ORDER APPROVING TARIFF FILING

BY THE COMMISSION:

On February 26, 1993 GTE Florida, Incorporated (GTEFL or the Company) filed a tariff proposal to obsolete its Smartest Call Package Offerings. The Company intends to replace these offerings with an existing custom calling package, Smart Call PAK 4900. Smart Call PAK 4900 is provided through Custom Calling Local Areas Signaling Service, a group of custom calling features and packages. The Company indicated that the extension of the number of stored program central office switch types has resulted in the provision of Custom Calling Local Area Signaling Service.

There will be no negative impact on current Smartest Call customers. These customers will be provided with Smartest Call service until they decide to discontinue use of the service. Smartest Call service will not be offered to new customers.

Based on the changing technology, we find it appropriate to approve GTEFL's tariff filing.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the tariff filing by GTE Florida, Incorporated to obsolete its Smartest Call Package offerings is hereby approved. It is further

ORDERED that any protest of this Order shall be filed pursuant to the requirements set forth below. It is further

ORDERED that if a protest is timely file, this tariff shall remain in effect with any increase in revenue held subject to refund pending the outcome of the protest process. It is further
