ORDER APPROVING TARIFF

BY THE COMMISSION:

On April 4, 2000, we issued Order No. PSC-00-0630-FOF-GU, adopting Rule 25-7.0335, Florida Administrative Code, Transportation Service. The rule requires Florida's investor-owned natural gas utilities to offer transportation service to all non-residential customers and file a transportation service tariff with the Commission by July 1, 2000. In accordance with the rule, St. Joe Natural Gas Company, Inc. (St. Joe or Company) filed a petition to approve its transportation tariff.

We have jurisdiction over this matter pursuant to Sections 366.04, 366.05, and 366.06, Florida Statutes.

On July 11, 2000, St. Joe filed its petition for approval of Unbundled Transportation Service to implement Rule 25-7.0335, Florida Administrative Code. The rule, which became effective on April 23, 2000, requires all natural gas utilities to offer the transportation of natural gas to all non-residential customers and file a transportation service tariff by July 1, 2000.

FPSC-RECORDS/REPORTING

St. Joe's proposed transportation tariff, filed in compliance with Rule 25-7.0335, Florida Administrative Code, would make transportation service available to all non-residential customers beginning February 6, 2001. Currently, St. Joe provides transportation service through its Interruptible Transportation Service (ITS) and Contract Transportation Service (CTS) rate schedules.

The Company's proposed transportation tariff includes three rate schedules under which it would provide unbundled transportation service to its non-residential customers on an equal basis, regardless of size. The three rate schedules are as follows:

- (1) Transportation Service 2 (TS2)- This service corresponds to the Company's Commercial Service (CS) rate schedule and does not require the use of electronic measurement equipment.
- (2) Transportation Service 3 (TS3)- This service corresponds to the Company's Large Commercial Service (LCS) rate schedule and does not require the use of electronic measurement equipment.
- (3) Transportation Service 4 (TS4)- This service corresponds to the Company's Interruptible Service (IS) rate schedule, and requires the use of electronic measurement equipment.

The proposed tariff would not change any customer's rates. For the present time, the Company will use its existing sales service rates for transportation service. We have accepted this method for setting transportation service rates for Peoples Gas, in Docket No. 850643-GU, Order No. 16229. Should St. Joe determine that the transportation rates are inappropriate, it may file a petition seeking changes.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the petition for Approval of Unbundled Transportation Service by St. Joe Natural Gas Company, Inc., is approved. It is further
