THE FULL TEXT OF THE PROPOSED RULE IS:

25-6.049 Measuring Customer Service.

(1) - (4) No Change.

(5)(a) Individual electric metering by the utility shall be required for each separate occupancy unit of new commercial establishments, residential buildings, condominiums, cooperatives, marinas, and trailer, mobile home and recreational vehicle parks ~~for which construction is commenced after January 1, 1981.~~

Individual electric meters shall not, however, be required:

1. For each separate occupancy unit of commercial establishments, residential buildings, condominiums, cooperatives, marinas, and trailer, mobile home and recreational vehicle parks for which construction commenced prior to January 1, 1981 and which are not currently individually metered.

24. In those portions of a commercial establishment where the floor space dimensions or physical configuration of the units are subject to alteration, as evidenced by non-structural element partition walls, unless the utility determines that adequate provisions can be made to modify the metering to accurately reflect such alterations;

32. For electricity used in central heating, ventilating and air conditioning systems, or electric back up service to storage heating and cooling systems;

43. For electricity used in specialized-use housing accommodations such as hospitals, nursing homes, living facilities located on the same premises as, and operated in conjunction with, a nursing home or other health care facility providing at least the same level and types of services as a nursing home, convalescent homes, facilities certificated under Chapter 651, Florida Statutes, college dormitories,

convents, sorority houses, fraternity houses, motels, hotels, and similar facilities;

54. For separate, specially-designated areas for overnight occupancy at trailer, mobile home and recreational vehicle parks and marinas where permanent residency is not established.

65. For new and existing time-share plans, provided that all of the occupancy units which are served by the master meter or meters are committed to a time-share plan as defined in Section 721, Florida Statutes, and none of the occupancy units are used for permanent occupancy. When a time-share plan is converted from individual metering to master metering, the customer must reimburse the utility for the costs incurred by the utility for the conversion. These costs shall include, but not be limited to, the undepreciated cost of any existing distribution equipment which is removed or transferred to the ownership of the customer, plus the cost of removal or relocation of any distribution equipment, less the salvage value of any removed equipment.

(b) No Change.
