DOCKET NO. 981834-TP

In re: Petition of ACI Corp. d/b/a Accelerated Connections, Inc. for generic investigation to ensure that BellSouth Telecommunications, Inc., Sprint-Florida, Incorporated, and GTE Florida Incorporated comply with obligation to provide alternative local exchange carriers with flexible, timely, and cost-efficient physical collocation.

ORDER NO. PSC-04-0895A-FOF-TP  
ISSUED: November 4, 2004

AMENDATORY ORDER

BY THE COMMISSION:

On September 14, 2004, we issued Order No. PSC-04-0895-FOF-TP. The order set forth this Commission's finalized findings in the generic Collocation proceedings. However, due to a scrivener's error, several errata require correction. Additionally corresponding rate tables were inadvertently excluded from the final order. Therefore, Order No. PSC-04-0895-FOF-TP is amended to reflect the following:

1) A reference to the rate tables needs to be added to Section II, on p.9. After the last line on the carry-over paragraph, insert:

The collocation elements and associated rates for BellSouth, Sprint, and Verizon are listed in Appendices A-C respectively.

2) On p.40, the last line of the third full paragraph should read as follows:

For monthly recurring charges (MRCs), Sprint applied its common cost factor to the sum of the annual cost for the investment in that particular element.

3) On p.81, the last line of the second full paragraph should read as follows:

This, and other modifications, resulted in a decrease in the floor space rate from \$9.65 to \$7.87.

4) The attached Appendices A-C, should be incorporated into the findings of Order No. PSC-04-0895-FOF-TP

Based on the foregoing, it is
