**RE: TL718, Quincy Telephone Company
Add Condition to Primary Rate Interface (PRI)**

Dear Ms. Salak:

Enclosed is the following tariff sheet:

Section A10 Third Revised Sheet 19

The purpose of this filing is to add a condition to the Primary Rate Interface (PRI). This condition specifies that this service is for use by the end-user customer only as a local switched service. PRI service is not available for use by Commercial Mobile Radio Carriers, Private Mobile Radio Carriers, Inter-exchange Carriers, VoIP Service Providers or other carriers or providers for use in aggregating or transporting inter-exchange traffic. The proposed effective date for this filing is April 6, 2011.

The redlined tariff sheets are also included with this filing.

If you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kris A. Groth', is written over a large, faint, stylized watermark or background signature.

2. PRIMARY RATE INTERFACE (PRI) (Continued)

E. REGULATIONS AND CONDITIONS (Continued)

5. Billable Call Treatment: Normal toll charges (including InWATS and OutWATS charges) shall apply to calls that are made outside of the Local Service Area.
6. Customer Premise Equipment (CPE):
 - a. This tariff does not include terminal equipment on the customer's premises. Terminal equipment may be covered under a separate tariff, sold or leased separately by the Telephone Company (under a separate contract), or may be provided by the customer.
 - b. The customer is responsible for providing the power required for any and all CPE connected to an ISDN-PRI.
7. The Telephone Company shall not be liable for any loss or damages arising out of error, interruptions, defects, failure, or malfunctions of ISDN services or associated equipment. Damages arising out of such interruptions, defects, failures, or malfunctions of the services after the Telephone Company has been notified, and has reasonable time for repair, shall in no event exceed an amount equivalent to the charges made for the service affected for the period following notice from the customer until service is restored.
8. Service Establishment Charges do not apply for the establishment of the Communication Channels when the customer signs an agreement to subscribe to ISDN-PRI for a minimum of 3 years. If the customer discontinues service prior to the conclusion of the 3 year agreement, the customer will incur a disconnection charge equal to the Service Establishment Charges. The disconnection charge will not apply if the customer purchases other services from the Company which replace ISDN-PRI service.
9. PRI Service is provided for use by the end-user customer only as a local switched service. PRI service is not available for use by Commercial Mobile Radio Carriers, Private Mobile Radio Carriers, Inter-exchange Carriers, VoIP Service Providers or other carriers or providers for use in aggregating or transporting inter-exchange traffic. Such usage is strictly prohibited by this Tariff. Other services designed for and intended for such use are offered by the Company specifically via interconnection agreement or the Access Tariff.
