DOCKET NO. 990649B-TP  
ORDER NO. PSC-02-0670-CFO-TP  
ISSUED: May 15, 2002

ORDER GRANTING REQUEST FOR CONFIDENTIAL CLASSIFICATION  
OF DOCUMENT NO. 04451-02

On April 23, 2002, Verizon Florida Incorporated (Verizon) filed a request for confidential classification. On May 13, 2002, Verizon supplemented that request. In its request, Verizon seeks confidential classification and a protective order for certain information produced in response to AT&T and MCI's First Set of Interrogatories (No. 32) (Document No. 04451-02). This information consists of the files FL\_DLC\_Count\_REDACTED.xls and FL\_Drops\_REDACTED.xls. FL\_DLC\_Count\_REDACTED.xls contains the number of lines at the wire center level. FL\_Drops\_REDACTED.xls contains information related to either the number of lines, number of drops, number of residential or business units, or the total drop length. The information in these files could be used to estimate the market size by wire center. I understand that Verizon treats this information as confidential and it has not otherwise been released.

Florida law presumes that documents submitted to governmental agencies shall be public records. The only exceptions to this presumption are the specific statutory exemptions provided in the law and exemptions granted by governmental agencies pursuant to the specific terms of a statutory provision. This presumption is based on the concept that government should operate in the "sunshine." Rule 25-22.006(4)(c), Florida Administrative Code, provides that it is the Company's burden to demonstrate that the documents fall into one of the statutory examples set out in Section 364.183, Florida Statutes, or to demonstrate that the information is proprietary confidential information, the disclosure of which will cause the Company or its ratepayers harm.

Section 364.183(3), Florida Statutes, in pertinent part, provides:

The term "proprietary confidential business information" means information, regardless of form or characteristics, which is owned or controlled by

the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public.

Based on the definition of proprietary confidential business information in Section 364.183(3), Florida Statutes, it appears that the material described herein is proprietary business information in accordance with Section 364.183, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. Disclosure of this information would allow Verizon's competitors to know where Verizon might be most vulnerable to competition and would give the competitors an advantage in developing entry and marketing strategies to ensure success in competing with Verizon. As such, Verizon's Request for Confidential Classification of Document No. 04451-02 is hereby granted.

Based on the foregoing, it is

ORDERED by Braulio L. Baez, as Prehearing Officer, that Verizon Florida Incorporated's Request for Confidential Classification and a Protective Order of Document No. 04451-02 is hereby granted. It is further

ORDERED that pursuant to Section 364.183, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, the confidentiality granted to the material specified herein shall expire eighteen (18) months from the date of the issuance of this Order, in the absence of a renewed request for confidentiality pursuant to Section 364.183, Florida Statutes. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.
