DOCKET NO. 041393-EI
ORDER NO. PSC-05-0604-CFO-EI
ISSUED: June 1, 2005

ORDER GRANTING REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NOS. 01717-05 AND 01180-05)

On February 18, 2005, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006(3), and (4), Florida Administrative Code, Progress Energy Florida, Inc. (PEF) filed a request for confidential classification of certain information provided in response to an informal data request by Commission Staff (Document Nos. 01717-05 and 01180-05).

Section 366.093(1), Florida Statutes, provides that “any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act].” Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated as private, in that disclosure of the information would cause harm to the company’s ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to “[t]rade secrets” (subsection a); “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms” (subsection d); and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information” (subsection e).

PEF contends that the information provided in response to an informal data request by Commission Staff falls within these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code.

PEF contends that this information is intended to be and is treated as private and has not been voluntarily disclosed to the public. PEF states that the information provided in response to an informal data request by Commission Staff consists of contractual data, such as pricing information, as well as fuel forecasting and market projection data. PEF states that public disclosure of this information would impair its efforts to negotiate contracts for goods and services on favorable terms. Furthermore, the Company contends that the information in question relates to the competitive interests of PEF, its affiliates, and Southern Company, the disclosure of which would impair their competitive businesses.

Upon review, it appears that the above-referenced information provided in response to an informal data request by Commission Staff satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and shall be treated as confidential. In particular, the information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the company to contract for services on favorable terms” and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Rudolph “Rudy” Bradley, as Prehearing Officer, that Progress Energy Florida, Inc.’s Request for Confidential Classification of Document Nos. 01717-05 and 01180-05 is granted. It is further

ORDERED that the information in Document Nos. 01717-05 and 01180-05, for which confidential classification has been granted, shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, this
1st day of June, 2005
