ORDER DENYING PETITION TO AMEND RULE 25-4.0345, F.A.C.,
FILED BY THE CITIZENS OF FLORIDA

BY THE COMMISSION:

By petition, the Citizens of Florida, through the Office of the Public Counsel (OPC) asked the Commission to amend Rule 25-4.0345, F.A.C., entitled "Customer Premises Equipment and Inside Wire." The OPC requests that the Commission adopt a policy of imputing the revenues and expenses from simple inside wire installation and maintenance to regulated operations. OPC claims that such a practice would benefit ratepayers.

We believe that the issues relating to the imputation of inside wire maintenance revenues and expenses to regulated operations requires further consideration within the context of a rulemaking proceeding. In fact, the staff of Public Service Commission has already commenced a rulemaking proceeding to consider all of those issues under Docket 930485-TL. As in all rulemaking proceedings, OPC can participate in that docket. The existence of two separate dockets to consider the same issues is unnecessarily redundant. Therefore, there is no reason to grant this petition and Docket 930295-TL should be closed.
