ORDER SUSPENDING TARIFF REVISIONS

BY THE COMMISSION:

By petition filed June 4, 1999, Tampa Electric Company (TECO) proposed modifications to its interruptible service tariffs (IS-1, IST-1, SBT-1, IS-3, IST-3 and SBT-3). TECO indicates that the purpose of the proposed revisions is to clarify the penalty language in its interruptible service tariffs. TECO stated that it was recently contacted by several of its interruptible customers about transferring to firm service. Based on the customers' requests, TECO believes that the penalty language is not clear. Therefore, TECO has proposed new language to clarify the intent. TECO stated that it notified these customers of this filing and provided them the opportunity to file a formal written request.

Commission staff and interested persons met with TECO on July 13, 1999 to discuss the proposed modifications. Several concerns were raised by the parties and staff. TECO agreed to consider the concerns raised and work with the parties towards a resolution. Given the on-going discussions between TECO, staff, and interested we find that it is appropriate to suspend the proposed modifications.
