presubscribed carrier for intraLATA toll calls subject to presubscription which will require the customer to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

ISSUED:

EFFECTIVE:

BY:

INTRALATA PRESUBSCRIPTION

1. INTRALATA PRESUBSCRIPTION (Continued)

C. Rules and Regulations

Customers of record as of the effective date of this tariff will retain their current dialing arrangements until they request that their dialing arrangements be changed.

Customers of record or new customers may select either Options A or B for intraLATA Presubscription.

Customers may change their Option and/or their presubscribed IntraLATA toll carrier at any time subject to charges specified in Paragraph D.2. below.

D. IntraLATA Presubscription Charges

1. Applications of Charges

Customers will be allowed to make an initial PIC free of charge during the first **one hundred and twenty (120) days** following the implementation date. After the initial PIC or the lapse of the first **one hundred and twenty (120) day** period, charges will be levied for each subsequent change of IntraLATA PIC.

New local service customers will be asked to select a carrier(s) for their intraLATA toll and interLATA calls subject to presubscription at the time they place on order with the Telephone Company for local exchange service. If the new customer is unable to make a selection, at that time, the new customer will be read a random listing of all available intraLATA toll carriers to aid their selection. If the new customer is still unable to make a selection, at that time, the Telephone Company will inform the new customer that he/she will be given ninety (90) days in which to inform the Telephone Company of an intraLATA toll presubscription carrier choice at no charge. The new customer will also be informed that the Telephone Company will assess a charge for any selections made after the ninety (90) day window and that until such a selection is made, the customer will be required to dial a carrier access code to route all intraLATA toll calls.

After a customer's initial selection for a presubscribed intraLATA toll carrier, for any change thereafter, an IntraLATA Presubscription Change Charge, as set forth in Paragraph D.2. will apply. The applicable presubscription charge for each interLATA PIC Change submitted is set forth in the National Exchange Carrier Association Tariff FCC No. 5, Section 13.4.

INTRALATA PRESUBSCRIPTION

1. **INTRALATA PRESUBSCRIPTION** (Continued)

D. IntraLATA Presubscription Charges (Continued)

2. Non-recurring Charges

(a) IntraLATA Presubscription Change Charge (C)

Per business or residence line, trunk, or port

-- Initial line, trunk, or port \$1.25 (R)

(b) Simultaneous IntraLATA and InterLATA Change Charge (C)

Per business or residence line, trunk, or port

-- Initial line, trunk, or port \$0.62 (C)

(D)

(D)

E. IntraLATA Presubscription Implementation Charge (D)

The IntraLATA Presubscription Implementation Charge is a \$ per minute of use charge that is assessed to recover the Telephone Company's costs associated with the implementation of IntraLATA Presubscription. The charge is applied to all intrastate intraLATA switched access minutes originating and terminating in the wire center or wire centers. The IntraLATA Presubscription Implementation Charge becomes effective coincident with the implementation date of IntraLATA presubscription, unless otherwise ordered by the Commission, and will remain in effect for **three years**.

(D)

NOTE TO TARIFFS GROUP: IF YOU STILL HAVE AN IMPLEMENTATION CHARGE TARIFFED, YOU CAN MORE THAN LIKELY DELETE THAT, SINCE THE EFFECTIVE DATES FOR THAT CHARGE HAVE EXPIRED. DOUBLE CHECK INDIVIDUAL STATE TIMELINES.
