NOTICE OF PROPOSED AGENCY ACTION  
ORDER APPROVAL SPECIAL ASSEMBLY

BY THE COMMISSION:

NOTICE IS HEREBY GIVEN by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are adversely affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code.

On December 3, 1992, United Telephone Company of Florida (United) informed us of its intention to provide by special assembly Feature Group B over Feature Group D switched access service to Domino's Pizza, Inc. (Domino's) in all of United's territory within the Orlando LATA. United could not provide Domino's with Feature Group B access service without significant additional capital expenditures to modify its network. United's network, however, is more easily configured to provide Feature Group B over Feature Group D access service.

The special assembly will be provided subject to the following:

- (1) Domino's request will be handled using normal special assembly procedures, with full and auditable records available for our review at any time.
- (2) The service will be provided using the rates, terms and conditions currently found in United's intrastate access services tariff for Feature Group D.

REG-REGIONS/REPORTING

- (3) Feature Group B over D will be provided on an interim basis only, pending the outcome of the our ongoing review of the issue, as stated in Order No. 900823-TL, issued on September 30, 1992, in Docket No. PSC-92-1081-FOF-TL.
- (4) Provision of this enhanced version of Feature Group B will be viewed as part of the market trial in effect and will be limited to the Orlando LATA.
- (5) Domino's will be required to execute a certification letter stating that the ANI provided with each call will not be used for any purpose other than routing and will not be forwarded to the individual store locations.
- (6) Domino's will be required to comply with all other requirements of Order No. 900823-TL.

The provisioning of this service through a special assembly will allow United to serve to Domino's sooner than by Feature Group B access. United has informed us that the revenues from this special assembly will fully cover the cost to provide the service to Domino's.

Upon review, it appears that both United and Domino's will benefit from our allowing United to provide Feature Group B over D access service to Domino's. Thus, we approve the special assembly. This does not resolve the issues still remaining in Docket No. 900823-TL which are (1) whether Feature Group B over Feature Group D should be tariffed to end users and (2) whether ANI should be delivered to the stores.

Based on the foregoing it is

ORDERED by the Florida Public Service Commission that United Telephone Company of Florida is authorized to provide by special assembly Feature Group B over Feature Group D switched access service with automatic number identification to Domino's Pizza, Inc. in the Orlando LATA by special assembly as set forth in the body of this Order. It is further

ORDERED that this Docket shall remain open.
