

BEFORE THE PUBLIC SERVICE COMMISSION

In re: Fuel and purchased power cost recovery  
clause with generating performance incentive  
factor.

DOCKET NO. 050001-EI  
ORDER NO. PSC-05-1071-CFO-EI  
ISSUED: November 2, 2005

ORDER GRANTING REQUEST FOR CONFIDENTIAL CLASSIFICATION  
(DOCUMENT NO. 10266-05)

On October 21, 2005, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Gulf Power Company (Gulf) filed a request for confidential classification of portions of its response to Staff's Fourth Set of Interrogatories, No. 46 (Document No. 10266-05).

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d); and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

Gulf contends that portions of its response to Interrogatory No. 46 in Staff's Fourth Set of Interrogatories fall within these categories and thus constitute proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. Gulf states that this information is intended to be and is treated by Gulf as private and has not been publicly disclosed.

Gulf requests that the following information be granted confidential classification:

| Page No.             | Line(s) |
|----------------------|---------|
| Interrogatory No. 46 |         |
| Page 1               | 1-27    |
| Page 2               | 1-9     |

Gulf contends that this information contains confidential information regarding contractual matters of Gulf Power, the disclosure of which would cause irreparable harm to the company and the entities with whom it has entered into contracts. According to Gulf, the information also relates to its competitive interests in gas transportation markets. Gulf asserts

DOCUMENT NUMBER-DATE

10612 NOV-2 05

FPSC-COMMISSION CI FRK

that the information contains the actual costs and volumes associated with its gas transportation contracts. Gulf contends that the data is a compilation of historical, present, and future gas transportation pricing and volumes, which if made public would negatively affect Gulf's ability to negotiate gas transportation contracts with terms favorable to its customers.

Upon review, it appears that the above-referenced information contained in Gulf's response to Staff's Fourth Set of Interrogatories, No. 46, satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless Gulf or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, that Gulf Power Company's Request for Confidential Classification of Document No. 10266-05 is granted. It is further

ORDERED that the information in Document No. 10266-05 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, this  
2nd day of November, 2005.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Director, Division of the Commission Clerk and Administrative Services, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
