ORDER INDICATING NONJURISDICTIONAL STATUS OF
FLORIDA POWER & LIGHT MIDWAY SERVICE CENTER

BY THE COMMISSION:

On October 9, 1992, Florida Power & Light Company Midway Service Center (Midway) filed an application with this Commission for recognition of nonjurisdictional status, pursuant to Section 367.021(12), Florida Statutes. Midway operates a water system at 9001 W. Midway Road, Fort Pierce, FL 34945. Wastewater service is provided by private septic tank located on site. The contact person is Jim Brawner, Environmental Affairs Department, Florida Power & Light Company, 11770 U.S. 1, North Palm Beach, FL 33408.

Upon request and sufficient proof, the Commission will issue an order indicating the nonjurisdictional or exempt status of water or wastewater systems if they qualify under the appropriate provision of Chapter 367, Florida Statutes. The application was filed in accordance with Section 367.021(12), Florida Statutes, and Rules 25-30.060(1), (2), and (3)(j), Florida Administrative Code. The applicant stated in its application that it provides water service solely to service center personnel without compensation and that all costs for providing such service are treated or recovered as operational expenses. Furthermore, it acknowledged Section 837.06, Florida Statutes, regarding false statements.

Section 367.021(12), Florida Statutes, states that a "utility means a water or wastewater utility and except as provided in Section 367.022, Florida Statutes, includes every person, lessee, trustee, or receiver owning, operating, managing or controlling a system, or proposing construction of a system, who is providing or proposes to provide water or wastewater service to the public for compensation."

Based on the facts as represented, we find that Florida Power & Light Company Midway Service Center Potable Water System is not a utility pursuant to Section 367.021(12), Florida Statutes. However, should there be any change in circumstances or method of
