VERIZON FLORIDA INC.
Residential Rotary Vacation Service

Grandfathering of Residential Rotary Vacation Service

Executive Summary

Description of the Service

Residential rotary vacation service is the temporary suspension of service. During the vacation period the terms of service are as follows: 1. No outward or inward service is provided, 2. At request of the subscriber, inward calls to a station at which service is suspended may be referred to the call number of another station in the same or a distant exchange, 3. No installations, moves, changes or maintenance will be provided. Changes to billing address will be allowed, 4. Customers may request a restoration date in advance of the maximum allowable vacation period of nine months.

The Reasons for Grandfathering the Service

Residential rotary vacation service is obsolete and needs to be grandfathered from the tariff. With residential rotary service already grandfathered, the tariff states there can be no "additions, moves or changes" to existing grandfathered service, therefore residential rotary service customers cannot be offered vacation service making residential rotary vacation service obsolete.

Customers Currently in Service

As of March 2006, 3 customers are on residential rotary vacation service. Existing customers will continue on vacation service until their vacation term expires.

Customer Notification

Existing residential rotary service customers will be notified via a bill message that residential rotary vacation Service is to be grandfathered.
