In re: Proposed tariff to introduce	)	DOCKET NO. 911147-TI
AT&T Plan D, an optional calling plan,	)	
by AT&T COMMUNICATIONS OF THE SOUTHERN	)	ORDER NO. 25543
STATES, INC.	)	
<hr/>		ISSUED: 12/26/91

The following Commissioners participated in the disposition of this matter:

THOMAS M. BEARD, Chairman  
 SUSAN F. CLARK  
 J. TERRY DEASON  
 BETTY EASLEY

ORDER APPROVING TARIFF FILING

BY THE COMMISSION:

On November 14, 1991, AT&T Communications of the Southern States, Inc. (ATT-C, or the Company) submitted a tariff filing to introduce AT&T Plan D as an add-on to the same service offered in its interstate tariff as of June 22, 1991.

AT&T Plan D is a discount toll plan targeted towards small business customers whose monthly toll charges average from \$50 to \$2,000 per month. This plan provides for outward calling from single or multiple customer locations to stations in Florida. At the time a customer subscribes to AT&T Plan D, he must indicate each location as either a Type 1 or Type 2 location. A Type 1 location is comprised of all originating telephone numbers that are associated with a single LEC billing telephone number (BTN). The number of originating telephone numbers at a Type 1 location is unlimited, and a single AT&T Plan D service permits up to 50 BTNs to be designated as Type 1 locations. A Type 2 location allows for at most two originating telephone numbers per billing telephone number, and a maximum of five BTNs may be designated as Type 2 locations under the same Plan D service. Service Type 2 must be used in conjunction with Service Type 1. Service Types 1 and 2 billing telephone numbers will be billed to a single main BTN account.

AT&T Plan D calls are all customer-dialed, and exclude calling card calls, conference calls, directory assistance calls, person and other operator handled calls, and 700, 800, and 900 service. Intrastate Plan D calls are assessed usage rates with time of day discounts, which differ according to service type (i.e., whether the calls are associated with a Type 1 or Type 2 service). In

addition, two types of discounts are available with this service. First, the area code discount offers a 10% reduction off the total monthly charges for calls completed to the area code with the highest usage billed. Second, after the area code discount has been applied, a 10% discount is given on all remaining monthly charges in excess of \$200.

ATT-C estimates that during the first year it is offered approximately 200 customers will subscribe to AT&T Plan D and that new revenues of \$500,000 will be generated. The Company indicates that this new optional calling plan was developed in response to competition and asserts that the proposed rates will cover the cost of the service. We have examined ATT-C's proposed rates and agree that they appear to cover access costs in the aggregate. Therefore, we find it appropriate to approve this tariff filing with an effective date of December 18, 1991.

At the conclusion of the protest period, if no protest is filed, this docket should be closed.

Based on the foregoing, it is, therefore,

ORDERED by the Florida Public Service Commission that AT&T Communications of the Southern States, Inc.'s tariff filing to introduce AT&T Plan D is hereby approved with an effective date of December 18, 1991. It is further

ORDERED that if a timely protest is filed pursuant to the requirements set forth below, all increased revenues resulting from this filing shall be held subject to refund. It is further

ORDERED that if no protest is received within the time frame set forth below, this docket shall be closed.

By ORDER of the Florida Public Service Commission, this 26th day of DECEMBER, 1991.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.59(4), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

The Commission's decision on this tariff is interim in nature and will become final, unless a person whose substantial interests are affected by the action proposed files a petition for a formal proceeding, as provided by Rule 25-22.036(4), Florida Administrative Code, in the form provided by Rule 25-22.036(7)(a)(d) and (e), Florida Administrative Code. This petition must be received by the Director, Division of Records and Reporting at his office at 101 East Gaines Street, Tallahassee, Florida 32399-0870, by the close of business on 1/16/92.

In the absence of such a petition, this Order shall become final on the day subsequent to the above date.

Any objection or protest filed in this docket before the issuance date of this Order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.

If this Order becomes final on the date described above, any party adversely affected may request judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or by the First District Court of Appeal in the case of a water or sewer utility by filing a notice of appeal with the Director, Division of Records and Reporting and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days of the date this Order becomes final, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.
