NOTICE OF PROPOSED AGENCY ACTION  
ORDER GRANTING CERTIFICATE TO PROVIDE ALTERNATIVE  
LOCAL EXCHANGE TELECOMMUNICATIONS SERVICE

BY THE COMMISSION:

NOTICE IS HEREBY GIVEN by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code.

T-Netix, Inc. (T-Netix) filed an application to provide alternative local exchange telecommunications service pursuant to Section 364.337(1), Florida Statutes. Section 364.337(1), Florida Statutes, requires us to grant a certificate to provide alternative local exchange telecommunications service upon a showing that the applicant has sufficient technical, financial, and managerial capability to provide such service in the geographic area proposed to be served.

Upon review of T-Netix's application, we find that it has sufficient technical, financial, and managerial capability to provide alternative local exchange telecommunications service. Therefore, we grant T-Netix Certificate No. 4464 to provide alternative local exchange telecommunications service. This Order should be retained by the company as evidence of certification by this Commission.

The authority granted by this certificate is statewide, except as limited by Section 364.337(1), Florida Statutes. Alternative local exchange telecommunications providers (ALECs) may not provide basic local telecommunications services within the territory served

by a company subject to Chapter 364.052, Florida Statutes, prior to January 1, 2001, unless the small local exchange telecommunications company elects price regulation.

ALECs are required to comply with Chapter 364, Florida Statutes, Chapters 25-22 and 25-24, Florida Administrative Code, and other Rules and Orders lawfully promulgated by this Commission. Section 364.337(2), Florida Statutes, provides that each ALEC that provides basic local telecommunications service must provide access to 911 services. We find that the statute requires that ALECs that provide basic local telecommunications services must provide access to 911 services at the same level as access provided by the local exchange company serving the same area.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that T-Netix, Inc. is hereby granted Certificate No. 4464 to operate as an alternative local exchange telecommunications company. It is further

ORDERED that where T-Netix, Inc. provides basic local telecommunications service, it must provide the same access to 911 emergency services as provided by the local exchange company serving the same area. It is further

ORDERED that, unless a person whose substantial interests are affected by the action proposed herein files a petition in the form and by the date specified in the Notice of Further Proceedings or Judicial Review, below, Certificate No. 4464 shall become effective and this docket shall be closed.

By ORDER of the Florida Public Service Commission, this 3rd day of June, 1996.
