DOCKET NO. 960789-EI
ORDER NO. PSC-97-1277-CFO-EI
ISSUED: October 16, 1997

ORDER GRANTING CONFIDENTIAL CLASSIFICATION FOR GULF POWER
COMPANY'S QUARTERLY CISR REPORT FOR THE SECOND QUARTER 1997
(DOCUMENT NOS. 08892-97 and 08259-97)

On September 4, 1997, Gulf Power Company (Gulf) filed its Quarterly CISR Report (Report), Document Nos. 08892-97 and 08259-97. Gulf asserts that the information contained in its Report is entitled to confidential classification pursuant to 366.093(3)(e), Florida Statutes. Gulf contends that if the information contained in the Report were disclosed it would cause irreparable harm to the competitive interests of Gulf and the entity with which it has negotiated a Contract Service Agreement (CSA) contract under the Commercial/Industrial Service (CIS) rider approved in Order No. PSC-96-1219-FOF-EI. Gulf further argues that the Report contains proprietary and commercially sensitive information that is not otherwise publicly available.

Gulf specifically alleges that lines 17-25 and 28-34 of the Report contain proprietary confidential business information regarding contractual terms and pricing. Public disclosure of this information would impair the ability of Gulf to negotiate terms and conditions in future CSAs that are the most favorable to Gulf and its customers. The information is customer specific. The information is regarded as sensitive and confidential by the CIS rider customer because its public disclosure would impact the customers' abilities to compete in their "native markets." Gulf contends that the disclosure of lines 28-34 would result in price convergence in future CSAs. Moreover, the public disclosure of this information may prevent Gulf from successfully negotiating CSAs with customers. The information is regarded as sensitive and confidential by the CIS rider customer because its public disclosure would impact the customers' abilities to compete in their "native markets."

Gulf argues that disclosure of this information may lead to uneconomic bypass of its facilities. Thus, Gulf requests that the information contained in the Report be granted confidential classification pursuant to Section 366.093(3)(e), Florida Statutes.

From the foregoing it is clear that release of the information contained in the Report could cause harm to both Gulf and the entities with whom it has entered into CSAs. Because it appears Gulf has only negotiated a CSA under the CISR tariff with one customer, disclosure of data contained in the Report could allow the use of this information to estimate the amount of the discount provided the entity. This information could be used to the advantage of whoever calculated it in any competitive situation with Gulf, especially in negotiating CISRs with Gulf. Accordingly, this information should be granted confidential classification for a period not to exceed 18 months from the date of this order under Section 366.093(4), Florida Statutes.

Based on the foregoing and good cause having been shown

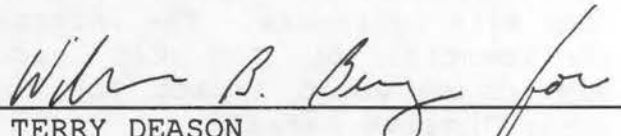

It is therefore

ORDERED by Commissioner J. Terry Deason, as Prehearing Officer, that the information contained in Gulf Power Company's Quarterly CISR Report for June 1997, Document Nos. 08892-97 and 08259-97, be granted confidential classification as set forth in the body of this Order. It is further

ORDERED that this information be granted confidential classification for a period of 18 months from the date of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner J. Terry Deason, as Prehearing Officer, this 16th Day of October, 1997.
