ORDER REQUIRING TRAFFIC STUDY

BY THE COMMISSION:

By Order No. PSC-93-0437-PCO-TL, issued March 23, 1993, and amended April 15, 1993, we directed BellSouth Telecommunications, Inc. d/b/a Southern Bell Telephone and Telegraph Company (Southern Bell), GTE Florida Incorporated (GTEFL), United Telephone Company of Florida (United), and Vista-United Telecommunications (Vista) to perform certain traffic studies. We directed the companies to conduct these traffic studies in order to further evaluate the request for extended area service (EAS) filed by the residents of the Polo Park area. Then, by Order No. PSC-93-0984-FOF-TL, issued June 30, 1993, we granted a request by the Polo Park residents to delay conducting traffic studies until February or March of 1994. Finally, by Order No. PSC-93-1168-FOF-TL, issued August 10, 1993, we partially modified our previous orders in this and several other dockets by granting Southern Bell relief from the requirement to provide traffic data on the interLATA (local access transport area) routes in these dockets.

The time has now arrived for the companies to perform the required traffic studies. Accordingly, the four companies are hereby directed to perform traffic studies as directed in Order No. PSC-93-0437-PCO-TL, as amended, with the exception of those routes for which Southern Bell was granted relief in Order No. PSC-93-1168-FOF-TL. These studies shall be based upon a minimum thirty (30) day study of representative calling patterns and shall begin no sooner than February 1, 1994, and conclude no later than March 31, 1994. The studies shall be in such form, detail and content as will permit review by the Commission and shall include, as a minimum, the items specifically enumerated in Order No. PSC-93-0437-PCO-TL, as amended.

Based on the foregoing, it is
