This filing proposes rate changes for a number of services, most of which are obsolete (grandfathered) services to which few customers are subscribed. These rate changes will standardize the company's intrastate and interstate per minute rates for numerous services. In general, the rates for the services most customers are subscribed are not changing or are being reduced. For those services that are affected, the revised rates will result in the standardization of rates for similar services. In addition, the names of many of those services are being revised under this filing to better define the nature of the service and its associated rate. For example, the former "Nickel at Night" plan which, when originally introduced featured a \$.05 per minute interstate only evening rate with variable intrastate rates, is being revised to better reflect the rates now applicable in both the interstate and intrastate jurisdictions. Customers affected by service name changes have been advised of such, and all customers who will experience a rate increase have likewise been notified.

This filing additionally includes the discontinuance of two services. Nationwide, only 28 customers were subscribed to the grandfathered Unlimited Long Distance Canada - Option A Calling Plan option being discontinued. The use of EMBARQ Calling Card Service, also being discontinued, has been long declining due to the prevalence of prepaid calling cards and wireless phones. While the company has issued more than one million cards across its serving territory in conjunction with its long distance Dial-1 services, more than 800,000 of those cards have never been used. Nationwide, fewer than 4,000 EMBARQ Calling Cards have been used during the last six months. Customers are being notified of the calling card discontinuance over a several month period, with notice of that discontinuance also being provided in the letters customers received notifying them of their calling plan rate increases.

Additional grandfathered service options for which there is no remaining customer demand are deleted under this filing, with no impact to existing customers.

Commission consideration and timely approval of these pages are respectfully requested. If you have any questions or need additional information regarding this filing, please call me.

Sincerely,

Mary L. Matthews
