In re: Investigation into the	)	DOCKET NO. 890779-EU
adequacy of the electrical	)	ORDER NO. 22462
transmission grid in North Florida.	)	ISSUED: 1-24-90
<hr/>		

ORDER GRANTING EXTENSION OF TIME

BY THE COMMISSION:

On December 18, 1989, Florida Power and Light Company (FPL) filed a motion requesting an extension of time until January 31, 1990, in which to respond to the Staff's second set of interrogatories.

FPL has requested the extension because it is currently involved in negotiating the allocation of transmission capacity with the other owners of the transmission facilities connecting Florida with Georgia. FPL believes that these negotiations will be facilitated if it is not requested to state particular positions in response to the interrogatories.

FPL's request is reasonable and will not prejudice the parties. It will therefore be granted.

It is therefore

ORDERED by the Florida Public Service Commission that Florida Power and Light Company is granted an extension of time until 5:00 p.m. on January 31, 1990 in which to file its response to Interrogatories Numbers 7 of Staff's Second Set of Interrogatories.

ORDERED by Commissioner Gerald L. Gunter, as Prehearing Officer, that this Order Granting Extension of Time shall govern the conduct of these proceedings as set forth above unless modified by the Commission.

By ORDER of Commissioner Gerald L. Gunter, Prehearing Officer, this 24th day of JANUARY, 1990.

GERALD L. GUNTER, Commissioner  
and Prehearing Officer
