On February 22, 1995, Johnson Safety, Inc. (Light Assembly Operation) hereinafter referred to as Johnson Safety filed an application with this Commission for recognition of its nonjurisdictional status, pursuant to Section 367.021(12), Florida Statutes. Johnson Safety is a company that assembles automotive seats. The water system being constructed will serve Johnson Safety's facilities which will be located in the 3700 block of Northwest 44th Avenue, Ocala, Florida. Mr. Frank Strobl, Operations Manager, filed the application on behalf of Johnson Safety. The primary contact person is Mr. Michael W. Radcliffe.

Upon request and sufficient proof, the Commission will issue an order indicating the nonjurisdictional or exempt status of water or wastewater systems if they qualify under the appropriate provision of Chapter 367, Florida Statutes. The application was filed in accordance with Section 367.021(12), Florida Statutes, and Rules 25-30.060(2) and (3)(j), Florida Administrative Code.

Section 367.021(12), Florida Statutes, states that a "utility means a water or wastewater utility and except as provided in Section 367.022, includes every person, lessee, trustee, or receiver owning, operating, managing or controlling a system, or proposing construction of a system, who is providing or proposes to provide water or wastewater service to the public for compensation."

According to Johnson Safety's application, water service will be provided only to its facilities to be located in the 3700 block of Northwest 44th Street, Ocala, Florida, there will be no charge for providing the service, and all costs of providing service will be treated or recovered as operational expenses. Wastewater service is provided by septic tank.

In addition, pursuant to Section 837.06, Florida Statutes, and Rule 25-30.060(2)(f), Florida Administrative Code, anyone knowingly

making a false statement in writing with the intent to mislead is guilty of a misdemeanor. By signing the application, Mr. Strobl acknowledged that he is aware of Section 837.06, Florida Statutes, and the penalties for making false statements in the application.

Based on the facts as represented, we find that Johnson Safety is not a utility pursuant to the provisions of Section 367.021(12), Florida Statutes. Accordingly, Johnson Safety is not subject to this Commission's jurisdiction. However, should there be any change in circumstances or method of operation, the owner of Johnson Safety or any successors in interest, must inform the Commission within 30 days of such change so that its nonjurisdictional status may be reevaluated.

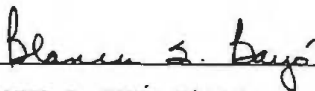

It is, therefore,

Radcliffe Engineering, Inc., 3036 Northeast 14th Street, Ocala, Florida 34470, is not a water and wastewater utility subject to this Commission's jurisdiction, pursuant to the provisions of Section 367.021(12), Florida Statutes. It is further

ORDERED that should there be any change in circumstances or method of operation, the owner of Johnson Safety, Inc. (Light Assembly Operation) or any successors in interest, shall inform this Commission within 30 days of such a change so that we may reevaluate its nonjurisdictional status. It is further
