DOCKET NO. 050001-EI
ORDER NO. PSC-05-0582-CFO-EI
ISSUED: May 26, 2005

ORDER GRANTING REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 10778-03)

On October 30, 2003, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Tampa Electric Company ("Tampa Electric") filed a request for confidential classification of specified information contained in the rebuttal testimony of witness Joann T. Wehle and accompanying Exhibit JTW-3 filed in Docket No. 030001-EI (Document No. 10778-03).

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to, "[t]rade secrets" (subsection a); "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d); and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

In its request, Tampa Electric contends that portions of the rebuttal testimony of witness Wehle and Exhibit JTW-3 fall within these categories and thus constitute proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes. The specific information for which Tampa Electric requests confidential classification is listed in Attachment A to this Order, which is incorporated herein by reference. Tampa Electric's justification for its request for confidential classification of this data is also set forth in Attachment A. Tampa Electric states that the information at issue is intended to be and is treated by Tampa Electric as private and has not been publicly disclosed.

Upon review, I find, for the reasons identified by Tampa Electric in Attachment A, that the information for which Tampa Electric requests confidential classification satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. In particular, the information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on

favorable terms” and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless Tampa Electric or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Rudolph “Rudy” Bradley, as Prehearing Officer, that Tampa Electric Company’s request for confidential classification of specified portions of Document No. 10778-03 is granted. It is further

ORDERED that the information in Document No. 10778-03 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, this
26th day of May, 2005

RUDOLPH "RUDY" BRADLEY
Commissioner and Prehearing Officer

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural, or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Director, Division of the Commission Clerk and Administrative Services, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural, or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.

-
- (1) The figure reflected shows the comparison of a new TECO Transport contract rate to the existing contract rate. This information should be treated confidentially in order to protect the competitive interests of TECO Transport. This contract information could harm TECO Transport's competitive position in the waterborne transportation industry.

Affording TECO Transport's competitors information concerning the extent to which rates are moving in a particular direction would enhance the ability of those competitors to compete with TECO Transport for services provided to other shippers. As a result, the information in question is entitled to confidential protection under Section 366.093(3)(d) and (e), Florida Statutes.

- (2) The information on these pages shows the rates of Tampa Electric's transportation contract with TECO Transport. It also reveals rail bidders identity and information included in their confidential proposals. Public disclosure of this information would harm the competitive interests of TECO Transport and would also compromise Tampa Electric's competitive position in future efforts to negotiate waterborne transportation services. Disclosing bidders identities and the information included in their confidential proposals would discourage those bidders from participation in future RFPs as they do not desire for their competitors to have access to the terms and conditions under which they will bid on transportation services. As such public disclosure of the information contained on these pages would adversely affect the competitive interests of TECO Transport and the ability of Tampa Electric to contract for goods and services on favorable terms. In addition, this information includes Tampa Electric's bid evaluation assumption that reveal planned operations and existing contractual data (trucking rate). This adds to the need for confidential protection from both a competitive and contractual standpoint. Consequently, the information in question is entitled to confidential protection under Section 366.093(d) and (e), Florida Statutes.
- (3) This page reveals expected locations from which Tampa Electric would take coal deliveries on the river system. Disclosure of this information would adversely affect Tampa Electric's position in future coal supply negotiations as well as TECO Transport's competitive position for negotiating contracts for transportation for other clients. As such, this information in question is entitled to confidential treatment under Section 366.093(3)(d) and (e), Florida Statutes.
