ORDER ESTABLISHING HEARING PROCEDURESI. Background

This Docket was established pursuant to a September 14, 1990, consumer complaint to the Public Service Commission's Division of Consumer Affairs. The consumer wanted to have the Country Club of Miami moved from the Miami Exchange to the North Dade exchange. The change was desired because the Miami exchange does not have local calling to the Hollywood exchange while the North Dade exchange does have local calling to the Hollywood exchange. A survey of affected customers was conducted by Southern Bell Telephone and Telegraph Company (Southern Bell or the Company) between May 17, 1991 and June 16, 1991.

On August 20, 1991, by Order 910028-TL, the Commission issued a proposed agency action to move the Country Club of Miami from the Miami exchange to the North Dade exchange. That Order provided an opportunity for any customer in the affected area to voice opposition to the proposed boundary change. Several protests were received within the 45-day time period established for protesting the change. As a result of the protests, the Commission has scheduled a public hearing to allow all affected parties an opportunity to present testimony regarding whether the boundary between the Miami and North Dade exchanges should be altered to place the Country Club Area in the North Dade exchange.

II. Public Hearing

The Commission will hold a public hearing regarding whether the boundary between the Miami and North Dade exchanges should be altered to place the Country Club Area in the North Dade exchange. The hearing will be held at the following time and place:

6:30 P.M. on November 21, 1991
 American High School Auditorium
 18350 NW 67th Ave.
 Hialeah, FL.

The hearing will begin promptly at 6:30 p.m. Staff will present its testimony at that time. If no interested parties are
