In re: Cost recovery and  
allocation issues for number  
pooling trials in Florida.

DOCKET NO. 001503-TP  
ORDER NO. PSC-01-0123-PCO-TP  
ISSUED: January 17, 2001

ORDER GRANTING INTERVENTION

BY THE COMMISSION:

By Petition, the Florida Cable Telecommunications Association, Inc. (FCTA) has requested leave to intervene in this proceeding. There has been no response filed in opposition to this request. FCTA has an interest in this docket because it is a non-profit trade association representing the cable telecommunications industry in Florida, including certificated alternative local exchange carriers (ALECs) providing local exchange telecommunications service in Florida. FCTA states that the issues raised in this docket concern cost recovery and cost allocation issues for number pooling trials in Florida affecting telecommunications carriers, including ALECs represented by the FCTA. FCTA asserts that its substantial interests will be affected by the outcome of this proceeding regarding cost recovery and allocation issues for number pooling trials in Florida. FCTA argues that as representative of the interests of its members, its intervention is appropriate. FCTA contends that it has actively sought to promote telecommunications competition as a party of record in commission proceedings for many years and has been granted numerous dockets which directly impacted its members. Finally, FCTA states that its intervention will advance judicial efficiency by consolidating the participation of the multiple certificated telecommunications carriers it represents.

Having reviewed the Petition, it appears that FCTA's substantial interests may be affected by this proceeding. Therefore, the Petition should be granted. Pursuant to Rule 25-22.039, Florida Administrative Code, FCTA takes the case as it finds it.

Based on the foregoing, it is
