In re: Purchased Gas Adjustment
(PGA) True-up.

DOCKET NO. 010003-GU
ORDER NO. PSC-01-0250-CFO-GU
ISSUED: January 29, 2001

ORDER GRANTING CONFIDENTIAL CLASSIFICATION FOR PORTIONS OF
CITY GAS COMPANY OF FLORIDA'S PURCHASED GAS ADJUSTMENT
FOR FEBRUARY, 2000 (DOCUMENT NO. 03506-00)

Pursuant to Section 366.093, Florida Statutes and Rule 25-22.006, Florida Administrative Code, City Gas Company of Florida (City Gas) filed a request for confidential classification for portions of its February, 2000, Purchased Gas Adjustment (PGA) filings contained in Document No. 03506-00.

City Gas requests confidential classification for Schedules A-3 and A-4 of the Purchased Gas Invoices, Summary of Gas Invoices, and Gas Invoices. City Gas asserts that this information is intended to be, and is, treated by City Gas as proprietary and has not been disclosed. City Gas requests that this information be granted confidential classification for a period of 18 months from the date of the issuance of this Order pursuant to Section 366.093(4), Florida Statutes.

City Gas requests confidential classification for the information contained in the following table:

TABLE 1: SCHEDULE A-3

Pages	Lines	Columns
5	2-8	A-K

City Gas alleges that the above information, Schedule A-3, "System End Use," identifies City Gas' gas suppliers as well as the price and volume of gas that City Gas purchased for the month. City Gas maintains that disclosure of this information would "impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms." Section 366.093(3)(d), Florida Statutes.

In addition, City Gas requests confidential classification for the information contained in the following table:

DOCUMENT NUMBER-DATE

01259 JAN 29 01

FPSC-RECORDS/REPORTING

TABLE 2: SCHEDULE A-4

Pages	Lines	Columns
6	1-11	A, C, D, E, F, G, H

City Gas claims that this information, Schedule A-4, Transportation System Supply, represents negotiated gas supply packages purchased from vendors. City Gas asserts that these prices vary according to the operational flexibility of each contract. City Gas alleges that the release of any information therein would be detrimental to the interests of City Gas and its customers because it would provide competitors with a list of City Gas' suppliers, volumes purchased and costs by gas supply source. City Gas asserts that disclosure of this information would "impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms." Section 366.093(3)(d), Florida Statutes.

Finally, City Gas requests confidential classification of the information contained in the following table:

TABLE 3: INVOICE INFORMATION

Schedule or Other Identifier	Pages	Lines	Columns
Summary of Gas Invoices	9-11	Other Suppliers	ALL
Gas Invoices	B1-B8	None	None
	B9-B32	ALL	ALL

City Gas maintains that the third party gas invoices represented by the above table contains negotiated gas supply packages. These packages contain data that must be kept confidential according to contractual terms between City Gas and individual suppliers. City Gas contends that disclosure of any information contained in these invoices such as supplier identity, price or quantity of gas purchased could "impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms." Section 366.093(3)(d), Florida Statutes.

City Gas asserts that it is necessary to keep the entire invoice confidential because any person familiar with the format, fonts and/or type sizes of each gas supplier can easily determine

that gas supplier's identity. City Gas requests that this information not be made public because release of such information may lead suppliers to fix prices at inflated levels. City Gas claims ratepayers may pay higher gas costs because of this.

In addition to the above information, City Gas requests that the summary schedule it provided which summarizes all gas invoices and imbalance dispositions be granted confidential classification. This document contains summaries of the information for which City Gas has requested confidential classification in the tables above.

Upon review, it appears that the foregoing information represents contractual data, the disclosure of which "would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms." Section 366.093(3)(d), Florida Statutes. Therefore, this information shall be granted confidential classification.

City Gas has requested that this information be granted confidentiality for a period of 18 months in accordance with Section 366.093(4), Florida Statutes. This time period appears to be necessary in order to allow City Gas to negotiate future gas purchase contracts with suppliers and competitors on favorable terms. The information, therefore, shall be held confidential for a period of 18 months from the issuance of this Order.

It is therefore

ORDERED by Commissioner Lila A. Jaber, as Prehearing Officer, that City Gas Company's request for confidential classification of portions of Document No. 03506-00 is granted. It is further

ORDERED that the information for which confidential classification has been requested will be granted confidential classification for a period of 18 months from the date of the issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.
