ORDER APPROVING TARIFF FILING

BY THE COMMISSION:

On March 4, 1991, Southland Telephone Company (Southland or the Company) filed a tariff to add a custom calling service called, "Cancel Call Waiting," which will allow its customers to disable their Call Waiting feature for the duration of a telephone call. A customer will be able to accomplish this by dialing a code prior to placing a call. The Company perceives desire for the service by some of its subscribers.

Southland proposes monthly charges of \$1.75 for residential and \$2.25 for business subscribers. The Company estimates that the introduction of the service will yield 100 residential and 25 business subscribers and will produce an increase in monthly revenues of \$231.25. Southland's proposed Cancel Call Waiting rates are identical to the custom calling monthly rates Southland has in effect for its call forwarding, 3-way calling, call waiting and speed calling services.

We approve the tariff offering and find the proposed unbundled rates for this service to be appropriate.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the proposed tariff by Southland Telephone Company to initiate a new custom calling feature called "Cancel Call Waiting" is hereby approved. It is further

ORDERED that this tariff shall become effective on April 30, 1991. If a timely protest is filed, as set forth below, this tariff shall remain in effect with any increases held subject to
