In re: Petition for approval of long-term fuel supply and transportation contracts for Hines Unit 4 and additional system supply and transportation, by Progress Energy Florida, Inc.

DOCKET NO. 041414-EI
ORDER NO. PSC-05-0459-CFO-EI
ISSUED: April 28, 2005

ORDER GRANTING SIXTH REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NOS. 03153-05 and 03887-05)

On April 20, 2005, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Progress Energy Florida, Inc. (PEF) filed its sixth request for confidential classification, requesting confidentiality of portions of its responses to Staff Interrogatory Nos. 64, 76-77, 79, 84, 87, 95-96, 99-100, 103, 106-107, 115-118, 120, 132, 134, 136-137, 140-141, 144, and 146 from Staff's Fourth Set of Interrogatories to Progress Energy Florida Inc. (Nos. 62-147), and of portions of its responses to Staff Requests for Production Nos. 12-18, 23-24, 28-37, 39, and 41-42 from Staff's Fourth Request for Production of Documents to Progress Energy Florida, Inc. (Nos. 12-42) (Document Nos. 03153-05 and 03887-05).

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[t]rade secrets" (subsection a); "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d); and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

PEF contends that the portions of its responses to the interrogatories and document requests at issue fall within these categories and thus constitute proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code.

PEF contends that this information is intended to be and is treated as private and has not been voluntarily disclosed to the public. PEF states that the portions of its responses to the interrogatories and document requests at issue contain confidential information regarding contracts, bids, and proposals between PEF and fuel suppliers, as well as PEF's analysis of those contracts and proposals. PEF states that public disclosure of the information in question would violate confidentiality agreements between PEF and fuel suppliers and would impair PEF's ability to contract for services such as fuel supply on competitive and favorable terms. PEF negotiates with potential fuel suppliers and transportation companies to obtain competitive contracts for fuel options that provide economic value to PEF and its ratepayers. In order to obtain such contracts, PEF must be able to assure fuel suppliers and transportation companies

that sensitive business information, such as the quantity and pricing terms of their contracts, will be kept confidential.

Upon review, it appears that the above-referenced information contained in the portions at issue of PEF's responses to Staff Interrogatory Nos. 64, 76-77, 79, 84, 87, 95-96, 99-100, 103, 106-107, 115-118, 120, 132, 134, 136-137, 140-141, 144, and 146 from Staff's Fourth Set of Interrogatories to Progress Energy Florida Inc. (Nos. 62-147), and of its responses to Staff Requests for Production Nos. 12-18, 23-24, 28-37, 39, and 41-42 from Staff's Fourth Request for Production of Documents to Progress Energy Florida, Inc. (Nos. 12-42), satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and shall be treated as confidential. In particular, the information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the company to contract for services on favorable terms." Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, that Progress Energy Florida, Inc.'s Sixth Request for Confidential Classification of Document Nos. 03153-05 and 03887-05 is granted. It is further

ORDERED that the information in Document Nos. 03153-05 and 03887-05 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Director, Division of the Commission Clerk and Administrative Services, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
