ORDER APPROVING TARIFF

BY THE COMMISSION:

On August 16, 1990, St. Joseph Telephone and Telegraph Company (St. Joe) filed a tariff proposing to delete its foreign exchange listing service. This service is used by subscribers in one exchange served by St. Joe who desire listings in the directory of another exchange served by St. Joe. The Company plans to combine all of its directories into one larger directory beginning with the next directory publication. Since all subscribers served by the Company will be listed in a single directory this service will essentially be obsolete.

Listings for nonsubscribers is a separate service which will continue to be available and is intended for nonsubscribers who desire listings in the Company's directory. For example a resident of Tallahassee desiring a listing in the company's directory may obtain a listing through this service.

The Company states that approximately 200 customers presently subscribe to the Foreign Exchange Listing service. At \$.50 a month per subscriber this represents a total revenue of \$100 a month or \$1,200 per year. The Company thus expects an annual revenue loss of \$1,200 by deleting this service.

By publishing a single directory St. Joe will meet the needs of those subscribers who want their listings to reach a wider distribution. The subscribers will face no extra charge for this service and in fact will see a decrease in their monthly bills.

Based on the foregoing, it is
