ORDER ESTABLISHING A NEW DOCKET FOR CONSIDERATION OF FLORIDA
POWER CORPORATION'S CRYSTAL RIVER 3 8/89 AND 10/90 OUTAGES

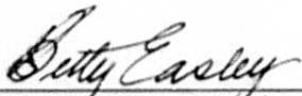

To avoid confusion in the administration of this active and continuing docket on fuel cost recovery, we will establish a separate docket for the Commission's consideration of Florida Power Corporation's Crystal River 3 August, 1989 and October, 1990 outages. Beginning September 5, 1991, the Crystal River 3 issues mentioned above will be heard in Docket No. 910925-EI, Recovery of Fuel Costs Associated with Florida Power Corporation's Crystal River 3 8/89 and 10/90 outages.

The establishment of this new docket is for administrative convenience only. The Commission retains its continuing jurisdiction over all matters considered previously in fuel cost recovery dockets.

The new docket number and title, and the separate Case Assignment and Scheduling Record established therein, shall be used by all parties, intervenors, or other interested persons, effective September 5, 1991. All documents related to the Crystal River 3 outages shall be filed in the new docket thereafter. The clerk is directed to copy into the new docket file all documents related to the Commission's consideration of the outages that have already been filed in Docket No. 910001-EI. It is therefore,

ORDERED that beginning September 5, 1991, all matters relating to Florida Power Corporation's Crystal River 3 8/89 and 10/90 outages shall be considered in Docket No. 910925-EI.

BY ORDER of Commissioner Betty Easley, as Prehearing Officer in Docket No. 910001-EI, this 10th day of SEPTEMBER, 1991.
