F. PREPAID LOCAL TELEPHONE SERVICE

(N)

1. GENERAL

Prepaid Local Telephone Service (PLTS) is a residential payment plan where the Customer agrees to prepay the first month's service for an amount equal to one month's billing. Service includes, but is not limited to, a monthly service fee, optional service fees and applicable taxes. If the Customer wishes to receive service after the first month, the Customer agrees to prepay an amount equal to one month's billing which includes all services contracted for by the Customer at the time of application, taxes, fees and charges. Taxes, fees and charges as well as charges for Optional Services will be itemized separately on the Customer's monthly statement.

Customers will be sent a monthly statement for service during the following month. The statement will be mailed to the customer approximately fifteen days prior to the date on the statement. The customer must pay at the retail location where service was initially established or may call in to pay or pay in advance to avoid disconnection.

2. REGULATIONS

- a. Customers who are unable to pay the required charges to maintain their present local service may activate a PLTS plan.
- b. New customers who do not qualify for local service due to a poor credit history may subscribe to PLTS.
- c. Service Charges do not apply for installation of PLTS.
- d. The monthly rate for PLTS shall be in addition to any surcharges and fees established or authorized by a government entity, including but not limited to 911, subscriber line charge, sales tax and municipal fees.
- e. Customers are entitled to DA call allowances. All charges for additional Directory Assistance inquiries as specified in Section 3.6.2 of this Tariff must be paid in full when the next month's prepayment for PLTS is remitted.
- f. To prevent any additional charges, subscribers to PLTS will be required to have mandatory toll blocking and pay-per-use blocking placed on their telephone line and will not be permitted to originate 1+ or 0-/0+ toll services or caller-paid information services. It is the customer's responsibility not to make or receive calls for which additional charges are billed to the customer's telephone number. Subscribers to PLTS will have access to Directory Assistance, toll-free numbers, 911 service and dual party relay service.
