ORDER GRANTING REQUEST FOR CONFIDENTIAL  
CLASSIFICATION OF DOCUMENT NO. 05930-93

On June 1, 1993, ALLTEL Florida, Inc. (ALLTEL or the Company) filed a Request for Confidential Classification of specified information provided in its Traffic Study produced in response to Order No. PSC-93-0163-PCO-TL. The Traffic Study has been assigned Document No. 05930-93 by the Commission.

Florida law provides, in Section 119.01, Florida Statutes, that documents submitted to governmental agencies shall be public records. This law derives from the concept that government should operate in the "sunshine." The only exceptions to this law are specific statutory exemptions and exemptions granted by governmental agencies pursuant to the specific terms of a statutory provision.

Accordingly, pursuant to Section 364.183, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, it is the Company's burden to show that the material submitted is qualified for specified confidential classification. Rule 25-22.006 provides that the Company may fulfill its burden by demonstrating that the documents fall into one of the statutory examples set forth in Section 364.183 or by demonstrating that the information is proprietary confidential information, the disclosure of which will cause the Company or its ratepayers harm.

To this end, the Company asserts that the material includes interLATA traffic data for relevant toll routes received from AT&T and other Interexchange Carriers (IXCs) pursuant to nondisclosure agreements. The Company asserts that this information indicates which routes at issue in this case contain the most concentrated traffic. The Company maintains that disclosure of such traffic patterns to the public would directly harm the IXCs and ultimately impede ALLTEL's access to such information thus hindering the Companies ability to plan its network. Finally, the Company asserts that disclosure would discourage the IXCs from contracting with ALLTEL for billing and collection services. A chart listing

the specific material for which confidential classification is requested is attached to this Order.

Upon consideration, therefore, the material should be classified as proprietary confidential business information pursuant to Section 364.183(3)(a),(e), Florida Statutes. Accordingly, the Company's Request for Confidential Classification of Document No. 05930-93 is granted. Attached to this Order is a chart which sets forth the specific information for which confidentiality is requested and the justification for that request.

Based upon the foregoing, it is

ORDERED by Commissioner Susan F. Clark, as Prehearing Officer, that Document No. 05930-93 shall be treated as confidential business information pursuant to Section 364.183(3)(a)(e), Florida Statutes. It is further

ORDERED that pursuant to Section 364.183, Florida Statutes, and Rule 25-22.006, any confidentiality granted to the documents specified herein shall expire eighteen (18) months from the date of issuance of this Order in the absence of a renewed request for confidentiality pursuant to Section 364.183 or a subsequent Order removing the confidential status. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Susan F. Clark, as Prehearing Officer, this 2nd day of August, 1993.

  
SUSAN F. CLARK, Commissioner and  
Prehearing Officer

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.038(2), Florida Administrative Code, if issued by a Prehearing Officer; (2) reconsideration within 15 days pursuant to Rule 25-22.060, Florida Administrative Code, if issued by the Commission; or (3) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility.
