FPL asserts that portions of staff's working papers contain information pertaining to sensitive materials concerning FPL's internal audits. FPL further asserts that portions of staff's working papers contain information pertaining to customer accounts that if released would harm the competitive business of the provider of that information. FPL states that it is the company policy not to disclose customer-specific information, including customer names, addresses, telephone numbers, account numbers, rates, billing determinants, conservation savings, and bills. According to FPL, release of this information would place FPL at a disadvantage in the marketplace and would cause harm to the customers. FPL asserts that portions of staff's working papers contain information concerning FPL's purchased power that if released would place FPL at a competitive disadvantage. FPL also asserts that portions of staff's working papers contain sensitive contractual and competitive business information such as contractual pricing, other contractual terms, payment records, and vendor and supplier rates. FPL asserts that release of this sensitive contractual and competitive business information would impair the efforts of FPL to contract for goods and services on favorable terms for the benefit of its customers and would impair the competitive interests of FPL and its vendors. Finally, FPL contends that portions of staff's working papers contain information concerning sensitive security measures, contractual information and negotiated agreements for the protection of FPL facilities.

FPL asserts that, pursuant to Section 366.093, Florida Statutes, such information is entitled to confidential classification and is exempt from the mandatory disclosure provisions of the public records law. FPL asserts that portions of staff's working papers contain information relating to auditing controls and reports of internal auditors. Section 366.093(3)(b), Florida Statutes. FPL also asserts that portions of staff's working papers contain information relating to security measures, systems or procures. Section 366.093(c), Florida Statutes. FPL contends that the sensitive contractual and competitive information, if disclosed, would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms. Section

366.093(3)(d), Florida Statutes. FPL further asserts that the information for which it seeks confidential classification relates "to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Section 366.093(3)(e), Florida Statutes.

CONCLUSION

Upon review, it appears that the information discussed above is proprietary confidential business information and should be granted confidential treatment to avoid harm to the company and its ratepayers. Based on the foregoing, FPL's request for confidential treatment of Document Nos. 03798-05, 03799-05, and 04083-05 is granted.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

It is therefore

ORDERED by Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, that the information described in Florida Power and Light Company's request for confidential treatment of certain portions of staff's working papers, Audit No. 05-031-4-1, Document Nos. 03798-05, 03799-05, and 04083-05 is granted confidential classification. It is further

ORDERED that the information described within the body of this Order shall be granted confidential treatment for 18 months from the date of this Order. It is further

ORDERED that this Order will be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, this  
6th day of July, 2005.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Director, Division of the Commission Clerk and Administrative Services, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
