THIRD ORDER ON PREHEARING PROCEDURE

On December 19, 1991, Florida Power and Light (FPL) filed a Motion for Continuance of Hearing. Consolidated Minerals, Inc. (CMI) filed a Response, by facsimile, opposing FPL's Motion on December 23, 1991.

Upon reviewing FPL and CMI's Motions, and upon reviewing the documents already filed in this docket, we find that the hearing on this matter will require more than two working days as we had originally scheduled. Accordingly, the hearing in this case shall be rescheduled to March 18, 19, and 20, 1992.

Because of the time constraints imposed by the First Order on Prehearing Procedure (Order No. 25411, issued November 26, 1991), the time allowed for discovery in this docket was greatly compressed. To compensate for this fact, we shall extend the time for discovery in this matter to March 10, 1992.

In addition, upon consideration of the fact that the time allotted to FPL for it to develop its direct testimony was during the Christmas and New Year holidays, we shall extend the due date for FPL's direct testimony to January 10, 1992.

Accordingly, the following dates have been changed to govern the remaining key activities of this proceeding in order to maintain an orderly procedure:

1. January 10, 1992 - Respondent's Testimony to be filed
2. January 31, 1992 - Rebuttal Testimony to be filed
3. February 4, 1992 - Last Day to Issue Interrogatories or to Request Production of Documents
4. February 10, 1992 - Prehearing Statements to be filed
5. February 24, 1992 - Prehearing Conference
