BY THE COMMISSION:

On October 9, 1992, Florida Power & Light Company, St. Lucie Plant (FP&L) filed an application with this Commission for recognition of nonjurisdictional status, pursuant to Section 367.021(12), Florida Statutes. The contact person is Mr. Jim Brawner, Florida Power & Light Company, Environmental Affairs Department, 11770 U.S. Highway One, North Palm Beach, Florida 33408.

The application was filed in accordance with Section 367.021(12), Florida Statutes, and Rules 25-30.060(1), (2), and (3)(j), Florida Administrative Code. The utility stated that there is no charge for providing utility service; all costs of providing service are treated or recovered as operational expenses; the system provides wastewater service only; and the service territory is limited to the Florida Power & Light Company St. Lucie Plant, located at 6501 South A-1-A, Jensen Beach, FL 34957. There are two wastewater treatment plants (Units 1 and 2) that serve the FP&L St. Lucie Plant. Water service is provided by the City of Ft. Pierce. There is no service provided to the public. Furthermore, the applicant acknowledged Section 837.06, Florida Statutes, regarding false statements.

Upon request and sufficient proof, the Commission will issue an order indicating the nonjurisdictional or exempt status of water or wastewater systems if they qualify under the appropriate provision of Chapter 367, Florida Statutes.

Section 367.021(12), Florida Statutes, states that a "utility means a water or wastewater utility and except as provided in Section 367.022, Florida Statutes, includes every person, lessee, trustee, or receiver owning, operating, managing or controlling a system, or proposing construction of a system, who is providing or
