ORDER GRANTING CONFIDENTIAL TREATMENT OF MATERIAL  
CONTAINED IN DOCUMENT NUMBER 6124-91

On June 19, 1991, Southern Bell Telephone and Telegraph Company (the Company) filed its Request for Specified Confidential Classification for material associated with Pocket Studies made in response to Commission Order No. 24148, issued on February 22, 1991. The material has been assigned Document Number 6124-91 by this Commission. The Company asserts that the material contains AT&T Communications of the Southern States, Inc. (AT&T) interLATA traffic data regarding toll routes in Volusia County received from AT&T pursuant to a nondisclosure agreement. The Company argues that disclosure of such information would cause AT&T competitive harm and would make it more difficult for the Company to obtain similar information from AT&T in the future. The Company concludes that this would make it difficult to plan future network deployment.

We accept the Company's arguments and find the information to be proprietary confidential business information pursuant to Rule 25-22.006, Florida Administrative Code, and Section 364.183, Florida Statutes.

Based on the foregoing, it is

ORDERED by Commissioner Michael McK. Wilson, as Prehearing Officer, that the Request for Specified Confidential Classification filed by Southern Bell Telephone and Telegraph Company for material contained in Document Number 6124-91 is granted in full pursuant to Rule 25-22.006, Florida Administrative Code, and Section 364.183, Florida Statutes for the reasons set forth above.
