

BEFORE THE PUBLIC SERVICE COMMISSION

In re: Petition for rate increase by Progress
Energy Florida, Inc.

DOCKET NO. 050078-EI
ORDER NO. PSC-05-0889-CFO-EI
ISSUED: September 6, 2005

ORDER GRANTING REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 08160-05)

On August 23, 2005, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Progress Energy Florida, Inc. (PEF) filed a request for confidential classification of portions of its responses to Staff's Eighth Request for Production (Document No. 08160-05).

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

PEF contends that portions of its response to Request Nos. 59 and 60 in Staff's Eighth Request for Production fall within these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. PEF states that this information is intended to be and is treated by PEF as private and has not been publicly disclosed.

PEF contends that the information contained in portions of its response to Request No. 59 concerns meeting minutes from PEF's Board of Directors which disclose PEF's internal business plans and strategies. PEF asserts that if its suppliers or competitors were made aware of PEF's internal business plans, strategies or analyses, they may adjust their behavior in the marketplace with respect to activities such as pricing and the acquisition and provision of goods, materials, and services. PEF states that portions of its response to Request No. 60 contain sensitive business information such as budgets, projected earnings, projected costs, and proprietary third party information, the disclosure of which would adversely impact PEF's competitive business interests. PEF contends that if its suppliers or providers were made aware of such budgets, projected earnings, projected costs, and proprietary third party information, they may adjust their behavior in the marketplace with respect to activities such as pricing and the acquisition and provision of goods, materials, and services.

FPSC-COMMISSION CLERK

Upon review, it appears that the above-referenced information contained in portions of PEF's responses to Staff's Eighth Request for Production satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

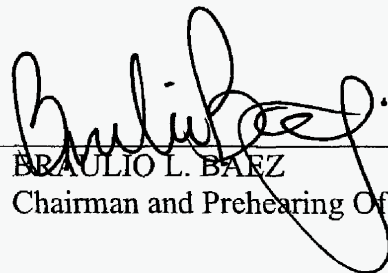

Based on the foregoing, it is

ORDERED by Chairman Braulio L. Baez, as Prehearing Officer, that Progress Energy Florida, Inc's Request for Confidential Classification of Document No. 08160-05 is granted. It is further
