AND

ORDER DECLINING TO INITIATE SHOW CAUSE PROCEEDINGS,
AND ESTABLISHING RATES AND CHARGES

BY THE COMMISSION:

NOTICE IS HEREBY GIVEN by the Florida Public Service Commission that the action granting certificates and requiring noticing, as discussed herein, is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code.

Background

On September 3, 1996, Crystal River Utilities, Inc. (Crystal River or utility) filed an application with this Commission for grandfather certificates to provide water and wastewater service in Polk County, pursuant to Section 367.171, Florida Statutes. The application was filed after the Board of County Commissioners of

Polk County adopted a resolution on May 14, 1996, which made the utilities in the County subject to the provisions of Section 367, Florida Statutes.

At the time we received jurisdiction, the system, which serves about 84 residential customers, was owned by Rosalie Oaks Utility Corporation (Rosalie Oaks). Although Crystal River entered into an agreement on August 14, 1996, to purchase the system from Rosalie Oaks, closing of the sale was conditioned upon Commission approval. Crystal River has been operating the system since the agreement was signed. To eliminate duplicate filings, Crystal River applied for grandfather certificates in its name. Because Rosalie Oaks entered into a contract to sell the system and turned the system over to Crystal River to operate prior to Commission approval, Rosalie Oaks is in apparent violation of Section 367.071, Florida Statutes.

Show Cause

As stated previously, Rosalie Oaks is in apparent violation of Sections 367.071, Florida Statutes, which states, in part, "No utility shall sell, assign, or transfer its certificate of authorization, facilities or any portion thereof . . . without determination and approval of the commission that the proposed sale, assignment, or transfer is in the public interest. Rosalie Oaks and Crystal River entered into agreement for the sale of the system to Crystal River on August 14, 1996. Crystal River has been operating the system providing water and wastewater service to customers of the utility since that time. Such action is "willful" in the sense intended by Section 367.161, Florida Statutes. Section 367.161, Florida Statutes, authorizes the Commission to assess a penalty of not more than \$5,000 for each offense, if a utility is found to have knowingly refused to comply with, or to have willfully violated any provision of Chapter 367, Florida Statutes. In Order No. 24306, issued April 1, 1991, in Docket No. 890216-TL, titled In Re: Investigation Into The Proper Application of Rule 25-14.001, F.A.C., Relating To Tax Savings Refund For 1988 and 1989 For GTE Florida, Inc., the Commission, having found that the company had not intended to violate the rule, nevertheless found it appropriate to order it to show cause why it should not be fined, stating that "[i]n our view, 'willful' implies an intent to do an act, and this is distinct from an intent to violate a statute or rule." *Id.* at 6.

Rosalie Oaks failed to obtain Commission approval before entering into the contract for sale and turning the system over to Crystal River to operate. Section 14(a) and (b) of the sales agreement, which was signed by Rosalie Oaks and Crystal River in

ORDER NO. PSC-97-1048-POP-MS

PAGE 3

August, 1996, deals with Florida Public Service Commission matters. Section 14(a) states, in part, "Prior to Closing. Purchaser shall submit an application to the Florida Public Service Commission (FPSC) to issue a certificate of authorization . . ." Section 14(b) states, in part, ". . . In the event the FPSC does not approve the application for transfer . . . , the agreement shall be terminated." Although technically, Crystal River did not file an application for transfer prior to entering into this contract and assuming operation of the utility system, from our review of the agreement and conversations with Crystal River, the closing of the sale is contingent upon Commission approval of the sale and issuance of certificates to Crystal River. Failure of Rosalie Oaks to obtain prior approval of the Commission appears to be due to its belief that because the sale had not closed, it was not in violation of Section 367.071, Florida Statutes.

We have reviewed the application and the sales agreement and, although Crystal River has been operating the utility since the agreement was signed in August of 1996, closing of the sale is conditioned upon Commission approval. Therefore, we do not find that the violation of Section 367.071, Florida Statutes, rises in these circumstances to the level of warranting initiation of show cause proceedings. Therefore, a show cause proceeding will not be initiated against Rosalie Oaks for failure to obtain Commission approval prior to entering into the sales contract and turning the utility over to Crystal River.

Application

On September 3, 1996, Crystal River filed an application for grandfather certificates in Polk County. Except as discussed herein, the application is in compliance with Section 367.171, Florida Statutes, and other pertinent statutes and provision of the Florida Administrative Code. In particular, the application contains a filing fee in the amount of \$200, as required by Rule 25-30.020, Florida Administrative Code.

The rules and statute do not require noticing for grandfather certificate applications. However, because a sales contract was entered into and Crystal River began operating the system prior to the issuance of the grandfather certificates, we find it appropriate to require Crystal River to notice the customers, the Office of Public Counsel, and the Polk County Commission, by providing them a copy of this Order within seven days of its issuance. We further find it appropriate to require Crystal River to provide notice in a newspaper of general circulation in the utility's service area. We find that this action is consistent

with previous similar Commission decisions. See Order No. 19848, issued August 22, 1988, in Docket No. 880013-MS, Application of Homosassa Utilities, Inc. for water and sewer certificates under grandfather rights, Sumter County, Florida.

Rule 25-30.035(6), Florida Administrative Code, requires a utility to provide proof that it owns the land or has continued use of the land upon which its facilities are located. Crystal River provided a copy of a warranty deed in Rosalie Oaks' name. Therefore, Crystal River shall provide a copy of a recorded warranty deed in its name as proof that it owns the land upon which the utility facilities are located within 60 days of the date of this order.

Adequate service territory and system maps and a territory description have been provided as prescribed by Rules 25-30.035(9), (10), and (11), Florida Administrative Code. A description of the territory requested by the applicant is shown on Attachment A of this order, which by reference is incorporated herein.

The utility is current with regard to regulatory assessment fees and the filing of annual reports through 1996. Crystal River will pay regulatory assessment fees and file the annual report for 1997. In addition, according to the Department of Environmental Protection, there are no outstanding notices of violation against the utility.

Based on the foregoing, we find that it is in the public interest to grant Crystal River Certificates Nos. 594-W and 510-S to serve the territory described in Attachment A of this order. Crystal River shall send a copy of this order to the Polk County Commission, and the Office of Public Counsel, within seven days of the date of its issuance. Further, Crystal River shall publish the notice once in a newspaper of general circulation in the utility's service territory. In addition, Crystal River shall provide a copy of the notice to its customers within seven days of the issuance of this order.

Rates and Charges

On February 18, 1991, the Polk County Board of County Commissioners approved a resolution establishing water and wastewater rates and charges for Rosalie Oaks. On January 2, 1997, the Commission approved a pass-through rate adjustment to allow the recovery of increased expenses due to payment of regulatory assessment fees. Shown below are the rates requested by Crystal

We find these rates and charges to be reasonable and they are approved. Crystal River shall charge these rates and charges until authorized to change by this Commission in a subsequent proceeding. Crystal River has filed a tariff which reflects the rates and charges approved herein. The tariff shall be effective for service rendered or connections made on or after the stamped approval date on the tariff sheets.

It is, therefore,

ORDERED by the Florida Public Service Commission that Crystal River Utilities, Inc., Post Office Box 520247, Longwood, Florida 32752, is hereby granted Certificates Nos. 594-W and 510-S to provide service in Polk County. Crystal River Utilities, Inc. is authorized to serve the territory shown on Attachment A of this Order. It is further

ORDERED that Crystal River Utilities, Inc. shall file a copy of a recorded warranty deed in its name as proof that it owns the land upon which the utility facilities are located. The deed shall be provided within 60 days of the date of this Order. It is further

ORDERED that Crystal River Utilities, Inc. shall provide a copy of this Order to the Office of Public Counsel and the Polk County Commission within seven days of the date of this Order. Crystal River Utilities, Inc. shall also provide notice to the customers of the utility within seven days of the date of this Order. It is further

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

As identified in the body of this order, our action granting grandfather certificates, requiring proof of land ownership and noticing is preliminary in nature and will not become effective or final, except as provided by Rule 25-22.029, Florida Administrative Code. Any person whose substantial interests are affected by the action proposed by this order may file a petition for a formal proceeding, as provided by Rule 25-22.029(4), Florida Administrative Code, in the form provided by Rule 25-22.036(7)(a) and (f), Florida Administrative Code. This petition must be received by the Director, Division of Records and Reporting, at 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on ~~September 26, 1997~~. If such a petition is filed, mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing. In the absence of such a petition, this order shall become effective on the date subsequent to the above date as provided by Rule 25-22.029(6), Florida Administrative Code.

Any objection or protest filed in this docket before the issuance date of this order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.

If the relevant portion of this order becomes final and effective on the date described above, any party adversely affected may request judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or by the First District Court of Appeal in the case of a water or wastewater utility by filing a notice of appeal with the Director, Division of Records and Reporting and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days of the effective date of this order, pursuant to Rule 9.110, Florida Rules of Appellate

Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.

Any party adversely affected by the Commission's final action in this matter may request: (1) reconsideration of the decision by filing a motion for reconsideration with the Director, Division of Records and Reporting within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or the First District Court of Appeal in the case of a water or wastewater utility by filing a notice of appeal with the Director, Division of Records and Reporting and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days after the issuance of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.
