 BETTY EASLEY  
 MICHAEL McK. WILSON

ORDER AUTHORIZING FLORIDA POWER & LIGHT  
 COMPANY TO ISSUE AND SELL LONG-TERM,  
 DEBT, EQUITY SECURITIES, SHORT-TERM DEBT AND SECURITIES,  
 AND TO ENTER INTO FORWARD REFUNDING CONTRACTS

BY THE COMMISSION:

On August 30, 1991, Florida Power & Light Company (FPL) filed a petition with this Commission seeking authorization to issue and sell and/or exchange any combination of long-term debt and equity securities, and/or to issue liabilities or obligations as guarantor, endorser or surety during calendar year 1992 in an aggregate amount not to exceed \$1.5 billion and authority to issue and sell short-term securities during calendar years 1992 and 1993 in an amount such that the aggregate principal amount of short-term securities outstanding at the time of sale does not exceed 25% of FPL's gross revenues for the preceding twelve months. FPL also seeks authority to enter into forward refunding contracts during calendar year 1992, and in conjunction with those forward refunding contracts, seeks authority to issue and sell up to \$300 million of securities during the twelve months ending February, 1, 1995.

FPL advises that the long-term debt securities may take the form of first mortgage bonds, medium-term notes, debentures, convertibles or exchangeable debentures, notes, convertibles or exchangeable notes or other straight debt or hybrid debt securities with maturities ranging from one to forty years.

FPC-RECORDS/REPORTING

ORDER NO. 25253  
DOCKET NO. 910904-EI  
PAGE 2

FPL states it may also enter into installment purchase and security agreements, loan agreements, or other arrangements with political subdivisions of the State of Florida or issue guarantees in connection with such political subdivisions' issuance, for the ultimate benefit of FPL, of pollution control revenue bonds, solid waste disposal revenue bonds, industrial development revenue bonds, industrial development bonds, variable rate demand notes or other "private activity bonds" with maturities ranging from one to forty years, bond anticipation notes or commercial paper. Such obligations may or may not bear interest exempt from federal tax. In addition, in order to facilitate the obtaining of funds or to obtain a more favorable cost of money with respect to those funds, FPL indicates it may from time to time enter into nuclear fuel leases or issue instruments of guaranty or collateralization of debt obligations or other securities to be issued 1) by one or more of its subsidiaries or affiliates for the benefit of FPL's utility operations and/or 2) in connection with other financing by FPL or on its behalf. To the extent that FPL issues instruments for the guaranty or collateralization of debt obligations or other securities by one of more of its subsidiaries or affiliates, FPL indicates it acknowledges the burden of clearly demonstrating a benefit and the appropriateness to its utility operations.

According to FPL the equity securities may include common stock, preferred stock, preference stock, convertible preferred or preference stock, or warrants, options or rights to acquire such securities, or other equity securities, with such par values, terms and conditions and relative rights and preferences as deemed appropriate by FPL and as are permitted by its Restated Articles of Incorporation, as they may be amended and restated from time to time.

FPL further states the exchange of its securities may be by way of an exchange of one security of FPL for another security of FPL or of one of its subsidiaries or affiliates or the exchange of a security of FPL or of one of its subsidiaries or affiliates for the securities of another entity. The manner of issuance and sale and/or exchange of securities will be dependent upon the type of security being offered, the type of transaction in which the securities are being issued and sold and/or exchanged and market conditions at the time of the issuance and sale and/or exchange. The interest rate FPL could pay on debt securities will vary depending on the type of debt instruments and the terms thereof, including specifically the length of maturity.

ORDER NO. 25253  
DOCKET NO. 910904-EI  
PAGE 3

FPL states that the short-term securities will have maturities of not more than twelve months and may be secured or unsecured. The short-term securities will be issued and sold as required at any time by FPL for its business and operations, whether issued and sold publicly or directly to one or more banks, banking institutions, trust companies, lending institutions, brokers or dealers in commercial paper, financing agencies or other lenders, or indirectly through FPL's guarantees of bond anticipation notes issued by political subdivisions, in an amount or amounts such that the aggregate principal amount of short-term securities outstanding at the time of the sale shall not exceed 25% of FPL's gross revenues during the preceding twelve months of operation. The Securities and Exchange Commission has heretofore indicated through a no action letter that FPL may issue and sell commercial paper without compliance with the registration requirements of the Securities Act of 1933, as amended, subject to certain conditions including that FPL may have commercial paper borrowings outstanding up to an amount not to exceed 25% of FPL's gross revenues during the preceding twelve months of operation.

FPL further alleges the net proceeds to be received from the issuance and sale and/or exchange of the additional long-term debt and equity securities (with the exception of the proceeds of the issuance and sale of any pollution control revenue bonds, solid waste disposal revenue bonds, industrial development revenue bonds, industrial development bonds, variable rate demand notes or other "private activity bonds" or similar securities which will be used for specific purposes) will be added to FPL's general funds and will be used as follows: (i) to provide additional electric facilities; (ii) to reacquire, by redemption, purchase, exchange or otherwise, any of its outstanding debt securities or equity securities; (iii) to repay all or a portion of any maturing long-term obligations; (iv) to satisfy FPL's obligations under its nuclear fuel leases; (v) to repay all or a portion of short-term bank borrowings and commercial paper outstanding at the time of such transactions; and/or (vi) for other corporate purposes. Excess proceeds, if any, will be temporarily invested in short-term instruments pending their application to the foregoing purposes.

Also FPL indicates the short-term securities are to provide funds to temporarily finance portions of FPL's construction program and capital commitments and for other corporate purposes. During the 1992-93 period, FPL may need short-term financing for significant parts of its construction program, for seasonal fuel requirements, for contingency financing such as fuel adjustment underrecoveries or hurricane restoration costs, and for the temporary funding of maturing or called long-term debt securities and preferred stock sinking fund requirements.

ORDER NO. 25253  
DOCKET NO. 910904-EI  
PAGE 4

According to FPL's application the forward refunding contracts would be for the purpose of refunding up to \$300 million of pollution control revenue bonds which were issued on FPL's behalf and which become callable between May 1994 and April 1995. These pollution control revenue bonds were collateralized by FPL First Mortgage Bonds which include the following: 11-3/8% due May 2019 (\$60,000,000); 11% due October 2019 (\$147,260,000); 10% due April 2020 (\$61,200,000); 10% due April 2020 (\$8,635,000).

Based on the foregoing, it is

ORDERED that Florida Power & Light Company's request for authority to issue and sell and/or exchange any combination of long-term debt and equity securities and/or assume liabilities or obligations as guarantor, endorser or surety in an aggregate amount not to exceed \$1.5 billion during calendar year 1992 is granted. It is further

ORDERED that Florida Power & Light Company's request for authority to issue and sell short-term securities during the calendar years 1992 and 1993, in an amount or amounts such that the aggregate principal amount of short-term securities outstanding at the time of sale does not exceed 25 percent of FPL's gross revenues for the preceding 12 months of operation is granted. It is further

ORDERED that Florida Power & Light Company's request for authority to enter into forward refunding contracts during calendar year 1992, and to issue and sell up to \$300 million of securities during the twelve months ended February 1, 1995 which FPL shall commit to deliver under the forward refunding contracts is granted. It is further

ORDERED that Florida Power & Light Company file with the Commission a consummation report in compliance with Rule 25-8.009, Florida Administrative Code, within 90 days after the issuance of any long-term securities pursuant to the authorization conferred by this Order, provided that with respect to continuous offerings transactions which involve the issuance and sale of long-term securities from time to time, Florida Power & Light Company file with the Commission a consummation report containing the information required by Rule 25-8.009, Florida Administrative Code, not later than 90 days after the earlier of the (i) close of the calendar year or (ii) closing of the final sale which terminates the continuous offering transaction. It is further

ORDERED that Florida Power & Light Company file with the Commission on or before the 25th day of the first month of each calendar quarter hereafter a statement showing the total amount of

ORDER NO. 25253

short-term securities outstanding and the estimated cumulative lease termination payment under its nuclear fuel leases, both at the end of the previous calendar quarter. It is further

ORDERED that the foregoing authorization is without prejudice to the authority of this Commission with respect to rates, service, accounts, valuations, estimates or determinations or costs, or any other matter whatsoever now pending or which may come before this Commission as provided in Section 366.04, Florida Statutes.

By ORDER of the Florida Public Service Commission, this  
25th day of OCTOBER, 1991.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.59(4), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by the Commission's final action in this matter may request: 1) reconsideration of the decision by filing a motion for reconsideration with the Director, Division of Records and Reporting within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or 2) judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or the

ORDER NO. 25253

First District Court of Appeal in the case of a water or sewer utility by filing a notice of appeal with the Director, Division of Records and Reporting and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days after the issuance of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900 (a), Florida Rules of Appellate Procedure.
