ORDER MODIFYING CERTIFICATE TO ADD PROVISION OF ALTERNATIVE LOCAL EXCHANGE TELECOMMUNICATIONS SERVICE AND GRANTING NAME CHANGE ON CERTIFICATE, AND NOTICE OF PROPOSED AGENCY ACTION ORDER MANDATING LEVEL OF 911 SERVICE

BY THE COMMISSION:

NOTICE IS HEREBY GIVEN by the Florida Public Service Commission that the action discussed in Section II of this order is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code.

I. Provision of Alternative Local Exchange Telecommunications Service

Pursuant to Section 364.337(6)(b), Florida Statutes, LDDS Communications, Inc. (LDDS) provided us written notice of its intention to provide alternative local exchange telecommunications service in Florida. We certified LDDS as an alternative access vendor on or before July 1, 1995, and the notice satisfied the requirements of the statute.

FPSC-RECORDS/REPORTING

Upon review of the application, it appears that LDDS has sufficient technical, financial, and managerial capability to provide alternative local exchange telecommunications service.

Accordingly, pursuant to Section 364.337(6)(b), Florida Statutes, we acknowledge LDDS's intention to provide alternative local exchange telecommunications service. Accordingly, LDDS's Certificate No. 4040 is hereby modified to include the provision of alternative local exchange telecommunications services statewide, except for those areas of the state (territories of earnings-regulated small local exchange companies) that are precluded by Section 364.337(1), Florida Statutes.

This Order will serve as LDDS's certificate. LDDS should retain this Order as evidence of certification by this Commission.

Alternative local exchange telecommunications providers (ALECs) are required to comply with Chapter 364, Florida Statutes, Chapters 25-22 and 25-24, Florida Administrative Code, and other rules and orders lawfully promulgated by this Commission.

II. 911 Service

To ensure that Florida end users are allowed high quality access to emergency services, Section 364.337(2), Florida Statutes, provides that each ALEC which provides basic local telecommunications service must provide access to 911 services. We find that the statute requires that ALECs providing basic local telecommunications services must provide access to 911 services at the same level as access provided by the local exchange company (LEC) serving the same area.

We do not yet have specific rules on what a LEC or an ALEC must provide in terms of 911 service access. This could result in an ALEC offering access to 911 service which is inferior in some way to the 911 service access provided by the LEC in that same area. For example, a LEC might provide both automatic number identification (telephone number) and automatic location (address) information to the public service answering point while the ALEC might only provide the telephone number of the calling party. Inferior 911 access could result in death or serious injury. Although the issue of 911 access may be resolved in the number portability docket and the individual local interconnection agreements, we believe ALECs should be put on notice that 911 service must be at a level equivalent to that provided by the LEC serving that same area.

III. Name Change

LDDS has requested that the name on Certificate No. 4040 be changed from LDDS Communications, Inc. to Worldcom, Inc. d/b/a LDDS Worldcom. We note that the name change does not involve a change of control or transfer of assets, and hereby find it appropriate to amend Certificate No. 4040 to reflect the new operating name.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Certificate No. 4040 is hereby modified to include the provision of alternative local exchange telecommunications service, pursuant to Section 364.337(6)(b), Florida Statutes, and as described in Section I of this Order. It is further

ORDERED that as an alternative local exchange company, LDDS Communications Inc. must provide the same access to 911 emergency services as provided by the local exchange company serving the same area, as described in Section II of this Order. It is further

ORDERED that Certificate No. 4040 is amended to reflect the new operating name as Worldcom, Inc. d/b/a LDDS Worldcom. It is further

ORDERED that, unless a person whose substantial interests are affected by the action proposed in Section II of this Order files a petition in the form and by the date specified in the Notice of Further Proceedings or Judicial Review, below, this docket shall be closed.

By ORDER of the Florida Public Service Commission, this 17th day of April, 1996.
