ORDER AMENDING CERTIFICATES TO INCLUDE  
ADDITIONAL TERRITORY

BY THE COMMISSION:

On July 13, 1989 General Development Utilities, Inc. (utility) applied for an amendment to Water Certificate No. 370-W and Sewer Certificate No. 320-S. The utility requested that two separate areas of territory be affected by the amendment. The area addressed in this Order is the school site, the other discrete area (residential area) of the amendment will be addressed at a later time. The application for the school site is in compliance with the provisions of Section 367.061, Florida Statutes. The appropriate filing fee, as prescribed by Section 367.141, Florida Statutes, has been paid.

Pursuant to Rule 25-30.035, Florida Administrative Code, adequate maps (territorial and systems) and legal description have been provided. Notice of the utility's intent to extend its service area, as prescribed by Rule 25-30.030, Florida Administrative Code, was published in the Ocala Star-Banner, a newspaper of general circulation, in Marion County, Florida on December 21 and 28, 1988 and January 4, 1989. Proof of notice by certified mail was sent to all interested governmental/regulatory agencies and all utilities within a four mile radius of the territory to be served. No protests were received.

The utility has installed the lines in the above-described area. We have reviewed the application relating to the school site and it is in compliance with all of the statutory requirements. Accordingly, we find that it is in the public interest to amend Water Certificate No. 370-W and Sewer Certificate No. 320-S for the territory described in Appendix A of the above-referenced application, which is attached to this Order and by reference incorporated herein. Additionally, revised tariff sheets shall be filed by October 1, 1989. This docket shall remain open until the previously-addressed
