ORDER GRANTING MOTION FOR EXTENSION OF TIME

BY THE COMMISSION:

On January 24, 1989, Florida Municipal Electric Association, Inc. (FMEA), requested the Commission grant it an extension of time from March 1, 1989 until September 1, 1989, in which to mail conservation program announcements as required under Rule 25-17.053 (3)(c), Florida Administrative Code. The rule requires that every two years utilities, whose annual sales volume is less than 500 gigawatt hours, send out a program announcement to all of their eligible customers informing them of the utilities' conservation practices. We have proposed that the 1989 Legislature amend Section 366.82(1), Florida Statutes, the Florida Energy Efficiency and Conservation Act, to exempt from the requirements of the rule, "any person or entity providing electricity at retail to the public whose annual sales volume is less than 500 gigawatt hours".

FMEA indicates that it is presently in the process of taking orders from its member cities for program announcements and arranging for the designing and printing of these programs. However, in view of the pending proposed change to Section 366.82 (1), and because the requested delay will have no measurable impact on conservation goals, we find that it would be prudent to grant FMEA the requested extension of time.

In consideration of the foregoing, it is

ORDERED by the Florida Public Service Commission that Florida Municipal Electric Association, Inc.'s Motion for an Extension of Time from March 1, 1989 to September 1, 1989, is granted.

By ORDER of the Florida Public Service Commission, this 11th day of MAY, 1989.
